Beyond the New Romanian Cinema Andrei Gorzo, Veronica Lazăr, 2023-06-01 “A stellar representative of the New Romanian Cinema, Radu Jude also belongs to a select group of politically-minded East European filmmakers who have taken as their subject the nature of the media and the circulation of images (Vertov and Eisenstein, Dušan Makavejev, the Ukrainian documentari- an Sergei Loznitsa). For that reason, Andrei Gorzo and Veronica Lazăr’s *Beyond the New Romanian Cinema: Romanian Culture, History, and the Films of Radu Jude* is both welcome and essential.” / J. Hoberman, author of *The Red Atlantis: Communist Culture in the Absence of Communism* “*Beyond the New Romanian Cinema: Romanian Culture, History, and the Films of Radu Jude* delivers what it promises in its title, and offers more. It locates Radu Jude’s films against the backdrop of the New Romanian Cinema, a phenomenon which put Romanian cinema on the map of European and world cinema, arguing that Jude overcame a certain sterility and timidity of this movement by creating a very rich and versatile body of work, comprising films of different genres and formats. At the same time as offering a meticulous and thought-provoking analysis of Jude’s films, the authors use them to explore the strengths and limitations of the auteurist paradigm, both in Romania and more widely.” / Ewa Mazierska, Professor of Film Studies, University of Central Lancashire “This impressive study of filmmaker Radu Jude is invaluable not only for its acute critical observations, but also for its intelligent, informed commentary on Romanian cinema, culture, and society in general. I learned something important on virtually every page. Highly recommended.” / James Naremore, author of *The Magic World of Orson Welles, Acting in the Cinema, and On Kubrick* “Andrei Gorzo and Veronica Lazăr offer a comprehensive and refined analysis of the films of Radu Jude, a filmmaker who has emerged with one of the most uncompromising voices ranging from the farcical macabre political satire to a philosophical interrogation of representation, and who has addressed the most daring topics after the first wave of the so-called New Romanian Cinema. The monograph manages to combine a wide-angle film-historical and cultural perspective with an in-depth investigation unravelling the ways in which Jude’s cinema is ‘updating’ the legacy of European modernism in order to engage with pressing issues of Romanian culture and history.” / Ágnes Pethő, Professor of Film Studies, Sapientia Hungarian University of Transylvania

Book of the Banned Simon Miraudo, 2023-08-01 BLASPHEMY AND HORROR! SAUCY SWEDES! LUKE SKYWALKER'S CHARRED AUNT & UNCLE! Australia has censored it all. Did you know Aussie audiences were originally banned from

watching bona fide classics *The Night of the Hunter*, *Breathless* and *The Texas Chain Saw Massacre* (to name just a few out of literal hundreds), or that Australians initially saw a watered-down version of *Star Wars* in cinemas? *Book of the Banned* is a rigorous, rollicking, riotous and righteously-furious jaunt through film history that reveals the shocking stories behind Australia's classification system and how your favourite movies have been snipped down under, featuring interviews with Margaret Pomeranz, David Stratton, a bunch of 'banned' filmmakers and even their censors. Like any good story, there are heroes, anti-heroes, unexpected criminals and downright dastardly villains, though they're not always whom you'd expect. But by discussing the movies, scenes and lines of dialogue deemed too extreme for Aussie eyes and ears, we can see how far we've come in Australia... and how far we have to go. 'A uniquely Australian ride into the dark side of film censorship, pearl-clutching outrages and moral panics, Simon Miraudo's *Book of the Banned* is an essential book for film fans, cinema scholars and card-carrying perverts alike.' —Alexandra Heller-Nicholas, author *1000 Women in Horror* 'This book is f***ing great. And if they put asterisks in this quote, the censors will have won again. Impeccably researched and superbly written, *Book of the Banned* is an endlessly riveting slice of film history that demands to be read.' —Chris Taylor, *The Chaser & Upright* 'Miraudo masterfully guides us through the tangled and surprisingly fascinating history of Australian censorship and takes us on a wild journey through the rule-breaking films that tested those boundaries. Anchored by a detailed account of film history and censorship policy plus interviews with leading researchers and cinephiles, *Book of the Banned* is both a lively love-letter to controversial and challenging films and a call for our censorship practices to be reviewed.' —Flick Ford, *Triple R's Primal Screen* "Important, because it pulls together the exhaustive record of snipped and smothered films, lying in the wake of decisions by Australian authorities." —John Safran

Negative Aesthetics and Political Collapse in Eastern European and Balkan Cinema Zoran Samardzija, 2025-07-18

Negative Aesthetics and Political Collapse in Eastern European and Balkan Cinema examines the theme of political collapse in select contemporary Eastern European and Balkan art cinema and documentaries from the late eighties to the present. Engaging with debates in Marxism and contemporary film theory about political aesthetics, the book centers around the question of whether we can imagine possible futures through negative aesthetics, which are skeptical of cinema's ability to reproduce reality in a comprehensive and unmediated manner. In particular, it analyzes examples of ambiguous art cinema and related hybrid documentary modes in order to invite spectators to rethink how we understand and represent the unique experiences of living through the collapse of authoritarian communism and the transition to neoliberal capitalism. *Negative Aesthetics and Political Collapse* ultimately argues that the skepticism about political change and representing history found in these films forms an original mode of utopian thinking. In other words, their negativity about their own artistic autonomy is the very thing that allows them to hint at possible futures that are unrepresentable because they exist outside of the frameworks of contemporary geopolitics and our dominant understandings of cinematic aesthetics. Redefining how we

understand the intersections between geopolitics, art cinema aesthetics, and film theory, the book presents a unique synthesis of film and political theory that attempts a new understanding of cinematic aesthetics. As such, it will interest scholars of film theory, global art cinema aesthetics, regional studies of Eastern Europe and the Balkans, and political science.

FuoriOnda Francesco Saverio Marzaduri, 2024-05-03 T00:00:00+02:00 Da quando il cinema della Romania si è imposto all'attenzione quale realtà consolidata, fenomeno che ha spaziato tra festival e kermesse conseguendo premi e riconoscimenti, un sempre maggior controllo è stato applicato sull'offerta cinematografica – imposto da catene distributive dominanti che nell'ultimo decennio hanno invaso il mercato di produzioni statunitensi di consumo o di loro imitazione. Da tempo si ha l'impressione che la filmografia romena versi in una situazione di stallo ove la qualità del prodotto, spesso indubbia, risulta inversamente proporzionale alla tematica trattata, non ripagata da buoni esiti di cassetta. Il doppio sguardo Beatrice Bianchini,2024-02-23 Le immagini tracciano il percorso della nostra conoscenza e insieme la difesa dalla sclerotizzazione di visioni del mondo che hanno uno spazio e un tempo definito. I film sono una risorsa inesauribile di contenuti per la comprensione della condizione umana universale e individuale; il cinema e l'arte sono il veicolo di idee filosofiche e uno strumento complementare della consulenza filosofica. Questo libro illustra una serie di pratiche filosofiche e un'ampia selezione di film contemporanei, suddivisi per temi concettuali ai quali attingere, per affrontare alcuni temi specifici durante la consulenza individuale e di gruppo, per accompagnare una riflessione critica sul proprio modo di pensare la realtà in modalità consapevole, percorrendo convinzioni, contraddizioni, disagi, conflitti, inquietudini. La terapia delle idee ha bisogno di immagini, narrazioni, emozioni perché si faccia esperienza della propria visione del mondo e del modo in cui il mondo accade.
