Undeclared Julianna Keyes, 2017-02-27 Kellan McVey is Burnham College's most prolific athlete, partier, and ladies' man—and that's just how he likes it. Returning to reign for his third year, he wants nothing to change. Then Andrea Walsh shows up. It wasn't too long ago that Andi and Kellan were lifelong friends, mortal enemies, and, for one hot summer, more. Then Kellan left and Andi stayed behind. Kellan thought he'd moved past that last summer's heartbreak, but with Andi sitting next to him in class, befriending his friends, and battling for the same once-in-a-lifetime job opportunity, he's starting to remember why he hated her...and why he loved her. Kellan has a long list of reasons that falling for Andi again is a terrible idea, though every new moment together challenges that theory. But Andi's all too familiar with Kellan's love 'em and leave 'em approach—and she's found someone else to get serious about. Burnham's campus king has never had to fight for a girl, but if he wants Andi to give him another chance, he'll have to do the one thing he's never had the nerve to do: admit it.

Twisted Family Values V.C. Chickering, 2019-06-25 An unpredictable and entertaining tale of secrets, desires, and forgiveness spanning four generations of an American family. In WASPy Larkspur, New Jersey, social expectations and decorum rule, and Marjorie and Dunsfield Thornden are the envy of their neighbors. Their daughters Claire and Cat set the small town's social calendar by throwing tastefully lavish family parties year round. Because it's 1977, underage debauchery is to be expected—and Cat and Claire's children, Bizzy and Choo, are at its very center. Underneath their well-maintained veneer, the Thorndens are quite dysfunctional, but have always had their entitlement to fall back on. And while some are finally ready to accept what they're willing to give up for the life that they think they deserve, secrets that should've never been kept—especially not from each other—are bubbling unattractively to the surface. So when a scandal threatens to unravel this tight-lipped family and their secrets, the Thorndens will have to decide how much they'll let decorum rule social mores dictate their decisions and how far they'll go to keep some secrets just that. Any choice they make could mean freedom from expectations but will change the course of their family's legacy forever.

A Week to Change Your Life Olivia Audrey, 2023-02-21 Do you regularly get the Monday Blues? Are you always tired on Fridays, even though you want to be excited for the weekend? There may be more to it than just a long work week. Over the course of a week, the human body goes through a cycle of self-regulation. Our energy levels, inflammation levels, capacity to focus, and even our immunity all fluctuate naturally based on this internal seven-day cycle, scientifically known as the circaseptan rhythm. Now, Dr. Olivia Audrey reveals how we can tap into the power of this seven-day cycle to transform our health and overhaul our mind and mood. The key to understanding your own circaseptan rhythm is, remarkably, from the day

of the week on which you were born. The birth experience is like a hormonal storm that inflames the body, one that is repeated week after week with an ebb and flow of inflammation and repair that lasts seven days. This cycle has a measurable impact on mood, energy, and all the facets of physical health. Dr. Audrey's protocol provides instructions for aligning your health goals with your body's natural circaseptan rhythm, unlocking extraordinary benefits. With her accessible writing and actionable advice, Dr. Audrey reveals the secret to harnessing your body's natural rhythm in order to heal whatever ails you and boost how you look, feel, and live. This plan can be effective for losing weight, gaining focus, fighting specific diseases, or simply feeling more in tune with your life. --publisher's website.

Necessary Conditions Geoff Krall, 2023-10-10 During his years working as an instructional coach for a national network of schools, Geoff Krall had the chance to witness several inspirational moments when math class comes alive for middle or high school students - when it is challenging but also fun, creative, and interactive. In Necessary Conditions: Teaching Secondary Math with Academic Safety, Quality Tasks, and Effective Facilitation, Krall documents the essential ingredients that produce these sorts of moments on a regular basis and for all students. They are Academic Safety, Quality Tasks, and Effective Facilitation. Academic Safety: Krall implements equitable classroom experiences that help fight stigmas associated with race and gender in schools. This allows students to feel socially and emotionally secure while nurturing their identities as mathematicians and increasing engagement during classroom discussions Quality Tasks: Teachers can adapt or create dynamic, student-centered lessons that break down math into small, manageable sections, removing the frustrations felt by students who aren't considered math people Effective Facilitation: This book shows how to incorporate teaching moves and math routines designed for engagement, persistence, and interactivity. Teachers can allow students to explore safely while maintaining consistent classroom expectations. My work as a math instructional coach for a network of schools has afforded me the unique opportunity to visit exceptional teachers across the country, documenting their tasks, teaching moves, and

academically safe learning environments. You'll experience dispatches from these effective classrooms in which we'll observe how teachers attend to all three elements that make up the ecosystem. - Geoff Krall from his book, *Necessary Conditions*.

Blades & Bones: A Boyfriend's Older Brother Dark Hockey Romance Heather C. Myers, Frankie Cardona, 2024-02-05 She was always supposed to be mine...until my younger brother got to her first. Now, I'll do everything I can to make her mine. Adrian I've always been the one in control, and I excel at everything I do. Academics. Hockey. Fucking. I don't even have to try to be the best, and my little brother hates me for it. I can't even blame him. From the moment he was born, Donovan has always lived in my shadow. I'm content to ignore him... until he does the unforgivable: he starts dating Sienna Roberts. Sienna is mine, she just doesn't know it yet. No one does. No one except Donovan, that is. I keep my emotions close to the chest. They call me stoic. Indifferent. Cold. Take your pick. I don't DO emotions. Sienna is my only exception. She has this infuriating way of tearing down my carefully constructed walls and making me feel simply by calling me out... even if the slight tremor in her voice tells me she's still intimidated by me. Donovan knows I crave her... knows Sienna is my only weakness and the only tool he could ever use to make me pay for the impossible standards placed on him just because he's my brother. It's the only reason the passive-aggressive little shit would risk crossing me by going after her. For him, it's not

about Sienna. He doesn't want her. He never did. But hurting me? That's what he really wants. He'd do anything to make me suffer. He's using Sienna as a pawn, and she's too in love with him to realize it. But me? I've had enough. I'm done waiting around. Sienna has always been mine. And if she can't realize it, I'll make her. Sienna I've always been in love with Donovan Windsor. He has that tall, dark, and handsome thing down to a T. In high school, he was always the cool guy. Honestly, I didn't think he even knew I existed. For some reason, during the summer between high school graduation and college, he asked me out. I still can't believe it, even three months later. I still have to pinch myself. But now that we're in college, we're living with his older brother, Adrian. And the thing about Adrian is, he makes me feel... unsettled. He's intense, dark, and commanding - everything I shouldn't want when I'm already dating my Mr. Right. I can't explain it, but it's almost like I'm in danger when Adrian's dark, piercing gaze falls on me. Like he sees through me straight to my core. I should be terrified. But it just pulls me towards him in a way I don't understand. Like a moth to a flame. Adrian is the kind of wildfire that doesn't leave a trace after he consumes you. I should be happy with Donovan. Donovan has always been my dream guy. And yet, I can't help but fantasize about what it might be like to dance in Adrian's flames. *Blades & Bones* is a stand-alone revenge dark hockey romance featuring a tortured Alpha hockey player deadset on possessing his little brother's girlfriend and the unassuming heroine who pines for him without understanding the consequences. It has a guaranteed HEA and no cliffhanger.

Unfollowers Leigh Ann Ruggiero, 2022-03-25 Barb Matheson doesn't fit in: not on the Standing Rock Reservation where her mother was born; not at the mission in rural Ethiopia where she grew up; and certainly not at the Pennsylvania church where her husband preaches. Expansive and lyrical, *Unfollowers* is a tale of religious angst, unrequited love, and the upheaval of racial and economic privilege. Equally adrift on both sides of the Atlantic, Barb must negotiate the distance between white America and Africa, between the spirituality of her ancestors and the straight tones of evangelicalism, and between rules and grace. When a former lover crashes her daughter's third birthday party, she's offered the chance to find

her way home to Ethiopia, leaving her to choose between a rote life in America and an improvised life abroad.
