All the stars lost among us Karthik S K,2023-02-12 Diya had it all - a lavish lifestyle, a successful career, and loving parents. But when a tragedy strikes and takes it all away, her life is changed forever. Sanjay, an NRI in India, is struggling with a past that haunts him and finds solace in the company of his two beloved pet cats, Snow and Luca. Plagued by their own demons, the two fight to maintain their grip on reality as their mental health steadily deteriorates. No matter how hard they try to escape their troubled past, fate conspires to bring them back to the source of their pain. Haunted by self-blame and regret for mistakes made in ignorance, Sanjay and Diya find themselves consumed by a never-ending cycle of repentance and self-doubt. But when a twist of fate brings them together, their secret past resurfaces threatening their very existence and relationship. As they uncover the truth, Diya and Sanjay realize that their imperfections may not lead to perfection. Will their relationship survive the test of love, and will their broken hearts mend into a bond that lasts forever? Only time will tell in this story about love, loss, and the power of second chances.

ORPHEIDA Thaddeus Hutyra,2020-04 Maestro I sat in the theater box Almost in half-sleep. Maestro entered the podium A virtuoso conductor With disheveled hair. His first move with his baton And... it happened! Before my very eyes And in the world of my sensations I saw, I felt miracles' power Like in stellar storm with lightnings! Appassionata! Revolutionary Etude! Magic Flute! A night in Venice! The Queen of Spades! Blue Rhapsody! Lost paradise! Adagio! Ah, I felt being in paradise! Among the angels! The divine choir resounded! And when the curtain fell I suddenly found myself Back on Earth. Changed, reborn... My motto 'to be, always to be' Skyrocketed to new dimensions. Author: Thaddeus Hutyra

Sunset, Water City Chris McKinney,2023-12-05 In the powerful conclusion to the sci-fi noir Water City trilogy, faith, power, and tech clash when our nameless protagonist passes the responsibility of saving the world to his teenage daughter. For fans of Phillip K. Dick and The Last of Us. Year 2160: It's been ten years since the cataclysmic events of Eventide, Water City, where 99.97 percent of the human population was possessed or obliterated by Akira Kimura, Water City's renowned scientist and Earth's former savior. Our nameless antihero, a synesthete and former detective, and his daughter, Ascalon, navigate through a post-apocalyptic landscape populated by barbaric Zeroes—the permanent residents of the continent's biggest landfill, The Great Leachate—who cling to the ways of the old world. They live in opposition to Akira's godlike domination of the planet—she has taken control of the population that viewed her as a god and converted them into her

Gardeners, zombie-like humans who plod along to build her vision of a new world. What that world exactly entails, Ascalon is not entirely sure, but intends to find out. Now nineteen, she, a synesthete herself, takes over this story while her father succumbs to grief and decades of Akira's manipulation. Tasked with the impossible, Ascalon must find a way to free what's left of the human race.

The Music Played on Carol Soucie,2022-10-14 This is the sequel to *The Right Music for Dancing*, where Bob Richardson and his rock band, the Night Owls, find they must evolve with the times or get lost in the transition. Now in 1960, the band takes on a new look, along with the content of their music. Bob and Corey Madrigal, the iconic dramatic actress almost twice his age, find new meaning in their relationship. And social issues of the time are confronted and dealt with change in mind. Bob is still making motion pictures and appearing on Broadway, but his lifeblood is still playing, writing, and traveling to perform his music with the Night Owls. Within, there is happiness and great joy, disaster and conflict, fulfillment and satisfaction, and ultimately tragedy and death. Some must find their way in life, others must find their way to survive, and one will get lost along the way.

Journey to the Vanished City Tudor Parfitt,2000-04-04 In a mixture of travel, adventure, and scholarship, historian Tudor Parfitt sets out in search of answers to a fascinating ethnological puzzle: is the Lemba tribe of Southern Africa really one of the lost tribes of Israel, descended from King Solomon and the Queen of Sheba? Beginning in the Lemba villages in South Africa, where he witnesses customs such as food taboos and circumcision rites that seem part of Jewish tradition, Parfitt retraces the supposed path of the Lembas' through Zimbabwe, Malawi, and Tanzania, taking in sights like Zanzibar and the remains of the stone city Great Zimbabwe. The story of his eccentric travels, a blend of the ancient allure of King Solomon's mines and Prester John with contemporary Africa in all its beauty and brutality, makes for an irresistible glimpse at a various and rapidly changing continent. And in a new epilogue, Parfitt discusses recent DNA evidence that, amazingly, lends credence to the Lemba's tribal myth.

Psychedelia and Other Colours Rob Chapman,2015-09-01 In *Psychedelia and Other Colours*, acclaimed author Rob Chapman explores in crystalline detail the history, precedents and cultural impact of LSD, from the earliest experiments in painting with light and immersive environments to the thriving avant-garde scene that existed in San Francisco even before the Grateful Dead and the Fillmore Auditorium. In the UK, he documents an entirely different history, and one that has never been told before. It has its roots in fairy tales and fairgrounds, the music hall and the dead of Flanders fields, in the Festival of Britain and that peculiarly British strand of surrealism that culminated in the Magical Mystery Tour. Sitars and Sergeant Pepper, surfadelica and the Soft Machine, light shows and love-ins - the mind-expanding effects of acid were to redefine popular culture as we know it. *Psychedelia and Other Colours* documents these utopian reverberations - and the dark side of their moon - in a perfect portrait.

New Orleans City Guide Works Progress Administration,2011-08-15 In 1938, under the direction of novelist and historian Lyle Saxon, The Federal Writers' Project of the Works Progress Administration produced this delightfully detailed portrait of New Orleans. Containing recipes, photographs and folklore, it is consistently hailed as one of the best books produced about the city. Remarkably, many of the sites and attractions the WPA chronicled in 1938 are still around today.

A City Called Heaven Robert M. Marovich,2015-03-15 In *A City Called Heaven*, Robert M. Marovich follows gospel music from early hymns and camp meetings through its growth into the sanctified soundtrack of the city's mainline black Protestant churches. Marovich mines print media, ephemera, and hours of interviews with artists, ministers, and historians--as well as relatives and friends of gospel pioneers--to recover forgotten singers, musicians, songwriters, and industry leaders. He also examines the entrepreneurial spirit that fueled gospel music's rise to popularity and granted social mobility to a number of its practitioners. As Marovich shows, the music expressed a yearning for freedom from earthly pains, racial prejudice, and life's hardships. Yet it also helped give voice to a people--and lift a nation. *A City Called Heaven* celebrates a sound too mighty and too joyous for even church walls to hold.

The City Of Trembling Leaves Walter Van Tilburg Clark,2024-02-15 *The City of Trembling Leaves* by Walter Van Tilburg Clark was first published in 1945 by Random House and reprinted by the University of Nevada Press in paperback in 1991

with a new foreword by Robert Laxalt. Clark's novel broke new ground in his telling of the story of the rites of passage of a boy, Tim Hazard, into adulthood in the setting of the Western town of Reno, Nevada. The descriptions of Reno's landscape and the realistic characters depict the role of nature during the tumultuous stages of adolescence and the potential risk of obstruction and loss in the attainment of maturity.
