War Wisdom Christian P. Potholm, 2015-10-16 War Wisdom: A Cross Cultural Sampling is a unique combination of directory and analysis. It provides a relevant “universe” of quotations, together with their authors, about war from various ages and across a large number of societies including those found in China, Japan, Persia, Mongolia, Europe, and America (both North and South), as well as Native American nations and Africa. A lengthy introductory essay presents and analyzes a dozen relevant themes found throughout those cultures, themes which show a pattern of very widespread, if not universal, appeal. Of particular relevance is the author’s engagement with the conflicting wisdom pertaining to war found within the same society as well as common themes appearing across cultures, societies, and time frames.

Kings of Bidonville Patrick Jean-Pierre, 2020-08-24 The author takes the reader through a theoretical world where as the times change, the cyclical events remain the same. The people of Folium are besieged by a curse from which they must be rescued before it is too late. Throughout the years, several attempts are made to free them with each generation, but are met with opposition. It is now up to decedents of the lost tribes to free them before Folium’s final harvest. Explore this world through the eyes of Folium, the proverbial wondering bee who climbs out from her hive, circles around and then declares there is no God. Trapped by the wrinkles of times, the truth remains hidden to her until she decides to become free. It is now up to two young men, Raymond and Dan to show her the way to freedom.
