New Zealand with a Hobbit Botherer John Gisby, 2005-01-01 What should you do if your spouse becomes addicted to the Lord of the Rings movies and swoons at the very mention of Orlando Bloom's name? (Thud. Quick, fetch the smelling salts.) How about taking the advice of a strange apparition that reveals itself in a dream? An apparition that looks remarkably like the director of the movies, Peter Jackson, but not quite remarkably enough to prompt legal action. An apparition that recommends touring New Zealand in an effort to prove that its sheep pastures aren't really filled by frolicking Hobbits. Just sheep and the occasional zorbing local. This is the hilarious tale of such a tour, featuring snow capped mountains and turquoise lakes, flightless birds and flying cattle, bungy jumping grannies and the carrot mafia, strange yellow eyes peering up from a road map and hotel receptionists always desperate to know who you are living.

**KORIMAKO** David Nelson, 2010 Set in New Zealand's beautiful Golden Bay region, Korimako is a story of unanticipated love and new beginnings. Mike Robinson, recently retired and widowed, decides to restart his life and build a log house in Puponga, a remote settlement at the base of Farewell Spit. Mereana Marshall's marriage was never founded on love and has ended with physical abuse. She escapes to Puponga to decide her future. Mike and Mereana meet and a relationship develops, despite their different cultural backgrounds and twenty-year age difference, but their peaceful idyll in Puponga is threatened when they discover hidden cannabis plantations and experience the wrath of the drug dealers involved.

**The Emissaries** J. H. B. Edmonds, 2016-06-09 Ren Gerdvilis is a young physics professor whose family immigrated to the South Pacific nation of Aotearoa after World War II. He has long had a sense that there is more to life than meets the eye, and yet he proceeds with his life normally, spending time with friends and colleagues and falling in love. After a horrible accident that leaves Ren clinically dead for some time, he returns from heaven with a profound sense of the immense disparities occurring on the planet. He sees what his own family has endured, and he also observes how the present time has deteriorated to the point of imminent apocalypse. But while the forces of good have supernatural agents in the form of emissaries from heaven, the forces of evil have the Beasts, beings who have Ren in their sights and intend to eliminate him. Can he and his newfound love, Monia, survive to rid the world of torment, apathy, and greed, or will the Beasts prevail and bring about a world of darkness? In this novel, after a terrible accident, a young professor experiences a profound change in the way he sees the world and pits himself against the supernatural agents of evil.

**Shadows of the Dance** Lynne Scott,2010-12-31 Pip is a New Zealand woman who is working as a Pain Management Counsellor in a hospital in the Scottish Borders. She has come to the UK in search of her destiny. When Pip meets Osi, a staunch British Army Officer, they are both overwhelmed by their physical and spiritual connection. The timing is not good for their relationship as Osi is deployed to Iraq. When he goes, their bond takes Pip into an intense emotional and spiritual adventure. As she no longer has physical contact with Osi, she maintains her connection with him via a journal, where she lives pain and health care by day and pain and war with Osi by night. She becomes reliant on the media for any information regarding his mission. Her visions and dreams of war become so entangled with her daily life that she is not sure where the boundaries of reality lie. When Osi returns, his experiences in Iraq confirm to Pip that her dreams and visions are a spiritual gift. His return is short lived. Throughout her journal Pip uses songs and poetry to entwine her dreams with stories of her life in the Borders, travel, visits with her old friend Milton and Jacquie who has cancer. Through it all Pip is supported by these close friendships and her sister in New Zealand, with whom she relies on regular contact. As their paths continue to cross in her dreams and in reality, she is inspired to write a book about the richness and pain he has brought to her life. This heart warming story explores relationships across age and culture, set against the backdrop of Army and Healthcare institutions. It identifies with anyone who may have been touched by the God of War.

**Variational Pragmatics** Klaus P. Schneider, Anne Barron, 2008-05-13 This collection of papers is designed to establish variational pragmatics. This new field is situated at the interface of pragmatics and dialectology and aims at systematically investigating the effect of macro-social pragmatic variation on language in action. As such, it challenges the widespread assumption in the area of pragmatics that language communities are homogeneous and also addresses the current research gap in sociolinguistics for variation on the pragmatic level. The introductory chapter establishes the rationale for studying variational pragmatics as a separate field of inquiry, systematically sketches the broader theoretical framework and presents a framework for further analysis. The papers which follow are located within this framework. They present empirical variational pragmatic research focusing on regional varieties of pluricentric languages. Speech acts and other discourse phenomena are addressed and analysed in a number of regional varieties of Dutch, English, French, German and Spanish. The seminal nature of this volume, its empirical orientation and the extensive bibliography make this book of interest to both researchers and students in pragmatics and sociolinguistics.

**Being Māori in the City** Natacha Gagné, 2013-01-01 Indigenous peoples around the world have been involved in struggles for decolonization, self-determination, and recognition of their rights, and the Māori of Aotearoa-New Zealand are no exception. Now that nearly 85% of the Māori population have their main place of residence in urban centres, cities have become important sites of affirmation and struggle. Grounded in an ethnography of everyday life in the city of Auckland, *Being Maori in the City* is an investigation of what being Māori means today. One of the first ethnographic studies of Māori urbanization since the 1970s, this book is based on almost two years of fieldwork, living with Māori families, and more than 250 hours of interviews. In contrast with studies that have focused on indigenous elites and official groups and organizations, *Being Māori in the City* shines a light on the lives of ordinary individuals and families. Using this approach, Natacha Gagné adroitly underlines how indigenous ways of being are maintained and even strengthened through change and openness to the larger society.
