Piglet's Process Bruce G. Epperly,2019-11-13 Does theology have to be dry and boring in order to be serious? Not at all! The prophet Isaiah once said, "a little child will lead them." But, what about a character from Winnie the Pooh? Can anxious, yet adventurous, Piglet help us understand our relationship with God and one another? Theology is serious business. So serious that it can't be left solely to adults! Bruce Epperly's imaginative conversations with Piglet explore the contours of theological reflection from the perspective of Process Theology. Process Theology is often seen as far too complicated for adults to understand and impossible to teach or preach to laypeople. In this text, an experienced pastor and professor and a beloved character from the Winnie the Pooh stories bring Process Theology to life and explore themes such as beauty, spirituality, adventure, friendship, healing, and God's presence in our lives. In the spirit of Jesus' parables, Piglet's Process will inspire your imagination and creativity and invite you on a never-ending spiritual journey with a theologian, stuffed animal, and the healer from Nazareth as your companions. This is a book to read for fun and study seriously. It's theology for everyone.

Fictional Objects Stuart Brock, Anthony Everett, 2015-06-04 Eleven original essays discuss a range of puzzling philosophical questions about fictional characters, and more generally about fictional objects. For example, they ask questions like the following: Do they really exist? What would fictional objects be like if they existed? Do they exist eternally? Are they created? Who by? When and how? Can they be destroyed? If so, how? Are they abstract or concrete? Are they

actual? Are they complete objects? Are they possible objects? How many fictional objects are there? What are their identity conditions? What kinds of attitudes can we have towards them? This volume will be a landmark in the philosophical debate about fictional objects, and will influence higher-level debates within metaphysics, the philosophy of mind, and the philosophy of language.
