**Beyond Pearl Harbor** Beth Bailey, David Farber, 2019-07-24 In the United States, December 7, 1941, may live in infamy, in President Franklin D. Roosevelt's phrase, but for most Americans the date's significance begins and ends with the attack on Pearl Harbor. On December 8 (December 7 on the other side of the International Date Line) Japanese military forces hit eight major targets, all but one on western colonial possessions and military outposts in the Pacific: Kota Bharu on the northeast coast of Malaya (now Malaysia); Thailand, the one site not claimed by a western power; Pearl Harbor, O'ahu; Singapore, key to the defense of Britain's Asian empire; Guam, the only island in the Mariana chain not controlled by Japan; Wake Island; Hong Kong; and the Philippines. Told from multiple perspectives, the stories of these attacks reveal the arc of imperialism, colonialism, and burgeoning nationalism in the Pacific world. In *Beyond Pearl Harbor* renowned scholars hailing from four continents and representing six nations reinterpret the meaning of the coordinated, and devastating, attacks of December 7/8, 1941. Working from a variety of angles, they revise and expand, to an unprecedented extent, what we understand about these events—in particular, how Japan's overwhelming, if short-lived, victories contributed to emerging solidarities and nationalist identities within and across Pacific societies. In their essays we see how various elite actors incorporated the attacks into new regimes of knowledge and expertise that challenged and displaced existing hierarchies. Extending far beyond Pearl Harbor, the events of December 1941, as we see in this volume, are part of a story of clashing empires and anti-colonial visions—a story whose outcome, even now, remains to be seen.

Iconic Events Patricia Leavy, 2007-06-07 *Iconic Events: Media, Power, and Politics in Retelling History* examines the processes of collective memory surrounding traumatic events that have been deemed iconic in American culture. Leavy investigates the social and market forces that have shaped the meanings around and enduring significance of events that have captured the public's imagination, including Titanic, Pearl Harbor, Columbine, and September 11th. *Iconic Events* focuses on three interpretive phases that serve to mold public perception of these events: journalistic representations, political appropriations, and popular adaptations. With a vital, engaging approach, Leavy explores the processes by which traumatic events are made mythic in the public eye. *Iconic Events* is essential for collective memory scholars and undergraduate courses in communications, American studies, history, and sociology, as well as the general reader.

**Streets Without Joy** Michael A. Innes, 2021-12-01 America's wars after the 9/11 attacks were marked by a political obsession with terrorist 'sanctuaries' and 'safe havens'. From mountain redoubts in Afghanistan to the deserts of Iraq, Washington's policy-makers maintained an unwavering focus on finding and destroying the refuges, bases and citadels of modern guerrilla movements, and holding their sponsors to account. This was a preoccupation embedded in nearly every official speech and document of the time, a corpus of material that offered a new logic for thinking about the world. As an exercise in political communication, it was a spectacular success. From 2001 to 2009, President George W. Bush and his closest advisors set terms of reference that cascaded down from the White House, through government and into the hearts

and minds of Americans. 'Sanctuary' was the red thread running through all of it, permeating the decisions and discourses of the day. Where did this obsession come from? How did it become such an important feature of American political life? In this new political history, Michael A. Innes explores precedents, from Saigon to Baghdad, and traces how decision-makers and their advisors used ideas of sanctuary to redefine American foreign policy, national security, and enemies real and imagined.

**Be Not Afraid-Winter Edition Dec/Jan/Feb 2018-19** Richard Havermale,2018-10-15 This book is the continuation of my book series from my blog [www.icemanforchrist.org](http://www.icemanforchrist.org) which is based on more than 365 references in the Bible to fear, and dread and our response to them. St Pope John Paul II knew that our God encourages us to Be Not Afraid and told us so. To do this we must actively seek holiness and be in the presence of our Lord and talk to Him. I recommend you develop the habit of spending 10 to 15 minutes a day with our Lord in the Blessed Sacrament Chapel or if that is not available some other quiet place where you can be in the company of our Lord. Read the daily entry and reflect on it asking our Lord and His mother to talk to your heart and reveal to you the will of the Father and then DO IT.

A Date Which Will Live Emily S. Rosenberg,2003-08-25 How Pearl Harbor has been written about, thought of, and manipulated in American culture.

**Power at Sea** Lisle A. Rose,2007 [Volume 1] Traces the social issues, technological advances, and combative encounters of the international naval race from 1890 through WWI, as the largest industrial nations (U.S, Great Britain, Japan, and Germany) scrambled to secure global markets and empire, using their battleship navies as pawns of power politics--Provided by publisher.

**Undeterred** Deborah Fritz,2022-03-25 Diving into boiling hot water covered with oil, a hero responds. He freed the battleship USS Nevada from her berth during the Pearl Harbor attack. If it were not for Chief Bos'n Edwin J. Hill's quick action, the USS Nevada's run for the sea would never have occurred. She was the only battleship to sortie. Edwin J. Hill's Irish roots lie in Cape May, New Jersey, the country's first seaside resort. He resided at the renowned Windsor Hotel.. Mr. Hill met his beautiful wife in Ireland during World War I. They raised their children in the Philadelphia area and then onto Long Beach, California, as World War II loomed. Mr. Hill was three months from retirement when the Japanese attack on Pearl Harbor occurred. Sacrificing all for his country, Mr. Hill was a true hero that day. He freed the battleship he was aboard and gave his life to save many others. Chief Bos'n Hill was posthumously awarded the Congressional Medal of Honor.

**Standing Up Space Force** Forrest L. Marion,2023-12-15 Although the United States won the race to the moon, the

Soviets were far more active in space than Americans during the decade that followed. By the 1980s, some space experts feared the United States was in danger of being surpassed in space, including dual-use systems that might be employed offensively in a military confrontation. A few experts, looking ahead, recommended a space force within roughly two decades. Standing up Space Force is organized chronologically by presidential administration, beginning in the middle of the Clinton years and progressing through the Trump administration. During the Clinton and George W. Bush years, the move to national security space was incremental. The Obama presidency witnessed the rise of NewSpace entrepreneurs whose impressive space activities facilitated their initial partnering with U.S. government National Security Space (NSS) missions helping the United States keep pace with China and Russia. During the Trump administration, all necessary elements finally came together – most significantly, presidential-congressional leadership and bipartisan support – to eventually produce the fiscal 2020 national defense authorization act (NDAA). Because the NDAA authorized and provided for the Space Force, when the President signed the defense bill on 20 December 2019, at the same moment he officially established the nation's sixth armed service.

**America's Political Class Under Fire** David A. Horowitz, 2013-12-02 While the clash between what has been called the modern and undeveloped worlds has led to America's military involvement in the Middle East and other places, few people realize the tension between the modern and the traditional within the United States. Beginning in the 1920's, professional intellectuals and academics began influencing the nation's public policy on matters as diverse as education, economics, and public health. In this thoughtful work, David A. Horowitz analyzes the tension between the so-called New Class of knowledge professionals and their critics, who accused them of being out of touch with the common sense of everyday people, strangers to the American Way, even Communists. America's Political Class Under Fire is organized over nine periods of 20th-century history, providing a window into everything from the Scopes evolution trial and McCarthyism to affirmative action and the Clinton health care fiasco. Along the way, the book explores the New Left, populist conservatism, and the mid-90's reaction to political liberalism, which saw Newt Gingrich rise to the top post in the House of Representatives. In telling these stories, Horowitz seeks to encourage a more balanced and fair-minded assessment of the consequences of expertise and applied

intellect to democratic existence in the United States.

They Never Said It : A Book of Fake Quotes, Misquotes, and Misleading Attributions Paul F. Boller Jr. Emeritus Professor of History Texas Christian University, Oklahoma John George Jr. Professor of Political Science and Sociology Central State University, 1989-05-18 Abraham Lincoln never said, You cannot fool all the people all the time. Thomas Jefferson never said, That government is best which governs least. And Horace Greeley never said, Go west, young man. In *They Never Said It*, Paul Boller, Jr., and John George examine hundreds of misquotations, incorrect attributions, and blatant fabrications, outlining the origins of the quotes and revealing why they should be consigned to the historical trashcan. Many of the misquotes are quite harmless. Some are inadvertent misquotes that have become popular (Shakespeare actually said, The best part of valor is discretion), others, the inventions of reporters embellishing a story (Franklin Roosevelt never opened a speech to a DAR group with the salutation, My fellow immigrants). But some of the quotes, such as Charles Darwin's supposed deathbed recantation of evolution, are blatantly dishonest and falsify the historical record. And others are chillingly vicious, filled with virulent racial and religious prejudices that completely distort the views of the person supposedly quoted and spread distrust and hatred among the gullible. These include the forged remarks attributed to Benjamin Franklin that Jews should be excluded from America, and the fabricated condemnation of Catholics attributed to Lincoln. An entertaining

and yet thought-provoking book, *They Never Said It* sorts out a great deal of history and sets it right, going beyond a mere catalog of popular misconceptions to reveal how conservatives and liberals, atheists and evangelists, all have at times twisted and even invented the words of eminent figures to promote their own ends. It is the ultimate debunking reference, a perfect complement to handbooks of quotations.

**The First Lady of World War II** Shannon McKenna Schmidt, 2023-05-02 The first book to tell the full story of Eleanor Roosevelt's unprecedented and courageous trip to the Pacific Theater during World War II. On August 27, 1943, news broke in the United States that First Lady Eleanor Roosevelt was on the other side of the world. A closely guarded secret, she had left San Francisco aboard a military transport plane headed for the South Pacific to support and report the troops on WW2's front lines. Americans had believed she was secluded at home. As Allied forces battled the Japanese for control of the region, Eleanor was there on the frontlines, spending five weeks traveling, on a mission as First Lady of the United States to experience what our servicemen were experiencing... and report back home. The most remarkable journey any president's wife has ever made. —Washington Times-Herald, September 28, 1943 Mrs. Roosevelt's sudden appearance in New Zealand well deserves the attention it is receiving. This is the farthest and most unexpected junket of a First Lady whose love of getting about is legendary. —Detroit Free Press, August 28, 1943 By a happy chance for Australia, this famous lady's taste for getting about, her habit of seeing for herself what is going on in the world, and, most of all, her deep concern for the welfare of the fighting men of her beloved country, have brought her on the longest journey of them all—across the wide, war-clouded Pacific. —Sydney Morning Herald, September 4, 1943 No other U.S. mother had seen so much of the panorama of the war, had been closer to the sweat and boredom, the suffering. —Time, October 4, 1943
