Damaged, but Still Good Ramona Rodgers, 2019-12-02 Damaged, but Still Good is a book that is revelatory in exemplifying that many of us as individuals whether good, bad, ugly, or indifferent are shaped by our experiences as early as childhood. Dexter Howard (2014) states, That's what's missing as I look at the landscape of our society: identity and much needed affirmation. Mothers are designed to nurture, but fathers provide identity and affirmation. Without those things, it leaves a hole in the heart of a child. Parents don't realize that broken relationships not only affect the couple involved, but it affects and shapes their children. We are the sum total of our experiences. And, like a flowing river, those same experiences, and those yet to come, continue to influence and reshape the person we are, and the person we become. None of us are the same as we were yesterday, nor will be tomorrow (B. J. Neblett). Oftentimes, we ask the question, Why do bad things happen to good people? However, we learn the best lessons and gain wisdom in the worst circumstances. It is amid life challenges, catastrophes, and calamities that we understand that even when you have experienced great loss, God can still use what you have left! Life has taught me it's not what we go through that damages us, but an unwillingness to forgive the process designed to work for our greater good. The Bible says in Psalms 37:23 that the steps of a good man are ordered by the Lord. Most of us believe that God is a God that only orders blessings. However, life has shown me that God does not just order blessings, but God orders trials. He orders setbacks, and he orders challenges, but in God's ordering, he will never put on us more than what we can bear.

Beautiful Uncertainty Mandy Hale, 2016-02-02 To seek, pursue, and fall in love with Jesus with radical abandon. Single Woman Mandy Hale shares with readers what can happen in their lives by praying this powerful prayer. She has shown women how important it is to be secure in singleness by being smart, strong, and independent. In this all new book, she will prompt readers to never settle and not miss out on the beauty that can be found in times of "waiting." The Single Woman Says: "Whether you're idling in stubborn sinfulness or walking in seeming never-ending singleness or living with any sort of waiting: Waiting for love, waiting for babies, waiting for marriage, waiting for a cure, or a miracle, or a sign, or for GOD . . . I

hope my journey will make the wait a little easier and the uncertainty a little bit more beautiful.” Starting with relationships, but going beyond into areas like career, friendships, and life, Mandy will guide readers through what you can achieve if you look beyond your current circumstances, never settle for less than what God has for you, and find beauty in the waiting.

Prayerfully Yours Benjamin Vima, 2012-01-05 The truth on the Power of Prayer is Biblical, historical and experiential. Every religion recognizes it; every human that needs support to rise up and walk, to think positively and live fruitfully will testify to the usefulness of prayer. The Biblical testimony on the efficacy of prayer is: As God's Word will not return to Him void but shall achieve the end for which He sent it (Is. 55: 11), so the prayer of the lowly does not rest till it reaches its goal. (Sir. 35: 17-18) The author of this book, having been a 'prey of such powerful tool' in the Vineyard of the Lord, shares his personal and experiential thoughts and convictions about prayer. According to him only through prayer humans can build up and manage a quality life as the disciples of Jesus. Through this book he shares with readers some of his findings of the method of quality prayer which is simple but productive, containing little nuance but with admiration of existing Traditions, and exclusive with its unique approach to prayer but inclusive of all possible saints' efforts over the centuries in praying fruitfully. The author compares quality prayer-process to the 'walking through' inside portions of a Catholic Church building. He tries to walk with us through the four phases of quality prayer and make us perceive clearly our actions and God's own as well, at each phase. The book asserts that though prayer is not a resource and support in the natural process of human development, it is by all means an indispensable source and basis for developing a matured 'Christian personality'. However, mere formal or traditional prayer would do no good in this regard. It would help keeping up our status quo. It will not contribute much to our growth of Christian personality. Even the prayer of the intellect, namely prayerful meditation or reflection would not do that much help, as it should. This kind of prayer would meet its immature death as I had gone through sometime back. Once the intellect gets more truths and facts about life, God, religion and universe it would surely put a full stop to any kind of prayer. But if the same prayer is experiential and personal, the author writes, if it is intensively connecting the soul to its God, the Ground of being, the Beyond of everything, if it accelerates the process of intimacy between the human and the Divine, then surely prayer becomes the primary source of change, growth and development in human personality and through him/her influences the entire universe. This is what happened in Jesus and so in His disciples and godly people of today. I dare to name this kind of prayer as Quality Prayer.

Photo-Attractions Ajay Sinha, 2022-11-11 In Spring 1938, an Indian dancer named Ram Gopal and an American writer-photographer named Carl Van Vechten came together for a photoshoot in New York City. Ram Gopal was a pioneer of classical Indian dance and Van Vechten was reputed as a prominent white patron of the African-American movement called the Harlem Renaissance. *Photo-Attractions* describes the interpersonal desires and expectations of the two men that took shape when the dancer took pose in exotic costumes in front of Van Vechten's Leica camera. The spectacular images provide a rare and compelling record of an underrepresented history of transcultural exchanges during the interwar years of early-20th century, made briefly visible through photography. Art historian Ajay Sinha uses these hitherto unpublished photographs and archival research to raise provocative and important questions about photographic technology, colonial histories, race, sexuality and transcultural desires. Challenging the assumption that Gopal was merely objectified by Van Vechten's Orientalist gaze, he explores the ways in which the Indian dancer co-authored the photos. In Sinha's reading, Van Vechten's New York studio becomes a promiscuous contact zone between world cultures, where a "photo-erotic" triangle is formed between the American photographer, Indian dancer, and German camera. A groundbreaking study of global modernity, *Photo-Attractions* brings scholarship on American photography, literature, race and sexual economies into conversation with work on South Asian visual culture, dance, and gender. In these remarkable historical documents, it locates the pleasure taken in cultural difference that still resonates today.

Traumas Resisted and (Re)Engaged Shelley M. Griffin, Nasim Niknafs, 2023-12-30 This book focuses on the traumatic experiences within and through music that individuals and collectives face, while considering ways in which they (re)engage with their traumas in educational settings. The chapters delve into the physical, psychological, philosophical, sociological, and political aspects, as they relate to the reciprocal influences of trauma on musical practices and education. Readers are immersed in topics related to societal violence, physical injuries, grief, separation, loss, death, and ways of working through these in educational and artistic situations. In the introductory chapter, the co-editors draw attention to theoretical matters related to trauma through narrative inquiry in music education. The first section of the book, *Separation Revisited*, brings together notions of separation, focusing on how loss is emotionally and physically manifested when death, grief, and bodily injury are experienced. In the second section, *(Re)Engaging with Lost and Found*, readers are encouraged to imagine new possibilities considering trauma and loss in educational and musical spaces. These pieces offer deliberate ruminations moving the discourse toward (re)engagement in and through music education and artistic contexts. The co-editors conclude

the book by drawing attention to narrative inquiry's double-edged nature in stories of trauma and how the retelling of lost and found narratives offers a way to imagine lives otherwise—lives not smothered by grief and horror—through the conceivable reliving of unfathomable stories of experience. This book emerges from the 7th International Conference on Narrative Inquiry in Music Education (NIME7), October 2020, co-hosted by Brock University, Faculty of Education and the University of Toronto, Faculty of Music, Ontario, Canada.
