Death's Door (Bob Skinner series, Book 17) Quintin Jardine, 2008-09-04 A serial killer is setting the most devious traps... There's no end to the deviousness of a murderer, and DCC Bob Skinner won't stop until the killer is caught in *Death's Door*, a riveting crime novel from Scotland's Crime Master Quintin Jardine. Perfect for fans of Ian Rankin and Val McDermid. 'Jo Bannister, Peter Turnbull, and Ian Rankin can be considered read-a-likes, but when it comes to the depiction of a multilevel police force in action, Jardine... stands alone' - Library Journal When two young female artists are murdered in what looks like ritualistic killings, the pressure is on to find a highly professional murderer. What is the link with the art world? Is the killer a disgruntled art critic? A twice-jilted lover? The arrival of the father of one of the victims, millionaire businessman Davor Boras, brings in the big guns of the Home Office, MI5 and the CIA. It's not long before Deputy Chief Constable Bob Skinner gets called back to the frontline. With an estranged son, a dubious assistant and connections in very high places, what is more important to Boras: business or family? There's too much at stake - there's going to be bloodshed, and Skinner's men are at risk of getting caught in the crossfire... What readers are saying about *Death's Door*: 'This book has a wonderful, intriguing storyline... an overall must read' 'Flows along at speed like all Skinner novels but keeps you in suspense right up to the last page' '[Quintin Jardine] is THE best crime writer of all time'

Serial Killers The New York Times Editorial Staff, 2018-12-15 Jack the Ripper. Charles Manson. Ted Bundy. Jeffrey Dahmer. Aileen Wuornos. These names conjure images of the worst of humankind. Much of what we know about these

infamous predators came from news coverage at the time they were committing the murders that would scare and intrigue generations of readers. Sketches of these uniquely terrifying people emerged through descriptions of the victims and crime scenes, likely suspects, trials, sentences, and, in some cases, their own deaths. Grouped into four chapters that span the 1890s through 2010s, this book profiles nine of the most infamous serial killers in history.

Stacey Schoeck, Valentines Day Killer Ana Benton, 2019-08-14 Richard and Stacy Schoeck had a perfect marriage, or at least it looked ideal for their friends and family. Even though they have been together for a long time, they seemed to have eyes only for each other. Richard was Stacy's fifth husband and everyone was certain that he was indeed the love of her life. The couple still went on dates and celebrated their love in every way possible. So when Valentine's Day in 2010 came around, the Schoecks were setting up a romantic little getaway and a card exchange in a picturesque Belton Bridge Park which is located in Lula, Georgia. Lula is a quiet little tourist town so when their Police Department received a frantic phone call with Stacy on the other end of the line, they knew something serious had happened. The town was shocked to discover that a murder occurred right there in their calm little oasis. But soon enough, the sinister plot started to unravel and the law enforcement realized that things were not as they seemed. So what made Stacy Schoeck turn on her loving husband and who helped her with the murderous plan?

Ted Bundy - The Serial Killer Next Door Joe Blake, 2021-11-09 Ted Bundy is generally regarded to be the third most prolific American serial killer in history. Those who knew Bundy as a young man considered him to be preppy and square. They did not detect any dark heart or evil lurking in the body of Ted Bundy. Yet this is a man who murdered women and children and bludgeoned victims with pipes and crowbars. A man who shot and stabbed people and sexually abused the corpses of his victims. This is a man who would leave his victims covered in bite marks and then saw off their heads. By any standards this was an evil and ruthless man. And yet Bundy didn't look like a serial killer at all. He seemed alarmingly normal and kind to those who knew him. How was Bundy able to fool so many people and hide his true nature from them? Who exactly was Ted Bundy and why are we still fascinated by his harrowing story?

The Devil's Disciple - Serial Killer Patrick Mackay Pete Dove, 2021-07-04 Patrick Mackay had killed at least eleven people in his short life, including a four year old child, a nanny, an elderly priest and an 89 year old woman. Today, the killer has been in prison for forty four years. That makes him the longest serving inmate currently serving time in a British jail. He is slightly ahead of the notorious Michael Peters. While, that is not a name which may be familiar to all true crime aficionados, his alternative identity - Charles Bronson - will. (Peters even spent a spell known as Charles Salvador in recognition of the artist, Salvador Dali, whose work he admired). Other long servers include, until he died recently, Moors murderer Ian Brady, and Yorkshire Ripper Peter Sutcliffe. But given that Mackay killed many more people than either Brady or Bronson - in fact he is one of Britain's most prolific serial killers - how it is possible that he is not better known?

Ed Gein Jack Hunter,2025-04-29 The shocking true story of one of America's most gruesome and unforgettable serial killers. In the quiet town of Plainfield, Wisconsin, police uncovered a house of horrors-furniture made from human skin, skulls turned into bowls, and a hidden life of unimaginable depravity. At the center was Ed Gein, a reclusive farmer whose crimes would horrify a nation and shape the darkest corners of true crime history. This gripping account delves into Gein's twisted upbringing, his descent into madness, and the disturbing evidence that stunned even seasoned investigators. Drawing on criminal psychology and detailed forensic analysis, author Jack Hunter exposes the haunting legacy of a man whose name remains synonymous with evil. Ideal for readers of true crime, serial killer biographies, forensic case studies, and criminal psychology, Ed Gein is a chilling portrait of isolation, obsession, and the disturbing truth behind one of the most infamous killers in American history.

Serial Sex Killers David Elio Malocco,2014-02-23 The American serial killer, Henry Lee Lucas, once grimly proclaimed: All across the country, there are people just like me, who set out to destroy human life. Every country has serial killers and most of them are never caught. The frightening thing is that you probably know someone near you who appears to be quite normal, friendly, happily married, maybe even with children. But that outwardly normal person could actually be a closet psychopath. The figures for psychopaths are alarmingly one, one in every twenty five people. This meticulously researched book, containing the most up to date information available, provides an altogether intriguing investigation into the dark hearts and twisted minds of the most deviant sexual psychopaths American has ever known and investigates the questions we all want answered. Was Dr. Thomas Neil Cream actually the real Jack the Ripper? Instead of serving the final few years of his prison sentence in Joliet Prison in Illinois, was he, in fact released early and did he travel to London in 1888 to commit the Ripper crimes? Was Albert De Salvo responsible for any of the Boston Strangler murders or is the real Boston Strangler or Stranglers still alive? The book names the two prime suspects, one dead and one still alive. This case is brought right up to events in 2014. Who else was involved with John Wayne Gacy in the torture and murder of several dozen young men? Clearly, he was assisted by associates. Why have they never been charged? How many people did Ed Gein really kill? Was he really insane or was he faking it to avoid execution? Is it possible that Ted Bundy and Gary Ridgway actually killed hundreds of female victims, far more than was previously thought? Will their bodies ever be found Was Albert Fish, who tortured, murdered, dismembered and ate the bodies of little children all across America, the most depraved sexual psychopath ever? How many children did he actually torture and kill, five or one hundred? Read all about them in this fascinating and hugely enjoyable book featuring Dr. Thomas Cream, Albert Fish, Albert De Salvo, Ed Gein, John Wayne Gacy, Ted Bundy, Gary Ridgway and Jeffrey Dahmer and learn about their families, their upbringing, their crimes, their motivations and how they were finally caught. Were they insane or just cunningly evil, depraved killers? Read the arguments for and against in this hugely enjoyable book and make up your own mind about the world's most notorious serial sex killers.

One Survivor Laurel Galvan, Barbara Mabee Abel, 2021-02-15 A true story of the only kidnapped and raped survivor of the notorious Casanova Serial Killer. How does one survive a serial killer that claims to have killed 35 people? That he never leaves a witness alive. A man so deranged that his chosen victims are as young as a set of sisters 7 and 11 years old and a senior woman as old as 63. Raping and strangling them to death. The senior woman choking to death while being gagged as this monster burglarizes her home. He rapes and kills men, women, and children. He kills them by strangulation, stabbing, or shooting them, including a state trooper with his Jekyll and Hyde personalities. A man that is so well-spoken, good-looking, with wonderful manners and great intelligence could instantly flip his personality into a vicious, homicidal maniac. A killer that crosses 40 states, over 20,000 miles in six months just to seek out victims to kill and make himself the most infamous serial killer in history. What are your chances to survive? Can it make you stronger? Not only in your faith in God and life but the courage in your soul to defeat so many life's challenges.

Ted Bundy Ryan Becker, 2018-03-22 The most fearsome Serial Killer in U.S. history. A murderer's tale is not always shrouded in darkness, trauma, and failure to perform as a normal person. Some killers are just as successful in life as those around them or even more so. They are able to function as any regular human being and charm their communities and victims into believing that they are of a good, pure nature. Ted Bundy was a handsome, charming and ambitious man who carried his hatred deeper and more hidden than any other murderers do. He was able to lead a life that included normal friendships and relationships, and he even got far as both a student and a politician. But the hatred was there...it was always there... Bundy ended the lives of over thirty young women, ensuring that their final moments were ugly and violent. His torture methods were cruel, and there was no mercy shown to each female as he bludgeoned, strangled or cut them. Ted Bundy - The Campus Killer - a name of nightmares. This is his story.

Murder On His Mind Serial Killer Anne Penn, 2017-03-20 Murder on His Mind Serial Killer is the true crime story of the Original Night Stalker AKA East Area Rapist who first terrorized Rancho Cordova/Sacramento areas in Northern California as a serial rapist. Moving on to Southern California he truly became the serial killer and rapist Law Enforcement was afraid he would evolve into. The Original Night Stalker carried out the murders of at least 13 people in Northern and Southern California. This serial rapist and murderer moved about freely as law enforcement has been unable to catch a break and have to this date been unable to apprehend him. A very deadly criminal this man was prepared to do whatever it took to be free. Many active and retired law enforcement still worked the case that had become cold. The FBI has once again joined in the chase. It has been 40 years since the first known attacks in Northern California. It has been 30 years since the last senseless murder of a young woman in Irvine California. How much longer will the families have to wait for justice in this case? Will we ever match his DNA to a name? Will we ever see who has been under the mask? Now since April 2018 we have alleged serial killer Joseph James DeAngelo in the Sacramento County jail. We await his trial scheduled to begin in about the

year 2022. He will be tried in Sacramento by seven jurisdictions which is unprecedented. DNA and genealogy found him right where Anne predicted the criminal would be in Sacramento County. Anne predicted within these pages the geography of where he would be found back in 2016-2017. This first edition did not say how Anne is connected to the case as she simply said she knew some of the victims. The second edition which follows this tells of her connection in detail as well as more investigations and more information about DNA. There are 510 pages in edition 2. Thank you for reading this book.
