"Palo Mayombe: Magia, Historia y Espíritu Ancestral" Juan Martinez, Palo Mayombe: Magia, Historia y Espíritu Ancestral es una exploración profunda y respetuosa de una de las tradiciones espirituales más antiguas y enigmáticas del Caribe. Este libro ofrece una ventana única al mundo del Palo Mayombe, revelando sus orígenes en las religiones bantúes del Congo, su evolución en la diáspora africana, y su integración en la cultura y espiritualidad caribeña. A través de un recorrido que abarca desde los elementos históricos hasta los aspectos prácticos y ritualísticos, el lector descubrirá los misterios de la Nganga —el caldero sagrado donde residen los espíritus— y su papel como centro espiritual en la vida del palero. Cada capítulo desvela el simbolismo y la magia de este camino, a incluir temas como el rol de los ancestros, los cantos y rituales, y la ética que guía la práctica. Con testimonios de practicantes, explicaciones detalladas de los ritos de iniciación y un glosario de términos clave, Palo Mayombe: Magia, Historia y Espíritu Ancestral no solo informa, sino que honra y celebra la rica herencia espiritual de esta tradición, desmintiendo mitos y ofreciendo una comprensión auténtica y respetuosa para todos aquellos interesados en la espiritualidad afrocaribeña.

Diccionario de bantuismos en el español de América Gema Valdés Acosta, 2023-09-04 El Diccionario de bantuismos en el español de América de Gema Valdés Acosta es el más completo repertorio de bantuísmos del español que jamás se haya reunido y publicado. Los antecedentes de este diccionario, aparte de los propios estudios sobre Cuba de la autora, incluyen las contribuciones de intelectuales e investigadores como los cubanos Fernando Ortiz y Lydia Cabrera o el español Germán de Granda. Son estos nombres señeros en los estudios hispánicos, a los que no se les suele conceder suficiente crédito internacional, pero que adquieren doble valía si se piensa que no gozaron del respaldo de una escuela o una tradición, como sí lo han tenido los estudiosos francófonos y anglófonos. Ha de destacarse en este diccionario la riqueza informativa de sus entradas, puesto que en ellas se nos proporciona, junto a la materia propiamente semántica y gramatical, una cuidada información etimológica, una imprescindible orientación de uso -incluidos detalles sociolingüísticos- y una precisa localización geográfica por países. Decíamos antes que los estudios hispánicos están en deuda con África. Ciertamente es, pero ahora también están en deuda con Gema Valdés Acosta, que ha puesto al alcance de nuestra mano un mundo lingüístico hasta ahora poco y mal conocido. En esta tarea ha tenido su incidencia el apoyo prestado por la Cátedra de Estudios Afroiberoamericanos de la Universidad de Alcalá. Sería de desear que esta universidad, a la que me honro en pertenecer,

acabará consolidándose como centro de referencia para los estudios de lengua y cultura sobre el África subsahariana, a la manera de los centros de París o Londres, aunque las carencias aún sean muchas. Afortunadamente el Diccionario de bantismos en el español de América contribuye en buena medida a paliar nuestro déficit de conocimientos lingüísticos sobre el campo del africanismo.

Lenguajes de la tradición popular fiesta, canto, música y representación Yvette Jiménez de Báez, 2002 Veinticinco estudiosos de las tradiciones populares, nacionales e internacionales, escriben sobre los géneros que estudian en el ámbito de las tradiciones hispánicas: danzas teatralizadas de la Conquista y de la Colonia; romances y corridos; lírica tradicional y popular; décimas y glosas. Entretejiendo este mosaico de lenguajes y tradiciones de Hispanoamérica y España, surgen los rituales festivos que movilizan la tradición; la música que pone en acto la palabra; la mutua fertilización de lo culto y de lo popular; la interrelación de lo oral y lo escrito; la tensión creativa entre tradición y originalidad, y las voces de dos creadores y guías culturales. El libro reúne la pluralidad de lenguajes que, en los procesos históricos, conforman una identidad cultural en movimiento. Se asume lo recibido leemos en el prólogo- a partir de un modo de ser que es ya otro. No reproducimos. Creamos en variantes. Los lenguajes de la tradición tienden las redes de la pluralidad y de la unidad hispano-americana: de la identidad y de la diferencia. Ya en las tradiciones y rituales prehispánicos era natural el entreverado de lenguajes.

Semillas Amargas Eddie Ferraioli, 2020-12-15 Dos hermanos gemelos de siete años, Alessandro y Nicola Ferraioli Florenzano, descienden del remoto pueblo de Alciello, en el sur de Italia, camino al monasterio de Santa María del Poggio, donde sus padres los internan para que, entre otras cosas, no mueran de hambre. Así comienzan a develarse sus destinos, que, en la adolescencia y por caminos diferentes, llegan a Roma. Nicola llega al Vaticano, mientras Alessandro llega al «distrito rojo», donde se sitúan los más importantes almacenes de importación y exportación de la capital. Nicola logra convertirse en el secretario personal del papa Leo XIII. Alessandro logra convertirse en uno de los más respetados importadores de café puertorriqueño, el favorito del papa Leo XIII. El oro negro de sus semillas le transportará en un viaje mágico a Puerto Rico a bordo del transatlántico español el Antonio López. Es el año 1898 y existe un estado de guerra entre España y Estados Unidos. El emprendedor Alessandro llega a la isla cuatro días antes de que comience el bombardeo de la ciudad amurallada de San Juan. La escuadra del Atlántico, capitaneada por el almirante Sampson, acecha a la escuadra española al mando del almirante Cervera. Alessandro queda atrapado en la capital con su anfitriona, Nena Paoli, donde se enfrentarán al amor, la locura, la santería y la muerte.

Del Tambor al Alma: La Música y el Arte en la Espiritualidad Afrocubana Juan Martinez, Este libro es un viaje profundo hacia el corazón de las tradiciones afrocubanas, donde la música, el arte y los rituales se entrelazan como expresiones sagradas de fe y cultura. Explora cómo los tambores, los cantos y las danzas sirven como canales de conexión con lo divino, narrando historias ancestrales y preservando la memoria espiritual de un pueblo. Desde los orígenes africanos hasta su transformación en el crisol cultural cubano, este texto analiza la riqueza estética y simbólica de estas prácticas, revelando su papel esencial en la construcción de identidad y comunidad. Además, celebra el poder del arte como medio para trascender lo terrenal, uniendo cuerpo y espíritu en un acto creativo y devocional. Ideal para estudiosos, artistas y curiosos del sincretismo religioso y la cultura afrocubana, esta obra ofrece una perspectiva única sobre la importancia del ritmo, el color y la expresión artística en las prácticas espirituales. Es una invitación a comprender cómo, del tambor al alma, el arte se convierte en un lenguaje universal de fe y resistencia.

Crisol de la identidad de La Habana Manuel Rivero Glean,2022-09-20 Este libro es una selección de personajes reales, convertidos en legendarios, así como de seres místicos de la capital cubana que se proponen al lector como un diccionario no exhaustivo de criaturas devenidas, en muchos casos, en símbolos identitarios de algunos de los barrios de La Habana, propios de la imaginación de sus habitantes, surgidas como resultado de la sedimentación de quinientos años de historia de la transculturación afrocubana y de otras fuentes criollas o foráneas. Constituye, por tanto, un aporte a los estudios sobre cultura cubana.

El Muerto Habla Raul Dominguez, Nuestros espíritus nos hablan a través de las letras del chamalongo. Todos, en algún momento, estaremos bajo la influencia de una entidad que quiere expresarse. Entender e interpretar la voz de los muertos nos ayudara a dar pasos firmes y certeros. Invoca a ese espíritu y descubre que tiene que decir.

"Record It, and Let it be Known" Christopher F. Laferl, 2005 Popular music from Brazil and the Caribbean belongs to those cultural practices that are considered, both inside and outside of their countries of origin, to bear the indelible marks of ethnicity. On the basis of a corpus made up of over one thousand songs recorded between 1920 and 1960 in Brazil, Cuba, Martinique, and Trinidad and Tobago, Record it, and let it be known offers an exemplary textual analysis of the ways in which these countries' main musical genres staged the encounters of the identity categories of ethnicity and gender in song lyrics during the decades preceding the emergence of more ideologically conscious musical currents. Special attention is paid to the following topics: the relations between ethnicity and national identity; the presence of Africa and slavery; the presentation of the gendered and ethnically marked body; and, finally, the description of cultural blackness. Book jacket.

Music in Latin America and the Caribbean: An Encyclopedic History REANNOUNCE/F05: Volume 2: Performing the Caribbean Experience Kuss, Malena, The music of the peoples of South and Central America, Mexico, and the Caribbean is treated with unprecedented breadth in this multi-volume work. Taking a sociocultural and human-centered approach, Music in Latin America and the Caribbean gathers the best scholarship from writers all over the world to cover in depth the musical legacies of indigenous peoples, creoles, African descendants, Iberian colonizers, and other immigrant groups that met and mixed in the New World. From these texts, music emerges as the powerful tool that negotiates

identities, enacts resistance, performs beliefs, and challenges received aesthetics. More than two decades in the making, this work privileges the perspectives of cultural insiders and emphasizes the role that music plays in human life. Volume 2, *Performing the Caribbean Experience*, focuses on the reconfiguration of this complex soundscape after the Conquest and on the strategies by which groups from distant worlds reconstructed traditions, assigning new meanings to fragments of memory and welding a fascinating variety of unique Creole cultures. Shaped by an enduring African presence and the experience of slavery and colonization by the Spanish, French, British, and Dutch, peoples of the Caribbean islands and circum-Caribbean territories resorted to the power of music to mirror their history, assert identity, gain freedom, and transcend their experience in lasting musical messages. Essays on pan-Caribbean themes, surveys of traditions, and riveting personal accounts capture the essence of pluralistic and spiritualized brands of creativity through the voices of an unprecedented number of Caribbean authors, including a representative contingent of distinguished Cuban scholars whose work is being published in English translation for the first time in this book. Two CDs with 52 recorded examples illustrate the contributions to this volume.
