No Exit Taylor Adams, 2019

No Exit Taylor Adams, 2019-01-15 Soon to be a Hulu original film: a fast-paced, edge-of-your-seat thriller about a determined young woman who struggles to save a kidnapped child while trapped in a blizzard—and who must unmask and outwit a deviously twisted psychopath before it's too late. A kidnapped little girl locked in a stranger's van. No help for miles. What would you do? On her way to Utah to see her dying mother, college student Darby Thorne gets caught in a fierce blizzard in the mountains of Colorado. With the roads impassable, she's forced to wait out the storm at a remote highway rest stop. Inside are some vending machines, a coffee maker, and four complete strangers. Desperate to find a signal to call home, Darby goes back out into the storm . . . and makes a horrifying discovery. In the back of the van parked next to her car, a little girl is locked in an animal crate. Who is the child? Why has she been taken? And how can Darby save her? There is no cell phone reception, no telephone, and no way out. One of her fellow travelers is a kidnapper. But which one? Trapped in an increasingly dangerous situation, with a child's life and her own on the line, Darby must find a way to break the girl out of the van and escape. But who can she trust? With exquisitely controlled pacing, Taylor Adams diabolically ratchets up the tension with every page. Full of terrifying twists and hairpin turns, *No Exit* will have you on the edge of your seat and leave you breathless.

No Exit Seth McKelvey, 2025-06-16 America's authors and the unfulfilled desire to escape the state From hippie culture to neoliberalism to Black Lives Matter, anti-state sentiment and rhetoric persists through varying—and sometimes electorally opposed—forms in American politics and culture. Examining the work of some of the leading authors of the twentieth and twenty-first centuries—including William Carlos Williams, Charles Olson, Richard Wright, Thomas Pynchon, Don DeLillo, Joan Didion, Karen Tei Yamashita, Junot Díaz, Juliana Spahr, and Nathaniel Mackey—Seth McKelvey offers a new perspective on American literature's many conceptions of an escape from the political state. Through close readings of texts varied in their political orientations, historical concerns, literary genres, and aesthetic commitments, *No Exit* reveals a provocative overlap between literary and political representation, showing just how urgent yet difficult it has been for American literature to imagine leaving the state behind.

No Exit Anne Alstott, 2004 In order to create a more secure world for children and their parents, Anne Alstott argues, we

must fundamentally change the way we think about parents' obligations to children--and about society's obligations to parents. Drawing on the same innovative thinking that propelled her and Bruce Ackerman's influential work *The Stakeholder Society*, Alstott proposes a solution both pragmatic and controversial. She outlines two unsentimental proposals intended to improve parents' economic options while respecting every individual's own choices about how best to combine paid work and child-rearing. Rejecting both state paternalism and easy libertarianism, Alstott's proposals are bold and unapologetic in their implications.

No Exit? Hartmut M. Rastalsky, 1997

No Exit Taylor Adams, Darby Thorne is a college student stranded by a blizzard at a highway rest stop in the middle of nowhere. She's on the way home to see her sick mother. She'll have to spend the night in the rest stop with four complete strangers. Then she stumbles across a little girl locked inside one of their parked cars. There is no cell phone reception, no telephone, no way out because of the snow and she doesn't know which one of the other travelers is the kidnapper. Full of shocking twists and turns, this is a beautifully written novel that will have you on the edge of your seat.

Afterlife and Narrative in Contemporary Fiction Alice Bennett, 2012-07-06 *Afterlife and Narrative* explores why life after death is such a potent cultural concept today, and why it is such an attractive prospect for modern fiction. The book mines a rich vein of imagined afterlives, from the temporal experiments of Martin Amis's *Time's Arrow* to narration from heaven in Alice Sebold's *The Lovely Bones*.

Post-Apocalyptic Culture Teresa Heffernan, 2008-12-04 In *Post-Apocalyptic Culture*, Teresa Heffernan poses the question: what is at stake in a world that no longer believes in the power of the end? Although popular discourse increasingly understands apocalypse as synonymous with catastrophe, historically, in both its religious and secular usage, apocalypse was intricately linked to the emergence of a better world, to revelation, and to disclosure. In this interdisciplinary study, Heffernan uses modernist and post-modernist novels as evidence of the diminished faith in the existence of an inherently meaningful end. Probing the cultural and historical reasons for this shift in the understanding of apocalypse, she also considers the political implications of living in a world that does not rely on revelation as an organizing principle. With fascinating readings of works by William Faulkner, Don DeLillo, Ford Madox Ford, Toni Morrison, E.M. Forster, Salman Rushdie, D.H. Lawrence, and Angela Carter, *Post-Apocalyptic Culture* is a provocative study of how twentieth-century culture and society responded to a world in which a belief in the end had been exhausted.

Solitude Versus Solidarity in the Novels of Joseph Conrad Ursula Lord, 1998-04-17 Ursula Lord explores the manifestations in narrative structure of epistemological relativism, textual reflexivity, and political inquiry, specifically Conrad's critique of colonialism and imperialism and his concern for the relationship between self and society. The tension between solitude and solidarity manifests itself as a soul divided against itself; an individual torn between engagement and

detachment, idealism and cynicism; a dramatized narrator who himself embodies the contradictions between radical individualism and social cohesion; a society that professes the ideal of shared responsibility while isolating the individual guilty of betraying the illusion of cultural or professional solidarity. Conrad's complexity and ambiguity, his conflicting allegiances to the ideal of solidarity versus the terrible insight of unrelenting solitude, his grappling with the dilemma of private versus shared meaning, are intrinsic to his political and philosophical thought. The metanarrative focus of Conrad's texts intensifies rather than diminishes their philosophical and political concerns. Formal experimentation and epistemological exploration inevitably entail ethical and social implications. Lord relates these issues with intellectual rigour to the dialectic of individual liberty and collective responsibility that lies at the core of the modern moral and political debate.

Jean Rhys at "World's End" Mary Lou Emery, 2011-08-15 The Caribbean Islands have long been an uneasy meeting place among indigenous peoples, white European colonists, and black slave populations. Tense oppositions in Caribbean culture—colonial vs. native, white vs. black, male conqueror vs. female subject—supply powerful themes and spark complex narrative experiments in the fiction of Dominica-born novelist Jean Rhys. In this pathfinding study, Mary Lou Emery focuses on Rhys's handling of these oppositions, using a Caribbean cultural perspective to replace the mainly European aesthetic, moral, and psychological standards that have served to misread and sometimes devalue Rhys's writing. Emery considers all five Rhys novels, beginning with *Wide Sargasso Sea* as the most explicitly Caribbean in its setting, in its participation in the culminating decades of a West Indian literary naissance, and most importantly, in its subversive transformation of European concepts of character. From a sociocultural perspective, she argues persuasively that the earlier novels—*Voyage in the Dark*, *Quartet*, *After Leaving Mr. Mackenzie*, and *Good Morning, Midnight*—should be read as emergent Caribbean fiction, written in tense dialogue with European modernism. Building on this thesis, she reveals how the apparent passivity, masochism, or silence of Rhys's female protagonists results from their doubly marginalized status as women and as subject peoples. Also, she explores how Rhys's women seek out alternative identities in dreamed of, magically realized, or chosen communities. These discoveries offer important insights on literary modernism, Caribbean fiction, and the formation of female identity.

Cracking the Hard-Boiled Detective Lewis D. Moore, 2015-01-24 The hard-boiled private detective is among the most

recognizable characters in popular fiction since the 1920s--a tough product of a violent world, in which police forces are inadequate and people with money can choose private help when facing threatening circumstances. Though a relatively recent arrival, the hard-boiled detective has undergone steady development and assumed diverse forms. This critical study analyzes the character of the hard-boiled detective, from literary antecedents through the early 21st century. It follows change in the novels through three main periods: the Early (roughly 1927-1955), during which the character was defined by such writers as Carroll John Daly, Dashiell Hammett and Raymond Chandler; the Transitional, evident by 1964 in the works of John D. MacDonald and Michael Collins, and continuing to around 1977 via Joseph Hansen, Bill Pronzini and others; and the Modern, since the late 1970s, during which such writers as Loren D. Estleman, Liza Cody, Sara Paretsky, Sue Grafton and many others have expanded the genre and the detective character. Themes such as violence, love and sexuality, friendship, space and place, and work are examined throughout the text. Communication in Postmodern Urban Fiction Lisann Anders, 2020-05-20 We cannot imagine our world without its digital mirror anymore. We communicate to others in mediated ways and even create ourselves through our technological devices, presenting an imagined version of us to the outside world. This book is concerned with precisely this imagination of the self in an increasing digitalized society, going back to the beginning of our digital age, to the peak of postmodernism at the end of the 20th century. Looking at urban fiction from the 1980s to the early 2000s, the journey of fictional protagonists through the streets of (mostly) New York City reveals an anxiety about the loss of self in the virtual, culminating in violence and destruction. From Auster and Ellis to Palahniuk and DeLillo, this book highlights how an increasingly distanced communication triggers the imagination of violence, making it an insightful read for scholars and aficionados of city literature, postmodernism, and communication alike.

Men Alone Jopi Nyman, 2022-02-28 This study examines masculinity and individualism in four American novels of the 1920s and 1930s usually regarded as belonging to the genre of hard-boiled fiction. The novels under study are *Red Harvest* by Dashiell Hammett, *The Postman Always Rings Twice* by James M. Cain, *They Shoot Horses, Don't They?* by Horace McCoy, and *To Have and Have Not* by Ernest Hemingway. In this first full-length study of gender in hard-boiled fiction the genre is discussed as a representation of the ideologies of masculinity and individualism. Hard-boiled fiction is located in its historical and cultural context and it is argued that the genre, with its explicit emphasis on masculinity and masculine virtues, attempts to reaffirm a masculine order. The study argues that this emphasis is a counter-reaction to more general changes in the gender relations of the period. Indeed, hard-boiled fiction is argued to be an attempt to reconstruct a masculine identity based on anti-modern values generally accepted in the cultural context of the genre.

Bret Easton Ellis Naomi Mandel, 2011-01-20 Collection of new critical essays on Bret Easton Ellis, focusing on his later novels: *American Psycho* (1991), *Glamorama* (1999), and *Lunar Park* (2005).

Anti-Heroes in the Works of Easton Ellis, Coe, Martel and Tsiolkas Panos Gerakis, 2024-04-02 In the late twentieth and early twenty-first centuries, globalization has significantly influenced gendered experiences worldwide. While scholarly attention has predominantly focused on women's lives and marked gender identities since the seventies, there remains a conspicuous gap in the exploration of the phenomenically "unmarked" gender and particularly men's identities and the unique challenges they face. Drawing upon a diverse array of texts and ideas from cultural theory, this book delves into crucial issues surrounding masculinity; the shame, struggle, precariousness, and predicaments inherent in navigating the expectations of being "a man" in today's era of neoliberalism and globalization. Through the lens of the main characters in novels by Bret Easton Ellis, Jonathan Coe, Yann Martel and Christos Tsiolkas, all from the anglophone sphere, the narrative illuminates these often overlooked facets of masculinity crisis. The book seeks to contribute to a deeper understanding of masculinities today, shedding light upon the vulnerable nature of the masculine experience.

Routledge Companion to Pakistani Anglophone Writing Aroosa Kanwal, Saiyma Aslam, 2018-10-10 The Routledge Companion to Pakistani Anglophone Writing forms a theoretical, comprehensive, and critically astute overview of the history and future of Pakistani literature in English. Dealing with key issues for global society today, from terrorism, religious extremism, fundamentalism, corruption, and intolerance, to matters of love, hate, loss, belongingness, and identity conflicts, this Companion brings together over thirty essays by leading and emerging scholars, and presents: the transformations and continuities in Pakistani anglophone writing since its inauguration in 1947 to today; contestations and controversies that have not only informed creative writing but also subverted certain stereotypes in favour of a dynamic representation of Pakistani Muslim experiences; a case for a Pakistani canon through a critical perspective on how different writers and their works have, at different times, both consciously and unconsciously, helped to realise and extend a uniquely Pakistani idiom.

Providing a comprehensive yet manageable introduction to cross-cultural relations and to historical, regional, local, and global contexts that are essential to reading Pakistani anglophone literature, *The Routledge Companion to Pakistani Anglophone Writing* is key reading for researchers and academics in Pakistani anglophone literature, history, and culture. It is also relevant to other disciplines such as terror studies, post-9/11 literature, gender studies, postcolonial studies, feminist studies, human rights, diaspora studies, space and mobility studies, religion, and contemporary South Asian literatures and cultures.
