Krishnamurti Reader ,2002-10 This Reader Introduces To A Wide Public One Of The Most Extraordinary And Profoundly Influential Teachers Of The Twentieth Century. Krishnamurti Was Educated By Annie Besant To Be The World Teacher And The Salvation Of The Nations; He Rejected This Messianic Role, Announcing That He Did Not Seek Disciples, But His Gentle, Simple And Human Example Inspired Aldous Huxley And Continues To Influence Seekers After Truth In Our Own Day. Krishnamurti Did Not Have A Philosophy . Rather, He Hoped To Liberate People From All Systems From The Bonds Of Ideology And Received Opinion As Well As From Organized Religion, From The Tyranny Of The Mind And The Tyranny Of The Body. His Message, Addressed Directly To Every Individual, Is One Of Unity And Wholeness, Of Total Understanding And Total Love. As The Observer Said Of One Of His Books, For Those Who Wish To Listen, It Will Have A Value Beyond Words.'

The Craft of Research, Fourth Edition Wayne C. Booth, Gregory G. Colomb, Joseph M. Williams, Joseph Bizup, William T. FitzGerald, 2016-10-07 A newly updated Fifth Edition of *The Craft of Research* has just been published under the ISBN 9780226826677. You can find it through search on this site or at any retailer. With more than three-quarters of a million copies sold since its first publication, *The Craft of Research* has helped generations of researchers at every level—from first-year undergraduates to advanced graduate students to research reporters in business and government—learn how to conduct effective and meaningful research. Conceived by seasoned researchers and educators Wayne C. Booth, Gregory G. Colomb, and Joseph M. Williams, this fundamental work explains how to find and evaluate sources, anticipate and respond to reader reservations, and integrate these pieces into an argument that stands up to reader critique. The fourth edition has been thoroughly but respectfully revised by Joseph Bizup and William T. FitzGerald. It retains the original five-part structure, as well as the sound advice of earlier editions, but reflects the way research and writing are taught and practiced today. Its chapters on finding and engaging sources now incorporate recent developments in library and Internet research, emphasizing new techniques made possible by online databases and search engines. Bizup and FitzGerald provide fresh examples and standardized terminology to clarify concepts like argument, warrant, and problem. Following the same guiding principle as earlier editions—that the skills of doing and reporting research are not just for elite students but for everyone—this new edition retains the accessible voice and direct approach that have made *The Craft of Research* a leader in the field of research reference. With updated examples and information on evaluation and using contemporary sources, this beloved classic is ready for the next generation of researchers. Over 700,000 copies sold Every step of the academic research process, from the “why” of research through forming the research question, formulating an argument, and revision Helpful chapters on research ethics, formulation of writing assignments for teachers, and an appendix of research tools for both off and online Clear advice on building a strong argument in an age of false claims Careful attention to both the how and why of objective research-based writing Easy to follow, time-tested advice A must-have for any college or graduate student

The Essential Holmes Oliver Wendell Holmes,2012-10-12 Oliver Wendell Holmes, Jr., has been called the greatest jurist and legal scholar in the history of the English-speaking world. In this collection of his speeches, opinions, and letters, Richard Posner reveals the fullness of Holmes' achievements as judge, historian, philosopher, and master of English style. Thematically arranged, the volume covers a rich variety of subjects from aging and death to themes in politics, personalities, and law. Posner's substantial introduction firmly places this wealth of material in its proper biographical and historical context. A first-rate prose stylist, [Holmes] was perhaps the most quotable of all judges, as this ably edited volume shows.—Washington Post Book World Brilliantly edited, lucidly organized, and equipped with a compelling introduction by Judge Posner, [this book] is one of the finest single-volume samplers of any author's work I have seen. . . . Posner has fully captured the acrid tang of him in this masterly anthology.—Terry Teachout, National Review Excellent. . . . A worthwhile contribution to current American political/legal discussions.—Library Journal The best source for the reader who wants a first serious acquaintance with Holmes.—Thomas C. FAMOUS SUCCESS QUOTES Aberdin Louis,2016-01-18 believe in everyone who has goals they are willing to work hard to attain. I have learned over the years that you have to have a vision that feels so vivid that it is true before it ever manifests in real life. Everyone who asks me what, how or when to pursue their goals I say to them this: you have already accomplished most of what you are trying to do because you know what you want. The other 50% is working as much as it takes to attain and maintain your vision. Lastly, when it comes to money, the preservation of wealth is as or more important than the accumulation of wealth. Think of all of this as you set out on your journey to make your vision a reality. The benefits of positive emotions don't stop after a few minutes of good feelings subside. In fact, the biggest benefit that positive emotions provide is an enhanced ability to build skills and develop resources for use later in life.
