**The Money Cult** Chris Lehmann, 2016-05-31 A grand and startling work of American history America was founded, we're taught in school, by the Pilgrims and other Puritans escaping religious persecution in Europe—an austere and pious lot who established a culture that remained pure and uncorrupted until the Industrial Revolution got in the way. In *The Money Cult*, Chris Lehmann reveals that we have it backward: American capitalism has always been entangled with religion, and so today's megapastors, for example, aren't an aberration—they're as American as Benjamin Franklin. Tracing American Christianity from John Winthrop to the rise of the Mormon Church and on to the triumph of Joel Osteen, *The Money Cult* is an ambitious work of history from a widely admired journalist. Examining nearly four hundred years of American history, Lehmann reveals how America's religious leaders became less worried about sin and the afterlife and more concerned with the material world, until the social gospel was overtaken by the gospel of wealth. Showing how American Christianity came to accommodate—and eventually embrace—the pursuit of profit, as well as the inescapability of economic inequality, *The*

Money Cult is a wide-ranging and revelatory book that will make you rethink what you know about the form of American capitalism so dominant in the world today, as well as the core tenets of America itself.

**American Evangelicals for Trump** André Gagné, 2023-12-01 This book introduces the American Evangelical movement and the role it played in the support of Donald Trump. Specifically, it focuses on the Neocharismatic-Pentecostal (NCP) leaders, their beliefs, and their political strategies. The author examines why 81% of white evangelicals voted for Trump in 2016, and why he still received between 76% and 81% of their vote in 2020 despite losing the presidency. Additionally, the book discusses how NCP leaders are part of the Christian Right, a religious coalition with a political agenda centered on controversial issues such as anti-abortion activism, opposition to LGBTQ+ rights, and the protection of religious freedom. Structured around the three main ideas inspiring NCP leaders who supported Trump in 2016 and 2020—Dominion, Spiritual Warfare, and Eschatology (the End Times)—the book examines how these ideas have sustained the evangelicals close to U.S. political power in the Trump era. In light of the potential for Trump's return to power in 2024, the book serves as a warning of what a renewed alliance between Trump and his former NCP supporters could bring. It is an essential read for all students and researchers of Evangelicalism, Religion in America, Political Theology, or Religion and Politics.

*An Environmental Ethic for the End of the World* Scott C. Powell, 2019-06-13 Is there a place for religious texts in today's global environmental conversation? Some have claimed over the centuries that the Bible has given humans license to devastate the world of nature. Can those same texts be a source of ecological healing? This book investigates Romans 8:19-22, Paul's enigmatic passage about "creation groaning out in travail", which comes at the conclusion of his long Christological discourse. His inclusion of nature in the Christ event is both unprecedented and has baffled scholars for centuries. Could Genesis provide the explanation? Four relationships shape the creation stories. Prior to the fall of Adam and Eve, human beings are said to live in harmony with God, with themselves, with one another, and with the world of nature. As humans disobey God, each of these relationships unravels, climaxing with the cursing of nature itself. Is this paradigm in the background of Paul's Christology? Read this way, Paul's midrash on the story of creation in light of the Christ event provides deep insight into the biblical role of humans and their instrumentality in bringing both harm and healing to the world of nature.

**The Gospel According to the Novelist** Magdalena Maczynska, 2015-08-27 Why have so many prominent literary authors—from Philip Pullman and José Saramago to Michèle Roberts and Colm Tóibín—recently rewritten the canonical story of Jesus Christ? What does that say about our supposedly secular age? In this insightful study, Magdalena Maczynska defines and examines the genre of scriptural metafiction: novels that not only transform religious texts but also draw attention to these transformations. In addition to providing rich examples and close readings, Maczynska positions literary studies within interdisciplinary debates about religion and secularity. Her book demonstrates a surprising turn of events: even as contemporary novelists deconstruct the traditional categories of “secular” and “sacred” writing, they open up new spaces for scripture in contemporary culture.

*The Paranoid Apocalypse* Richard Landes, Steven T. Katz, 2012 This text re-examines 'The Protocols of the Elders of Zion's' popularity, investigating why it has persisted, as well as larger questions about the success of conspiracy theories even in the face of claims that they are blatantly counterfactual and irrational.

*Make It to the Rapture. If left behind, don't wear '666'* Pai Yong Soo, 2014 Guaranteed rapture to heaven is the objective of my writing this Book. I discover Jesus desires that none of His disciples will be left behind from the rapture. He left important sayings to help disciples to cultivate or build up characters fit for heaven. All the characters possessed will make disciples to be Christlike. Such characters qualifying for rapture are found in the sermon on the mount, the fruit of the Holy Spirit cum love one another which tantamounts to involvement of the great commission as people will be attracted to Christ's salvation grace. To avoid any slips or contamination to the above, Jesus uses His letters to seven churches to show what He detests and abhors and which He favours. What He delights disciples must stand firm and those He dislikes they repent if committed. Indeed, they should reject or avoid from commissioning as warned. Observing all that, their rapture shall not fail. If left behind, please heed God's serious warning, the wearer of the Mark '666' will have no chance of redemption but since the sin is irreversible, he will be doomed for eternity.

*Words of Crisis as Words of Power* Marta Neüff, 2018-05-15 The volume explores crisis rhetoric in contemporary U.S. American presidential speechmaking. Rhetorical leadership constitutes an inherent feature of the modern presidency. Particularly during times of critical events, the president is expected to react and address the nation. However, the power of the office also allows him or her to direct attention to particular topics and thus rhetorically create or exploit the notion of crisis. This monograph examines the verbal responses of George W. Bush and Barack Obama to pressing issues during their terms in office. Assuming an interdisciplinary approach, it illuminates the characteristics of modern crisis rhetoric. The aim of the book is to show that elements of Puritan rhetoric, and specifically the tradition of the jeremiad, although taken out of their original context and modified to suit a modern multiethnic society, can still be detected in contemporary political communication. It will be of interest to students and scholars of presidential rhetoric, political communication, sociolinguistics, and cultural studies.

**Dark Dreams 2.0** Charles Derry, 2009-12-21 Greatly expanded and updated from the 1977 original, this new edition explores the evolution of the modern horror film, particularly as it reflects anxieties associated with the atomic bomb, the Cold War, 1960s violence, sexual liberation, the Reagan revolution, 9/11 and the Iraq War. It divides modern horror into three varieties (psychological, demonic and apocalyptic) and demonstrates how horror cinema represents the popular expression of everyday fears while revealing the forces that influence American ideological and political values. Directors given a close reading include Alfred Hitchcock, Brian De Palma, David Cronenberg, Guillermo Del Toro, Michael Haneke,

Robert Aldrich, Mel Gibson and George A. Romero. Additional material discusses postmodern remakes, horror franchises and Asian millennial horror. This book also contains more than 950 frame grabs and a very extensive filmography.

**Expecting the End** Kenneth G. C. Newport, Crawford Gribben, 2006 Jesus' promise that the end draws near has spawned an expectation of that grand event across various religious groups. This volume examines the abiding social issues that surround the continued presence of apocalyptic anticipation by setting them in historical, present-day, and future manifestations. Approaching this fervent expectation from a broad perspective, Gribben and Newport explore the contemporary movements with insightful analysis that provokes discussion and even self-reflection.
