Knowledge as a Panacea Vladimir Živković, To have the right knowledge is to have a cure for all diseases and mental conditions. Such knowledge is not spectacular, but as a premise it is irreplaceable. That knowledge always points us to the mistakes that humanity makes. In this book, we deal with the topics of philosophy, atheism, science, religion, contemporary spirituality, as well as love and sexual relationships between men and women.

The Oliver Stone Experience (Text-Only Edition) Matt Zoller Seitz, 2017-10-31 Stone himself serves as guide to this no-holds-barred retrospective—an extremely candid and comprehensive monograph of the renowned and controversial writer, director, and cinematic historian in interview form. Over the course of five years, Academy Award-winning filmmaker Oliver Stone (Midnight Express, Scarface, Platoon, JFK, Natural Born Killers, Snowden) and New York Times bestselling author Matt Zoller Seitz (The Wes Anderson Collection) discussed, debated, and deconstructed the arc of Stone's outspoken, controversial life and career with extraordinary candor. This book collects those conversations for the first time, including anecdotes about Stone's childhood, Vietnam, his struggles with post-traumatic stress disorder, and his continual struggle to reinvent himself as an artist. Critical commentary from Seitz on each of Stone's films is joined by original essays from filmmaker Ramin Bahrani; writer, editor, and educator Kiese Laymon; writer and actor Jim Beaver; and film critics Walter Chaw, Michael Guarnieri, Kim Morgan, and Alissa Wilkinson. At once a complex analysis of a master director's vision and a painfully honest critical biography in widescreen technicolor, The Oliver Stone Experience is as daring, intense, and provocative as Stone's films—it's an Oliver Stone movie about Oliver Stone, in the form of a book. Both this book and Stone's highly anticipated film, Snowden, will be released in September 2016 to coincide with Stone's seventieth birthday (September 15, 1946). Also available from Matt Zoller Seitz: Mad Men Carousel, The Wes Anderson Collection: Bad Dads, The Wes Anderson Collection: The Grand Budapest Hotel, and The Wes Anderson Collection.

Joseph Aurelio Mendoza, 2009-10 A guide to the Kingdom of Heaven on Earth is understanding the future plan for Humanity. You will understand the oppression, history and current state of humanity, why it exists and what man kind has always been searching for. You will understand why all problems exist in the past and in the present state of humanity. You will begin to understand the idea of transcendence and enlightenment. Heaven on Earth is understanding the level of

consciousness of humanity as a whole, while windowing onto a higher state of consciousness. Why does the world that we are living in have so much chaos? It is understanding all the tension all over the world and what we are going to do about it.

Musings from the Mountaintop Bill Armstrong, 2006-03 Perfect for the person looking for a more purposeful existence, this volume of more than 30 of Armstrong's musings about life and life experiences are thought provoking.

Religion, Theatre, and Performance Lance Gharavi, 2011-12-21 The intersections of religion, politics, and performance form the loci of many of the most serious issues facing the world today, sites where some of the world's most pressing and momentous events are contested and played out. That this circumstance warrants continued, thoughtful, and imaginative engagement from those within the fields of theatre and performance is one of the guiding principles of this volume. This collection features a diverse set of perspectives, written by some of the top scholars in the relevant fields, on the many modern intersections of religion with theatre and performance. Contributors argue that religion can no longer be conceived of as a cultural phenomenon that is safely sequestered in the private sphere. It is instead an explicitly public force that stimulates and complicates public actions, and thus a crucial component of much performance. From mystic theologies of acting to the neuroscience of spirituality in rituals to the performance of secularism, these essays address a broad variety of religious traditions, sharing a common conception of religion as a crucial object of discourse—one that is formed by, and significantly formative of, performance.

Faith No More Phil Zuckerman, 2015 *Faith No More* seeks to understand how and why people lose their faith, sever their ties with religious organizations, and experience a secularizing transformation in their own personal lives. Based on in-depth interviews with 75 individuals from a variety of backgrounds and religious traditions, this book offers a rich and colorful exploration of the human journey from religiosity to secularity.

Oliver Stone's USA Robert Brent Toplin, 2000 Challenging audiences and critics alike, the films of Oliver Stone have compelled many viewers to re-examine some of their most revered beliefs about America's past. Stone has generated enormous controversy and debate among those who take issue with his dramatic use of history. This book brings Stone face to face with some of his most thoughtful critics and supporters and allows him room to respond to their views. Writers including David Halberstam, Stephen Ambrose, Arthur Schlesinger Jr, Walter LaFeber and Robert Rosenstone critique Stone's most contested films to show how they may distort, amplify or transcend the historical realities they appear to depict.

Off the Hook Earl Wayne Heflinger, 2018-03-15 The author uses his own personal story of being born into a Christian fundamentalist family with extreme beliefs to paint a vivid picture of what life is like in toxic ideologies such as fundamentalist religion. The book has three parts. The first describes the spiritual abuse of his childhood due to stifling rules and restrictions inflicted by his parents, caught up in their church's teachings, on his thought processes and behavior. The remarkably poignant stories show in painful detail how his self-esteem was crushed, how he was never intended to think for himself, and how he was made to feel different and totally out of place in the world all by loving but misguided parents. During his school days, his social life was severely stunted because he felt like an outsider everywhere but in church. The second part discusses his lifelong struggle with spiritual healing and his transition from a spoon-fed belief system to a personally chosen worldview. He thoughtfully muses about all the significant elements of religious/spiritual belief systems: God, Jesus, the Bible, sin, morality, science, life after death, marriage, divorce, and others and contrasts his evolving beliefs with those of organized religion. This is presented to give the reader a comprehensive illustration of how one particular seeker has constructed a personalized belief system through continual rethinking and updated understanding. The third part calls on the author's advanced education and professional experience in business and government in analyzing and developing systems and procedures. It describes with a wealth of tips and checklists the process by which he escaped a toxic ideology and came to feel intellectually free and off the hook. It ends with heartfelt encouragement for anyone similarly affected by repression to accept all available helpful resources and muster the determination to claim their personal power.

The Ledger of Annabella O'Neil Miles Augustus Navarr, 2022-05-12 Think for a moment, if we could go back to the beginning of human civilization, what would be the issues you would change in order to make the world a better place to live. What laws, practices, traditions and even taboos need to be altered, or altogether erased for the future generation to live a happier life. Religion, power and wealth are certainly among the leading causes of war and disruption. On individual level,

they translate to prejudice and greed. This book is an attempt to deal with these fundamental issues, both on practical as well as philosophical level. It is mostly in form of a dialogue. The intention is not to present an ideal or perfect solution, but to force the reader to think and ponder about these premises covered.

The Image of the Prophet between Ideal and Ideology Christiane J. Gruber, Avinoam Shalem, 2014-10-24 Disziplinäre Grenzen überschreitend zielt der Band darauf ab, die Visualisierung Mohammeds in der westlichen Welt vis-à-vis mit dessen Darstellung im Islam zu untersuchen. Dabei wird das Material weder geographischen oder sprachlichen Sphären zugeordnet noch werden Textquellen isoliert von bildlichen Darstellungen betrachtet. Die Beiträge eröffnen vielmehr einen thematischen und theoretischen Dialog über die Frage, wie der Prophet in verschiedenen kulturellen Traditionen, in Europa und Amerika und in der Welt des Islam, vom Mittelalter bis in die Gegenwart, vergegenwärtigt wurde.

Still Singing, Somehow the Songs Rob Rideout, 2010-11-19 As a singer/songwriter, I've always viewed song lyrics as a form of poetry- poetry that has the potential to touch people's heart-felt feelings and emotions, with the help of a melody, voice and instruments. Here is my poetic collection of song lyrics to accompany my inspirational memoir Still Singing, Somehow. For those who have read my personal odyssey, these lyrics will add another dimension, and much insight, into many of the various stories and personal feelings expressed in the book.
