J.Cassandra Pointer

Criminal Profiling Brent E. Turvey, 2011-03-09 Focused on Behavioral Evidence Analysis (BEA), a method of criminal profiling developed and refined by the author over the past 15 years, the fourth edition of Criminal Profiling maintains the same core foundation that made previous editions best sellers in the professional and academic community worldwide. Written from practicing behavioral analysts and aspiring students alike, this work emphasizes an honest understanding of crime and criminals. Newly updated, mechanisms for the examination and classification of both victim and offender behavior have been improved. In addition to refined approaches towards victimology, crime scene analysis, motivation and case linkage, a chapter on sexual deviance has been added as well. With prior edition in wide use as a primary text in criminal justice, law, criminology, and behavioral science programs around the world, Criminal Profiling, Fourth Edition remains essential for students and professionals alike. - Outlines the scientific principles and practice standards of BEA-oriented criminal profiling, with an emphasis on applying theory to real cases - Contributing authors from law enforcement, academic, mental health and forensic science communities provide a balance perspective - Complete glossary of key terms Companion Web site includes all appendices from previous volumes and figure collection at <http://www.elsevierdirect.com/companions/9780123852434> - Manual Web site provides an instructor's manual for each chapter, powerpoint slideshows, and case reports from Brent Turvey's work

Profiling Serial Killers Micki Pistorius, 2012-10-02 Profiling can be described as an 'educated attempt to provide investigative agencies with specific information about the type of individual who could have committed a particular crime'. Today it is used in conjunction with other investigative techniques. Profiling Serial Killers and other crimes in South Africa contains a comprehensive introduction to the subject, followed by chapters on serial killers, pyromaniacs, rapists, child molesters, stalkers, and white collar crime and intelligence profiling.

Psychology and Law Andreas Kapardis, 2009-12-21 Fully revised and expanded, this third edition of Psychology and Law: A Critical Introduction is a discussion of contemporary debates at the interface between psychology and criminal law. Features new sections on restorative justice, police prejudice and discrimination, terrorism and profiling offenders. Other topics include critiques of eyewitness testimony, the role of the jury, sentencing as a human process, the psychologist as expert witness, persuasion in the courtroom, detecting deception, and psychology and the police. Each chapter is supported

by case studies and further reading. Andreas Kapardis draws on sources from Europe, North America and Australia to provide an expert investigation of the subjectivity and human fallibility inherent in our systems of justice. He suggests ways for minimising undesirable influences on crucial judicial decision-making. International and broad-ranging, this book is the authoritative work on psycho-legal enquiry for students and professionals in psychology, law, criminology, social work and law enforcement.

Profiling Violent Crimes Ronald M. Holmes, Stephen T. Holmes, 2008-12-01 Excellent book, I have used this for my Criminal Behavior course for a number of years. Very authoritative. —Harry Cramer, Quincy University The Fourth Edition of this best-selling text provides students with the most up-to-date information on the increasingly popular field of psychological profiling. Well-known authors Ronald M. Holmes and Stephen T. Holmes build upon their continued research and involvement in field investigation as a source of relevant and often high-profile case studies to illustrate theory and application of the methods discussed. The text is particularly readable and engaging, making frequent use of illustrative tables and figures and presenting occasional photos. New to the Fourth Edition Offers a new chapter on Lizzie Borden (Chapter 14), analyzing this historic murder case with fresh insight and a unique analysis while retaining the chapter on Jack the Ripper, a classic unresolved serial murderer Covers more recent events such as the killings at Northern Illinois University and Virginia Tech Provides a new section on Santeria and the occult to understand the dogma and icons of these teachings and investigates reasons behind crimes committed by some followers Offers guidance to students for online graduate programs, seminars, and degrees in criminal profiling Includes updated tables and crime statistics throughout the text Presents new photos to offer authentic representations of violent crimes and offenders Intended Audience This best-seller has long been a successful supplemental text for undergraduate criminology and criminal justice courses, including Criminal Investigation, Criminal Profiling, Violent Crimes, Criminal Behavior, Field Investigation, and Forensic Psychology.

Criminal Profiling Matt Aniss, 2013-08-01 Criminal profilers when, why, and where crimes take place. They study the criminal mind to not only track down perpetrators but also to figure out ways to reduce the crime rate. In this book, readers explore theories of criminology and examine how these concepts are being employed in police work. They discover how technology is aiding police in pinpointing areas where crimes are likely to occur so they can better protect the public

Intelligence Identities Protection Act of 1981--S. 391 United States. Congress. Senate. Committee on the Judiciary. Subcommittee on Security and Terrorism, 1981

Forensic Victimology Brent E. Turvey, 2023-07-21 Forensic Victimology: Examining Violent Crimes in Investigative and Legal Contexts, Third Edition introduces criminologists and criminal investigators to the idea of systematically gathering and examining victim information for the purposes of addressing investigative and forensic issues. The book continues the legacy of the first two editions with both theoretical and applied coverage of the subject of victimology. The specific applications

discussed remain investigative and provide legal venues designed to assist investigators and forensic examiners with the task of performing victimological assessments. Sections delve into the areas of femicide and mass shootings, which are global problems that further emphasize related casework and research. - Provides context and scope for both the investigative and forensic aspects of case examination and evidence interpretation - Approaches the study of victimology from a realistic standpoint, moving away from stereotypes and archetypes - Includes case examples to demonstrate the application of forensic victimology

Encyclopedia of Forensic Sciences ,2012-12-28 Forensic science includes all aspects of investigating a crime, including: chemistry, biology and physics, and also incorporates countless other specialties. Today, the service offered under the guise of forensic science' includes specialties from virtually all aspects of modern science, medicine, engineering, mathematics and technology. The Encyclopedia of Forensic Sciences, Second Edition, Four Volume Set is a reference source that will inform both the crime scene worker and the laboratory worker of each other's protocols, procedures and limitations. Written by leading scientists in each area, every article is peer reviewed to establish clarity, accuracy, and comprehensiveness. As reflected in the specialties of its Editorial Board, the contents covers the core theories, methods and techniques employed by forensic scientists - and applications of these that are used in forensic analysis. This 4-volume set represents a 30% growth in articles from the first edition, with a particular increase in coverage of DNA and digital forensics Includes an international collection of contributors The second edition features a new 21-member editorial board, half of which are internationally based Includes over 300 articles, approximately 10pp on average Each article features a) suggested readings which point readers to additional sources for more information, b) a list of related Web sites, c) a 5-10 word glossary and definition paragraph, and d) cross-references to related articles in the encyclopedia Available online via SciVerse ScienceDirect. Please visit www.info.sciencedirect.com for more information This new edition continues the reputation of the first edition, which was awarded an Honorable Mention in the prestigious Dartmouth Medal competition for 2001. This award honors the creation of reference works of outstanding quality and significance, and is sponsored by the RUSA Committee of the American Library Association

Agnes Hillburn . . . Profiler J.Cassandra Pointer,2017-08-31 Agnes Hillburn, the only African American female profiler within the FBI Bureau, has the perfect life. Or so she thought. In the blink of an eye, her entire life turns upside down due to the disdain her daughter was harboring for her. Agnes could not believe her daughterher firstborn had put a contract hit out on her because she wouldnt allow her daughter to date a well-known thug. Sandras thoughtless actions unknowingly caused turmoil and violence within what was once considered paradise.

The X-Files: The Official Collection - The Agents, The Bureau, and The Syndicate Vol.1 Natalie Clubb,2016-01-12 Reopen the files on the ultimate conspiracy theory. Join Agents Mulder and Scully in their epic quest to expose the truth, and meet

the shadowy players intent on concealing it at all costs. From the corridors of the FBI to the highest level of government! The truth is out there, and it wants to be known. Behind the scenes secrets revealed! In-depth features investigating the mythology of the show! Exclusive interviews with the stars of The X-Files! Material previously published in Titan Magazine's official The X-Files Magazine.

Profiling and Criminal Justice in America Jeff Bumgarner, 2014-12-16 An unbiased examination of profiling in the criminal justice system—one of the most hotly contested public policy issues—on the streets, in the courts, and in the jails and prisons of America. In the post-9/11 world, profiling by law enforcement has become standard operating procedure. Profiling by prosecutors, judges, and corrections officers is pervasive in other criminal justice contexts as well. Is profiling actually effective in preventing crime or identifying likely offenders and therefore justifiable? This accessible, single-volume reference book examines profiling as it pertains to the criminal justice system in the United States, providing non-partisan information that illuminates the full scope of the profiling issue and discusses the possible impact of profiling on all American citizens. Addressing this highly controversial topic holistically, the book considers questions such as whether the criminal justice system in the United States unfairly targets minorities, how the rights of minorities can be protected while enabling law enforcement to use every resource available, and whether justification for profiling techniques exists. This work will serve students at the high school and college level as well as general readers who are interested in criminal justice issues and issues relating to equality and fairness before the bar of justice.

Bulletin of the United States Bureau of Labor Statistics, 1913

Computerworld, 1976-05-17 For more than 40 years, Computerworld has been the leading source of technology news and information for IT influencers worldwide. Agents of Repression Ward Churchill, Jim Vander Wall, 2002 For those wondering how Bill Clinton could pardon white-collar fugitive Marc Rich but not Native American leader Leonard Peltier, important clues can be found in this classic study of the FBI's COINTELPRO (Counterintelligence Program). Agents of Repression includes an incisive historical account of the FBI siege of Wounded Knee, and reveals the viciousness of COINTELPRO campaigns targeting the Black Liberation movement. The authors' new introduction examines the legacies of the Panthers and AIM, and shows how the FBI still

presents a threat to those committed to fundamental social change. Ward Churchill is author of From a Native Son. Jim Vander Wall is co-author of The COINTELPRO Papers: Documents from the FBI's Secret Wars Against Dissent in the United States, with Ward Churchill.
