Estudar sem melancolia Elias José Torres Feijó, O volume compõe-se de duas partes. A primeira é referida à discussão de aspetos teóricos e de metodologia de análise relativos à historiografia literária, do ponto de vista sistémico, fundamentalmente baseados na Teoria dos Polissistemas de Even-Zohar e nos desenvolvimentos realizados pelo autor. Nesta parte discutem-se questões relativas à consideração das literaturas (como) nacionais e à sua historiografia de cânone e processos de canonização, da funcionalidade de estudos literários para o conhecimento de comunidades, da análise de narrativas e a sua relação com comunidades e da conceção e função do ensino e da investigação em literatura. A segunda é uma parte aplicada a casos de literatura portuguesa. Com exemplos aplicados a mulheres ilustradas, à posição de Bocage na construção historiográfica do século XIX ; à trajetória de Camilo; à análise dum período de intensidade e tensões de campo (1891-1910) e aos casos galego, brasileiro e africano em alguma historiografia portuguesa contemporânea, com destaque pa

Travel, Tourism, and Identity Gabriel R. Ricci,2017-09-29 Travel, Tourism and Identity addresses the psychological and social adjustments that occur when people make contact with others outside their social, cultural, or linguistic groups. Whether such contact is the result of tourism, seeking exile, or relocating abroad, the volume's contributors demonstrate how one's identity, cultural assumptions, and worldview can be brought into question. In some cases, the traveller finds that

bridging the social and cultural gap between himself and the new society is fairly easy. In other cases, the traveller discovers that reorienting himself requires absorbing a new cultural history and traditions. The contributors argue that making these adjustments will surely enhance the traveller's or tourist's experience; otherwise the traveller or tourist will be at risk of becoming a marginalized figure, one disconnected from the society that surrounds him. This latest volume in the Culture & Civilization series features a collection of essays on travel and tourism. The essays cover a range of topics from historical travels to modern social identities. They discuss ancient travels, contemporary travels in Europe, Africa and sustainable eco-tourism, and the politics of tourism. Essays also address experiences of Grenada's Spice Island identity, and the effects of globalization and migrations on personal identity.
