The Lady from the Sea Henrik Ibsen, Eleanor Marx Aveling, 1890

The Lady from the Sea Henrik Ibsen, 2015-06-17 The Lady from the Sea is a play written in 1888 by Norwegian playwright Henrik Ibsen inspired by the ballad Agnete og Havmanden. The drama is notable in the Ibsen corpus for introducing the portrayal of Hilde Wangel who is again portrayed in Ibsen's later play The Master Builder. This symbolic play is centred on a lady called Ellida. She is the daughter of a lighthouse-keeper, and grew up where the fjord met the open sea; she loves the sea. She is married to Doctor Wangel, a doctor in a small town in West Norway (in the mountains). He has two daughters (Bolette and Hilde) by his previous wife (widowed), and he and Ellida had a son who died as a baby. This put big strains on the marriage. Wangel, fearing for Ellida's mental health, has invited up Arnholm, Bolette's former tutor and now the headmaster of a school, in hope that he can help Ellida.

Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1917 edition. Excerpt: ... (6) Columns for Discount on Purchases and Discount on Notes on the same side of the Cash Book; (c) Columns for Discount on Sales and Cash Sales on the debit side of the Cash Book; (d) Departmental columns in the Sales Book and in the Purchase Book. Controlling Accounts.--The addition of special columns in books of original entry makes possible the keeping of Controlling Accounts. The most common examples of such accounts are Accounts Receivable account and Accounts Payable account. These summary accounts, respectively, displace individual customers' and creditors' accounts in the Ledger. The customers' accounts are then segregated in another book called the Sales Ledger or Customers' Ledger, while the creditors' accounts are kept in the Purchase or Creditors' Ledger. The original Ledger, now much reduced in size, is called the General Ledger. The Trial Balance now refers to the accounts in the General Ledger. It is evident that the task of taking a Trial Balance is greatly simplified because so many fewer accounts are involved. A Schedule of Accounts Receivable is then prepared, consisting of the balances found in the Sales Ledger, and its total must

agree with the balance of the Accounts Receivable account shown in the Trial Balance. A similar Schedule of Accounts Payable, made up of all the balances in the Purchase Ledger, is prepared, and it must agree with the balance of the Accounts Payable account of the General Ledger. The Balance Sheet.--In the more elementary part of the text, the student learned how to prepare a Statement of Assets and Liabilities for the purpose of disclosing the net capital of an enterprise. In the present chapter he was shown how to prepare a similar statement, the Balance Sheet. For all practical...

The Girl from the Sea and Other Stories Sophia de Mello Breyner Andresen, 2020-04-29 The stories included in this collection are classics of children's literature and have been cherished by generations of Portuguese children. This is the first time these stories have been translated into English. The author is one of Portugal's greatest poets and, like her poetry, these stories are filled with her delight and pleasure in nature, gardens and the sea, as well as her keen sense of the magical. Among other things, we encounter dwarves, diminutive little girls who live on the sea bed, plants that come alive at night, a tree that lives on long after it has been felled, and a pilgrim who discovers much more than the Holy Land. Her themes are, above all, loyalty and friendship.

The Scandal of Susan Sontag Barbara Ching, Jennifer A Wagner-Lawlor, 2009-11-30 Susan Sontag (1933-2004) spoke of the promiscuity of art and literature—the willingness of great artists and writers to scandalize their spectators through critical frankness, complexity, and beauty. Sontag's life and thought were no less promiscuous. She wrote deeply and engagingly about a range of subjects—theater, sex, politics, novels, torture, and illness—and courted celebrity and controversy both publicly and privately. Throughout her career, she not only earned adulation but also provoked scorn. Her living was the embodiment of scandal. In this collection, Terry Castle, Nancy K. Miller, Wayne Koestenbaum, E. Ann Kaplan, and other leading scholars revisit Sontag's groundbreaking life and work. Against Interpretation, Notes on Camp, Letter from Hanoi, On Photography, Illness as Metaphor, I, Etcetera, and The Volcano Lover—these works form the center of essays no less passionate and imaginative than Sontag herself. Debating questions raised by the thinker's own images and identities, including her sexuality, these works question Sontag's status as a female intellectual and her parallel interest in ambitious and prophetic fictional women; her ambivalence toward popular culture; and her personal and professional scandals. Paired with rare photographs and illustrations, this timely anthology expands our understanding of Sontag's images and power.
