

Cruel Prince Age Rating

United States. Congress

Cruel but Not Unusual Ramona Alaggia, Cathy Vine, 2013-05-21 Violence in families and intimate relationships affects a significant proportion of the population—from very young children to the elderly—with far-reaching and often devastating consequences. *Cruel but Not Unusual* draws on the expertise of scholars and practitioners to present readers with the latest research and thinking about the history, conditions, and impact of violence in these contexts. For this new edition, chapters have been updated to reflect changes in data and legislation. New chapters include an examination of trauma from a neurobiological perspective; a critical analysis of the “gender symmetry debate,” a debate that questions the gendered nature of intimate violence; and an essay on the history and evolution of the women’s movement dedicated to addressing violence against women, which advances theoretical developments that remind readers of the breadth of inclusivity that should be at the heart of working in this field.

Danubia: A Personal History of Habsburg Europe Simon Winder, 2014-01-21 A charmingly personal history of Habsburg Europe, as lively as it is informative, by the author of *Germania* For centuries much of Europe and the Holy Roman Empire was in the royal hands of the very peculiar Habsburg family. An unstable mixture of wizards, obsessives, melancholics, bores, musicians and warriors, they saw off—through luck, guile and sheer mulishness—any number of rivals, until finally packing up in 1918. From their principal lairs along the Danube they ruled most of Central Europe and Germany and interfered everywhere—indeed the history of Europe hardly makes sense without the House of Habsburg. *Danubia*, Simon Winder's hilarious new book, plunges the reader into a maelstrom of alchemy, royalty, skeletons, jewels, bear-moats, unfortunate marriages and a guinea-pig village. Full of music, piracy, religion and fighting, it is the history of a strange dynasty, and the people they ruled, who spoke many different languages, lived in a vast range of landscapes, believed in rival gods and often showed a marked ingratitude towards their oddball ruler in Vienna. Readers who discovered Simon Winder's storytelling genius and infectious curiosity in *Germania* will be delighted by the eccentric and fascinating tale of the

Habsburgs and their world.
