**Development Banks and Sustainability in the Andean Amazon** Rebecca Ray,Kevin P. Gallagher,Cynthia A. Sanborn,2019-10-10 This book explores what development banks, governments, and communities have learned in the last decade of careful negotiation between social and environmental protections in the Andean Amazon, and the pressures of a surging infrastructure and development boom. While mega-dams, highways, and ports are filling up the pipelines of planners, the national governments of Andean and Amazon-basin countries and major development banks have enacted ambitious social and environmental protections. The book traces the development of social and environmental protections after years of struggle by affected communities, going beyond official policies to discover how these reforms work in practice, and ultimately whether they are enough to stem the risks of infrastructure mega-projects. As Chinese public banks play an increasingly important role in the region, the book also demonstrates that there is a risk of governments undercutting their own standards. By contrast, this book shows that making infrastructure work for everyone involved requires mutually reinforcing networks of support and accountability among communities, governments, and development banks. This book, led by an expert multi-disciplinary, international team, will be of considerable interest to researchers in the fields of development and development economics, geography, anthropology, and ecology, as well as practitioners in development banks and in government regulatory and foreign aid agencies.

**Territorio de la memoria: Arte y patrimonio en el sureste español** María del Mar Alberro Muñoz,Manuel Pérez Sánchez,2014-12-05 Estos estudios son una selección de aquellos presentados y discutidos en el I Congreso Nacional de Jóvenes Historiadores, reunión científica celebrada en Murcia en febrero de 2014. Allí, y bajo las premisas del debate y el intercambio del conocimiento, se plantearon estas visiones en torno a un territorio y una memoria, de la aguda necesidad que experimentan los pueblos de poseer una conciencia clara de su patrimonio histórico y cultural como arma fundamental para combatir toda clase de engaños, manipulaciones y tópicos, tan frecuentes en estos últimos tiempos. Este primer congreso tuvo como objetivo investigar aspectos diversos del patrimonio histórico artístico del levante español, particularmente en la

zona de Murcia, pero el propósito de los organizadores ha sido y es no circunscribirse exclusivamente a áreas locales, sino dar una mayor amplitud de miras a los trabajos que constituyan las aportaciones de los futuros congresos. La idea de convocar a jóvenes investigadores que, recién terminada su licenciatura de Historia del Arte, intentan hacer sus primeras armas en el campo de la investigación artística, nos parece excelente e imprescindible, tanto más cuanto que las circunstancias actuales hacen difícil ver publicados esos trabajos que a veces por excesiva bisonñez parecen a algunos carecer de interés, lo cual puede ser cierto; pero cuando a estos jóvenes investigadores se les cierra desde el principio el camino, corren el peligro de abandonar definitivamente un camino para el cual han recibido ya una buena formación que en el futuro puede convertirse en una auténtica madurez intelectual que conducirá a publicaciones de alto calado.

**Genocide and Millennialism in Upper Peru** Nicholas Robins, 2002-05-30 Exploring one of the least studied genocides in post-conquest South America, Robins calls into question many of the central assumptions currently held by genocide scholars. Victims of genocide usually lack the organization and weaponry to battle their enemies. During the 1780-1782 Great Rebellion in Peru and Upper Peru (now Bolivia), however, the Indian revolutionaries faced the better-organized and

armed loyalist army. Whereas genocidal policies are usually characterized by centralized leadership, the Great Rebellion was highly fragmented and confederal in nature, undercutting the widely-held assumption that only the State is capable of committing genocide. The Rebellion is one of the rare cases when the victims of genocide emerged victorious. Focusing on the events occurring in the region south of La Paz, Robins examines how a native millennial movement evolved into an Indian-led attempt at genocide, dealing an unprecedented challenge to Spanish rule in the Americas. In the eyes of the rebels, this revolt fulfilled prophecies of an inevitable, divinely assisted, and long-awaited return of native rule. Just like at the dawn of the colonial period, this new era was to be born of pachacuti, or cataclysm. But this time the Spanish interlopers and their culture would be targeted for destruction.

**Priest-Indian Conflict in Upper Peru** Nicholas A. Robins, 2007-06-25 This detailed volume offers an unprecedented exploration of incendiary conditions that stoked The Great Rebellion of 1780-1782 in Upper Peru (Bolivia). That revolt claimed tens of thousands of lives and traumatized imperial psyches for decades to come. It was, in effect, one of the most devastating political and human disasters in Latin American colonial history. Using extensive archival research, Nicholas Robins delves into the fractious relations between Indian communities and their clergy and the role that such tensions played as a major causal factor of the rebellion. Among the grievous economic and social issues were the use of forced Indian labor, land encroachment, colonial relations with native leaders, and collection of Indian tithes and first fruits. Powerful case histories offer rare insights into the daily exercise of power in colonial Andean villages. Compelling archival evidence provides a riveting portrait of clerical abuse in rural villages and reveals how Indian peoples challenged and resisted ruling powers with varying degrees of success. Robins' substantial documentation is enriched by a wealth of often colorful detail, making it an excellent choice for studies in Colonial Latin American history and indigenous Latin American communities.

**The Dominicans in the Americas and the Philippines (c. 1500-c. 1820)** David T. Orique, Rady Roldán-Figueroa, Cynthia Folquer, 2024-08-06 The Dominicans in the Americas and the Philippines (c. 1500-c. 1820) is part of a renewal of interest in the global history of the Dominican Order. Many of the essays were carefully selected among some of the papers presented at the III International Conference on the History of the Order of Preachers in the Americas, a gathering that stands in continuity with the conferences of Mexico (2013) and Bogotá (2016). This book, the contributors of which are active researchers specializing in the history of the Order of Preachers in Latin America, is organized in four parts: Women and the Order of Preachers; "Benditos Bienes": Libraries and Material Patrimony; Missions, Devotional, and Daily Life; and The Order of Preachers and Their Writings. Contributions deal with different subfields including art history, gender studies, history of the book, and intellectual history more broadly. Additionally, it contains a chapter examining the historiography of the Order of Preachers in Latin America. Covering the time range from 1510 to the early nineteenth century, the book fills a gap in the historiography of the Order of Preachers in the Americas, especially in English-language

scholarly literature. Students of Latin American history, the history of Christianity, and the history of global Catholicism will surely find the volume to be of great interest.

**Between Resistance and Adaptation** Caroline Williams,2005-01-01 Between Resistance and Adaptationexplores the Spanish colonization of the Chocoacute;, a lowland region of present-day Colombia that was crucial to Spanish interests in Latin America because of its large gold deposits. Controlling the gold required the Spanish to subdue the native population of the Chocoacute;; the author considers the strategies used by the colonizers, as well as the subtle, pragmatic responses of indigenous peoples. This book will interest anyone studying the colonial history of Latin America and the struggle of indigenous peoples against colonial powers.
