The 23rd Midnight James Patterson, Maxine Paetro, 2023-05-01 In this #1 New York Times bestseller, an attention-seeking copycat from the Women's Murder Club's past is recreating murders by a famous killer—with devastating new twists. Violence in American Popular Culture David Schmid, 2015-11-02 This timely collection provides a historical overview of violence in American popular culture from the Puritan era to the present and across a range of media. Few topics are discussed more broadly today than violence in American popular culture. Unfortunately, such discussion is often unsupported by fact and lacking in historical context. This two-volume work aims to remedy that through a series of concise, detailed

essays that explore why violence has always been a fundamental part of American popular culture, the ways in which it has appeared, and how the nature and expression of interest in it have changed over time. Each volume of the collection is organized chronologically. The first focuses on violent events and phenomena in American history that have been treated across a range of popular cultural media. Topics include Native American genocide, slavery, the Civil Rights Movement, and gender violence. The second volume explores the treatment of violence in popular culture as it relates to specific genres—for example, Puritan execution sermons, dime novels, television, film, and video games. An afterword looks at the forces that influence how violence is presented, discusses what violence in pop culture tells us about American culture as a whole, and speculates about the future.

Interrogating The Shield Nicholas Ray, 2012-09-27 When *The Shield* first appeared on US television in March 2002, it broke ratings records with the highest audience-rated original series premiere in cable history. In the course of its subsequent seven-season run, the show went on to win international acclaim for its abrasive depiction of an urban American dystopia and the systemic political and juridical corruption feeding it. The first book dedicated to the analysis of this immensely successful series, *Interrogating The Shield* brings together ten critical essays, written from a variety of methodological and theoretical perspectives. Topics range from an exploration of the series' derivation, genre, and production, to expositions of the ethics, aesthetics, and politics of the show. As may be expected from a multiauthored collection, this volume does not seek to present a homogenized account of *The Shield*. The show is variously applauded and critiqued. In their critical variety, however, the essays in this book are a testament to the cultural significance and creative complexity of the series. As such, they are a reminder of the renewed power of quality television drama today.

Designed for curious readers of all backgrounds, it explores the crossroads of detective fiction and psychology. One YA and two nonfiction authors make their adult fiction debuts: Kristen Perrin, Mary Annaïse Heglar and Kate Young, respectively. Among others are Essie Chambers, Katelyn Doyle, Alejandro Puyana, and Rachel Rueckert. Our robust nonfiction section covers such important subjects as suicide and combating racist biases; several memoirs about harrowing childhoods and illnesses; and a biography of the first Asian-American woman pilot to fly during World War II. Finally, we present early looks at new work from young adult authors, including the New York Times bestselling Tracey Baptiste and Morgan Matson. Women's Narratives of Ageing and Care Emily Jeremiah, Shirley Jordan, 2025-03-03 Care is fundamental to human survival, yet it is often overlooked, undermined, undervalued, and thought of as 'women's work'. Care of the old is particularly low in status and is too readily occluded. This volume asks why and how cultures of care for older people are negatively configured. It examines some of the powerful responses to relationships of intergenerational care in recent creative works by women. It thereby contributes to the contemporary imperative to transform care by investigating some of the ways in which care might be redefined and reconceptualized. Taking as its focus the representation or narrativization of care in theory, literature, visual culture, and performance, it engages with contemporary female-authored works from diverse cultural contexts, encouraging the development of comparative, cross-cultural perspectives. Narrative is key here, for it is in stories about ageing and care that the complexities and ambiguities of care relationships are made available, and that simplified ideas about them are challenged. This volume will be of interest to scholars in literary and cultural studies, gender studies, critical age studies, the medical and health humanities, and all who are interested in care.

Dangerous Curves Jeffrey A. Brown, 2011-04-18 *Dangerous Curves: Action Heroines, Gender, Fetishism, and Popular Culture* addresses the conflicted meanings associated with the figure of the action heroine as she has evolved in various media forms since the late 1980s. Jeffrey A. Brown discusses this immensely popular character type, the action heroine, as an example of, and challenge to, existing theories about gender as a performance identity. Her assumption of heroic masculine traits combined with her sexualized physical depiction demonstrates the ambiguous nature of traditional gender expectations and indicates a growing awareness of more aggressive and violent roles for women. The excessive sexual fetishization of action heroines is a central theme throughout. The topic is analyzed as an insight into the transgressive image of the dominatrix, as a reflection of the shift in popular feminism from second-wave politics to third-wave and postfeminist pleasures, and as a form of patriarchal backlash that facilitates a masculine fantasy of controlling strong female characters. Brown interprets the action heroine as a representation of changing gender dynamics that balances the sexual objectification

of women with progressive models of female strength. While the primary focus of this study is the action heroine as represented in Hollywood film and television, the book also includes the action heroine's emergence in contemporary popular literature, comic books, cartoons, and video games.

Jane Jensen Anastasia Salter, 2017-04-06 In the 1990s, the Personal Computer (or PC) was on the rise in homes, and with it came new genres of play. Yet most of the games in these new genres featured fantasylands or humorous science fiction landscapes with low stakes and little to suggest the potential of the PC as a serious space for art and play. Jane Jensen's work and landmark Gabriel Knight series brought a new darkness and personality to PC gaming, offering a first powerful glimpse of what games could be as they came of age. As an author and designer, Jensen brought her approach as a designer-writer hybrid to the forefront of game design, with an approach to developing environments through detailed research to make game settings come to life, an attention to mature dilemmas and complex character development, and an audience-driven vision for genres reaching beyond the typical market approaches of the gaming industry. With a brand new interview with Jensen herself, Anastasia Salter provides the first ever look Jensen's impact and role in advancing interactive narrative and writing in the game design process.

Political Campaigns and Political Advertising Frank W. Baker, 2009-06-04 Examining political campaigns and political advertising through the analytical lens of media literacy, this well-illustrated and timely handbook guides readers through the maze of blandishments and spin that is the hallmark of the modern political campaign. It dissects the persuasive strategies embedded in the political messages we encounter every day in the media and demonstrates the importance of critical thinking in evaluating media stories. Key concepts of media literacy are applied to political advertising in traditional media (newspapers, television, radio) and on the Internet, the new frontier of the political advertising wars. Dealing with blogs, social networking, user-generated Web sites, and other electronic formats familiar to young voters, this lively introduction to the new world of political messaging appeals to readers' affinity for visual learning as well as their ability to

discern messages in text. Unique in applying media literacy concepts to the political context while directly addressing students and general readers, this book not only explains but graphically demonstrates both established techniques of political framing and the new avenues of persuasion being pioneered in digital media. It will also interest viewers who like their political news in traditional media but unconventional formats.

Then a fearsome criminal known only as Loman seizes control of the headlines. Solving crimes never happens on schedule, but as this criminal mastermind unleashes credible threats by the hour, the month of December is upended for the Women's Murder Club.
