E-motion Picture Magic Birgit Wolz,2005 Like no other medium before it, the popular movie presents the potential of a new power for illuminating the depth of human experience. E-Motion Picture Magic employs that power as a tool to increase consciousness. Cinema therapy offers more perspective on life, prompting the viewer to step back from his or her problems in order to feel less insecure, worried, or discontented. Using films for self-improvement allows a shift in perspective when viewed with conscious awareness. The use of movies for personal growth and healing carries forward a long-standing connection between storytelling and self-reflection that may date back to the beginnings of spoken language. The movie experience used in very specific ways can have significant benefits for those who are willing to apply themselves using E-Motion Picture Magic that can be both beneficial as well as enjoyable.

Romanifesto Asa Bennett, 2019-10-17 Despite the last days of Rome being around 1,500 years ago, the shadow of its empire - and what those who lived in it had to say - still looms large over modern politics. Indeed, we would not think of 'politics' as it is without our Classical ancestors. The word comes directly from the ancient Greek word polis, which refers to a city or state. Someone who had to take charge came to be known as a politikos. The Roman political scene was fuelled by ambition, ego and self-interest. People sought to get ahead by striking backroom deals or shaky alliances that would soon fall apart. Politicians were happy to stab each other in the back - and the front for that matter - if necessary. Politics may be less bloody these days, but in many ways things are still the same. In our rush to keep on top of events, it is worth looking back to the Romans to understand what is going on. This book delves into these similarities to examine what today's politicians can learn from their Roman predecessors. How did they climb the greasy pole? How did they handle the rough and tumble? What can Boudicca teach us about Brexit? What could Emperor Hadrian teach President Trump about walls? No longer should the answers to questions like these be the monopoly of those who happened to study Classics at university, such as Boris Johnson. It's time this ancient wisdom was democratised. So read on to find out how to do politics as the Romans did.
