From the Native Americans who arrived in the area 5,000 years before New York was New York, and who planted the maize, squash, and beans that European and other settlers to the New World embraced centuries later, to Greek diners in the city that are arguably not diners at all, this is the first A-Z reference work to take a broad and historically-informed approach to NYC food and drink.

**Four Days in November: The Assassination of President John F. Kennedy** Vincent Bugliosi,2008-05-17 A book for the ages. —Los Angeles Times Book Review Four Days in November is an extraordinarily exciting, precise, and definitive narrative of the assassination of President John F. Kennedy on November 22, 1963, by Lee Harvey Oswald. It is drawn from Reclaiming History: The Assassination of President John F. Kennedy, a monumental and historic account of the event and all the conspiracy theories it spawned, by Vincent Bugliosi, legendary prosecutor of Charles Manson and author of Helter Skelter. For general readers, the carefully documented account presented in Four Days is utterly persuasive: Oswald did it and he acted alone.

*Wonder Shows* Fred Nadis,2005-01-13 In Wonder Shows, Fred Nadis offers a colorful history of these traveling magicians, inventors, popular science lecturers, and other presenters of “miracle science” who revealed science and technology to the public in awe-inspiring fashion. **The Old Man from Leftfield** Neil McKee, 2014-10-17 When I was a kid in the late 1950s, while I was a student at Paoli Elementary School, I read the famous children's book that talks about the Kid from Leftfield. Also around that time, I always said to myself, What is it going to be like in the year 2000? I'll be fifty years old! I couldn't comprehend being that old; the thought of it scared me, and I'd probably be in a wheelchair or something worse. I bet a lot of people my age thought the same thing. This is the story of what that kid did when he reached the age of fifty.

**Mancunians** David Scott, 2023-04-25 In the late 1990s, Manchester was a city in upheaval. The devastation of the IRA bomb and the closure of the infamous Hacienda nightclub were seismic events that rocked the city's confidence at a time when identikit bands were flooding its clubs and bars, fuelled on anthemic guitar rock and swagger. Stereotypes were everywhere, while the spirit of Manchester was silently suffocating. *Mancunians: Where do we start, where do I begin?* is the story of those who didn't fit the typecast: the musicians of colour, the football fans alienated by rampant commercialism, frustrated public figures, optimistic developers, and ambitious artists. Through a mixture of memoir and interviews with well-known Mancunians such as Guy Garvey, Tunde Babalola, Sylvia Tella, Badly Drawn Boy, and Stan Chow, David Scott portrays the city at the turn of the century in a way never seen before.

**Polo in the Snow** Richard Segal, 2015-06-10 *Polo in the Snow* Richard Segal Once upon a time, there was a friendship between Johnny and Mano. Once upon another time, there was a brief rivalry for Johnny's attention, between Chloe and Rachel. Johnny and Chloe have children of their own now, still bedded down safely in Queens, though a little closer to the river, having turned down an opportunity to relocate to the mid-west or move to Williamsburg, aka Disneyland. Mano, like the mind games troubadours of old, found the call of California too much to resist, though in the cold and calculating world of

high tech and more in tune with his inner retox than detox. However, to paraphrase a namesake, what happens when a lifelong jester is entrusted with tidings of old friends, of all tidings good, bad and tragic, and only he can choose how and when to break what to who? Can he be trusted with the incubation of a collision course with destiny? Meanwhile across the Atlantic ...

**Boardwalk of Dreams** Bryant Simon, 2004-07-29 During the first half of the twentieth century, Atlantic City was the nation's most popular middle-class resort--the home of the famed Boardwalk, the Miss America Pageant, and the board game Monopoly. By the late 1960s, it had become a symbol of urban decay and blight, compared by journalists to bombed-out Dresden and war-torn Beirut. Several decades and a dozen casinos later, Atlantic City is again one of America's most popular tourist spots, with thirty-five million visitors a year. Yet most stay for a mere six hours, and the highway has replaced the Boardwalk as the city's most important thoroughfare. Today the city doesn't have a single movie theater and its one supermarket is a virtual fortress protected by metal detectors and security guards. In this wide-ranging book, Bryant Simon does far more than tell a nostalgic tale of Atlantic City's rise, near death, and reincarnation. He turns the depiction of middle-class vacationers into a revealing discussion of the boundaries of public space in urban America. In the past, he argues, the public was never really about democracy, but about exclusion. During Atlantic City's heyday, African Americans were kept off the Boardwalk and away from the beaches. The overly boisterous or improperly dressed were kept out of theaters and hotel lobbies by uniformed ushers and police. The creation of Atlantic City as the Nation's Playground was dependent on keeping undesirables out of view unless they were pushing tourists down the Boardwalk on rickshaw-like rolling chairs or shimmying in smoky nightclubs. Desegregation overturned this racial balance in the mid-1960s, making the city's public spaces more open and democratic, too open and democratic for many middle-class Americans, who fled to suburbs and suburban-style resorts like Disneyworld. With the opening of the first casino in 1978, the urban balance once again shifted, creating twelve separate, heavily guarded, glittering casinos worlds walled off from the dilapidated houses, boarded-up businesses, and lots razed for redevelopment that never came. Tourists are deliberately kept away from the city's grim reality and its predominantly poor African American residents. Despite ten of thousands of buses and cars rolling into every day, gambling has not saved Atlantic City or returned it to its glory days. Simon's moving narrative of Atlantic City's past points to the troubling fate of urban America and the nation's cultural trajectory in the twentieth century, with broad implications for those interested in urban studies, sociology, planning, architecture, and history.

**Reclaiming History: The Assassination of President John F. Kennedy** Vincent Bugliosi, 2007 Bugliosi, brilliant prosecutor and bestselling author, is perhaps the only man in America capable of prosecuting Lee Harvey Oswald for the murder of John F. Kennedy. His book is a narrative compendium of fact, ballistic evidence, and, above all, common sense.

**Lone Survivor** Marcus Luttrell, 2007-06-12 Follow along a Navy SEAL's firsthand account of American heroism during a

secret military operation in Afghanistan in this true story of survival and difficult choices. On a clear night in late June 2005, four U.S. Navy SEALs left their base in northern Afghanistan for the mountainous Pakistani border. Their mission was to capture or kill a notorious al Qaeda leader known to be ensconced in a Taliban stronghold surrounded by a small but heavily armed force. Less than twenty-four hours later, only one of those Navy SEALs remained alive. This is the story of fire team leader Marcus Luttrell, the sole survivor of Operation Redwing, and the desperate battle in the mountains that led, ultimately, to the largest loss of life in Navy SEAL history. But it is also, more than anything, the story of his teammates, who fought ferociously beside him until he was the last one left—blasted unconscious by a rocket grenade, blown over a cliff, but still armed and still breathing. Over the next four days, badly injured and presumed dead, Luttrell fought off six al Qaeda assassins who were sent to finish him, then crawled for seven miles through the mountains before he was taken in by a Pashtun tribe, who risked everything to protect him from the encircling Taliban killers. A six-foot-five-inch Texan, Leading Petty Officer Luttrell takes us, blow by blow, through the brutal training of America's warrior elite and the relentless rites of passage required by the Navy SEALs. He transports us to a monstrous battle fought in the desolate peaks of Afghanistan, where the beleaguered American team plummeted headlong a thousand feet down a mountain as they fought back through flying shale and rocks. In this rich, moving chronicle of courage, honor, and patriotism, Marcus Luttrell delivers one of the most powerful narratives ever written about modern warfare -- and a tribute to his teammates, who made the ultimate sacrifice for their country.

**Boobless Mammal** Dana Ch. Levy, 2020-12-07 It was June of 2019, and thirty-one-year-old interior designer Dana Ch. Levy had just gotten engaged—but then she received bad news. She was diagnosed with breast cancer. In *Boobless Mammal*, she shares the story of her journey. In this memoir, she tells how she broke off her engagement, froze her eggs before starting chemotherapy, and began treatment. Levy chronicles a life in turmoil, dealing with a terrifying diagnosis. She embarks on a healing journey where she embraces her feelings with honesty. The experience gave her clarity, making her realize the story she had been telling herself—the romantic one—was the wrong one. Cancer served as a catalyst to open windows to emotions that had been closed for a long time. *Boobless Mammal* revisits painful memories from her childhood and adolescence, turning the pain into life lessons. Despite the drama, Levy's witty sense of humor and sarcasm prevails,

bringing levity to each situation. From her Jewish home in Lima, Peru, where she currently lives, to the tropical weather of Miami and finally, the vibrant city of New York, the three become meaningful, yet contrasting settings.

You Talkin' To Me? E.J. White, 2020-04-01 From paddy wagon to rush hour, New York City has given us a number of our popular words and phrases, along the way fashioning a recognizable dialect all its own. Often imitated and just as often ridiculed, New York English has its own identity, imbued with the rich cultural history of (as New Yorkers tell it) the greatest city in the world. How did this unique language community develop, and how has it shaped the city as we know it today? In You Talkin' to Me?, E.J. White explores the hidden history of English in New York City -- a history that encompasses social class, immigration, culture, economics, and, of course, real estate. She tells entertaining stories of New York's most famous characters, streets, and cultural institutions, from Broadway to the newspaper office to the department store, illuminating a new dimension of the city's landscape. Full of little-known facts -- C-3PO was originally written to have a New York accent; West Side Story was originally going to be East Side Story, about Jewish and Christian New Yorkers; and confidence man started in reference to a specific New York City criminal -- the book will delight lovers of language and history alike. The history of English in New York is deeply intertwined with the story of a famous city trying to develop its own identity. White's account engages issues of class and social difference; the invisible barriers that separate insiders from outsiders; the war between children who fit in and their parents who do not; and the struggle of being both an immigrant to the city and a New Yorker. Following language from The Bowery to The Bronx, You Talkin' to Me? offers a fascinating account of how language moves and changes and a new way of understanding the language history, not only of New York, but of the United States.

Another Country Scott Herring, 2010-06-01 The metropolis has been the near exclusive focus of queer scholars and queer cultures in America. Asking us to look beyond the cities on the coasts, Scott Herring draws a new map, tracking how rural queers have responded to this myopic mindset. Interweaving a wide range of disciplines—art, media, literature, performance, and fashion studies—he develops an extended critique of how metronormativity saturates LGBTQ politics, artwork, and criticism. To counter this ideal, he offers a vibrant theory of queer anti-urbanism that refuses to dismiss the rural as a cultural backwater. Impassioned and provocative, *Another Country* expands the possibilities of queer studies beyond its city limits. Herring leads his readers from faeries in the rural Midwest to photographs of white supremacists in the deep South, from Roland Barthes’s obsession with Parisian fashion to a graphic memoir by Alison Bechdel set in the Appalachian Mountains, and from cubist paintings in Lancaster County to lesbian separatist communes on the northern California coast. The result is an entirely original account of how queer studies can—and should—get to another country.

Bulldaggers, Pansies, and Chocolate Babies James F. Wilson, 2023-06-20 *Bulldaggers, Pansies, and Chocolate Babies* shines the spotlight on historically neglected plays and performances that challenged early twentieth-century notions of the stratification of race, gender, class, and sexual orientation. On Broadway stages, in Harlem nightclubs and dance halls, and within private homes sponsoring rent parties, African American performers of the 1920s and early 1930s teased the limits of white middle-class morality. Blues-singing lesbians, popularly known as bulldaggers, performed bawdy songs; cross-dressing men vied for the top prizes in lavish drag balls; and black and white women flaunted their sexuality in scandalous melodramas and musical revues. Race leaders, preachers, and theater critics spoke out against these performances that threatened to undermine social and political progress, but to no avail: mainstream audiences could not get enough of the riotous entertainment. James F. Wilson has based his rich cultural history on a wide range of documents from the period, including eyewitness accounts, newspaper reports, songs, and play scripts, combining archival research with an analysis grounded in a cultural studies framework that incorporates both queer theory and critical race theory. Throughout, he argues against the widely held belief that the stereotypical forms of black, lesbian, and gay show business of the 1920s prohibited the emergence of distinctive new voices. Figuring prominently in the book are African American performers including Gladys Bentley, Ethel Waters, and Florence Mills, among others, and prominent writers, artists, and leaders of the era, including Langston Hughes, Wallace Thurman, Zora Neale Hurston, and W. E. B. Du Bois. The study also engages with contemporary literary critics, including Henry Louis Gates and Houston Baker. James F. Wilson uncovers fascinating new material on the Harlem Renaissance, shedding light on the oft-forgotten gay and lesbian contributions to the era's creativity and Civil Rights. Extremely well researched, compellingly written, and highly informative. —David Krasner, author of *A Beautiful Pageant: African American Theatre, Drama, and Performance in the Harlem Renaissance, 1910-1927*
