Recovering The U.S Hispanic Literary Heritage, Volume VI Antonia Castañeda, Gabriel Meléndez, 2007-03-31 Fifteen years of archival and critical work have been conducted under the auspices of the Recovering the U.S. Hispanic Literary Heritage Project at the University of Houston. This ongoing and comprehensive program seeks to locate, identify, preserve, and disseminate the written culture of U.S. Latinos from the Spanish Colonial Period to contemporary times. In the sixth volume of the series, the authors explore key issues and challenges in this project, such as the issues of place or region in Hispanic intellectual production, nationalism and transnationalism, race and ethnicity, as well as methodological approaches to recovering the documentary heritage. Included are essays on religious writing, the construction of identity and nation, translation and the movement of books across borders, and women writers and revolutionary struggle.

**The Lost Cinema of Mexico** Olivia Cosentino, Brian Price, 2022-02-08 This volume challenges the dismissal of Mexican filmmaking during the 1960s through 1980s, an era long considered a low-budget departure from the nation's earlier Golden Age, examining the critical implications of discovering, uncovering, and recovering forgotten or ignored films.

**The Lakes of the Basin of Mexico** Carlos E. Cordova, 2022-11-01 This book is a review of research on the prehistoric and historic evolution of the Basin of Mexico's lacustrine systems. Based on this review, the book presents a model of long and short-term natural lacustrine dynamics as the basis for understanding the processes of human adaptation and transformation of the aquatic ecosystems of the Basin of Mexico. Although only remains of the former lakes exist, the book stresses the importance of the knowledge of the former natural and cultural history of the lakes. In this sense, the book addresses the misconceptions and misinterpretations of the lakes that still exist in the literature and the media and that do not reflect the real nature of the lakes in the past. Therefore, the book attempts to not only feed into the local knowledge of the lakes, but also contribute to the worldwide knowledge of lacustrine dynamics and human populations that lived in and around them. The book should be of interest to geographers, geologists, archaeologists, natural historians and environmental scientists, civil engineers, city planners and those involved in the management of natural resources.

*North to Aztlan* Arnoldo De Leon, Richard Griswold del Castillo, 2012-06-05 Contemporary observers often quip that the American Southwest has become "Mexicanized," but this view ignores the history of the region as well as the social reality. Mexican people and their culture have been continuously present in the territory for the past four hundred years, and Mexican Americans were actors in United States history long before the national media began to focus on them—even long before an international border existed between the United States and Mexico. *North to Aztlán*, an inclusive, readable, and affordable survey history, explores the Indian roots, culture, society, lifestyles, politics, and art of Mexican Americans and the contributions of the people to and their influence on American history and the mainstream culture. Though cognizant of changing interpretations that divide scholars, Drs. De León and Griswold del Castillo provide a holistic vision of the

development of Mexican American society, one that attributes great importance to immigration (before and after 1900) and the ongoing influence of new arrivals on the evolving identity of Mexican Americans. Also showcased is the role of gender in shaping the cultural and political history of La Raza, as exemplified by the stories of outstanding Mexicana and Chicana leaders as well as those of largely unsung female heroes, among them ranch and business owners and managers, labor leaders, community activists, and artists and writers. In short, readers will come away from this extensively revised and completely up-to-date second edition with a new understanding of the lives of a people who currently compose the largest minority in the nation. Completely revised, re-edited, and redesigned, featuring a great many new photographs and maps, *North to Aztlán* is certain to take its rightful place as the best college-level survey text of Americans of Mexican descent on the market today.

**Spanish-language Newspapers in New Mexico, 1834-1958** Anthony Gabriel Meléndez, 2005-01-01 For more than a century, Mexican American journalists used their presses to voice socio-historical concerns and to represent themselves as a determinant group of communities in Nuevo México, a particularly resilient corner of the Chicano homeland. This book draws on exhaustive archival research to review the history of newspapers in these communities from the arrival of the first press in the region to publication of the last edition of *Santa Fe* and *El Nuevo Mexicano*. Gabriel Meléndez details the education and formation of a generation of Spanish-language journalists who were instrumental in creating a culture of print in native communities. He then offers in-depth cultural and literary analyses of the texts produced by *los periodiqueros*, establishing them thematically as precursors of the Chicano literary and political movements of the 1960s and 1970s. Moving beyond a simple effort to reinscribe *Nuevomexicanos* into history, Meléndez views these newspapers as cultural productions and the work of the editors as an organized movement against cultural erasure amid the massive influx of easterners to the Southwest. Readers will find a wealth of information in this book. But more important, they will come away with the sense that the survival of *Nuevomexicanos* as a culturally and politically viable group is owed to the labor of this brilliant generation of newspapermen who also were statesmen, scholars, and creative writers.

Recovering the U.S. Hispanic Literary Heritage, Volume V Kenya Dworkin y Meléndez, Agnes Lugo-Ortiz, 2006-05-31 This volume of essays marks the fifteenth year of archival and critical work conducted under the auspices of the Recovering the U.S. Hispanic Literary Heritage Project at the University of Houston. This ongoing and comprehensive program seeks to locate, identify, preserve, and disseminate the literary contributions of U.S. Latinos from the Spanish Colonial Period to contemporary times. The contributors explore key issues and challenges in this project, such as the issue of its legitimacy and acceptance in the academic canon, whether the basic archival phase of the Recovery Project is complete, and if the assumption that there is widespread recognition of the existence and vitality of a centuries-long U.S. Hispanic literary tradition may be premature and perhaps imprudent. Originally presented at the biennial conferences of the Recovery project,

the essays are divided in five sections: Rethinking Latino/a Subject Positions, Negotiating Cultural Authority and the Canon, Orality, Performance, and the Archive, Re-Contextualizing Maria Amparo Ruiz de Burton, and Bibliographic Reports. Covering a wide range of topics, essays include Bending Chicano Identity and Experience in Arturo Isla's Early Borderland Short Stories, Recovering Mexican America in the Classroom, and Early New Mexican Criticism: The Case of Breve Resena de la literatura hispana de Nuevo Mexico y Colorado. In their introduction, editors Kenya Dworkin y Mendez and Agnes Lugo-Ortiz give an overview of the editorial framing of the previous volumes in the series and discuss the significant research issues and agendas raised over the past fifteen years. This volume, like the ones that precede it, is bilingual, confirming the cultural politics that have animated the Recovery Project since its inception: the understanding that the U.S. is a complex multicultural and multilingual society.

The Routledge Companion to Cult Cinema Ernest Mathijs, Jamie Sexton, 2019-11-22 The Routledge Companion to Cult Cinema offers an overview of the field of cult cinema – films at the margin of popular culture and art that have received exceptional cultural visibility and status mostly because they break rules, offend, and challenge understandings of achievement (some are so bad they're good, others so good they remain inaccessible). Cult cinema is no longer only comprised of the midnight movie or the extreme genre film. Its range has widened and the issues it broaches have become battlegrounds in cultural debates that typify the first quarter of the twenty-first century. Sections are introduced with the major theoretical frameworks, philosophical inspirations, and methodologies for studying cult films, with individual chapters excavating the most salient criticism of how the field impacts cultural discourse at large. Case studies include the worst films ever; exploitation films; genre cinema; multiple media formats cult cinema is expressed through; issues of cultural, national, and gender representations; elements of the production culture of cult cinema; and, throughout, aspects of the aesthetics of cult cinema – its genre, style, look, impact, and ability to yank viewers out of their comfort zones. The Routledge Companion to Cult Cinema goes beyond the traditional scope of Anglophone and North American cinema by including case studies of East and South Asia, continental Europe, the Middle East, and Latin America, making it an innovative and important resource for researchers and students alike.

*Mexican Cinema* Carl J. Mora, 1989 The author's main reason for writing this book, however, is simply to provide an introduction to the Mexican commercial cinema for American and other English-speaking readers. Although the United States has been, and continues to be, a major foreign market for Mexican movies, the overwhelming majority of Americans are unaware of them. Mexican films are restricted to the Hispanic theater circuits and shown without English subtitles; therefore anyone wishing to see a Mexican movie would have to be fairly fluent in Spanish. Such a requisite effectively eliminates almost the entire general audience in the United States from exposure to Mexican cinema.

**Handbook of Middle American Indians, Volume 13** Robert Wauchop, 1973 This book is part of an encyclopedia set

concerning the environment, archaeology, ethnology, social anthropology, ethnohistory, linguistics and physical anthropology of the native peoples of Mexico and Central America. The Guide to Ethnohistorical Sources is comprised of volumes 12-15 of this set. Volume 13 presents a look at pre-Columbian Mesoamerican from a combined historical and anthropological viewpoint, using official ecclesiastical and government records from the time.

**Los días que cambiaron México** Carlos Silva, 2017-02-10 Con alta intensidad, el historiador Carlos Silva intenta resolver y explicar los porqués de los eventos por los que atraviesa México. En una vuelta por nuestro pasado reciente, éste libro ofrece al lector la oportunidad de explorar los momentos que cambiaron el rostro de México. Bajo esta obra se despliegan los días, las ideas y las personas que protagonizaron esta impresionante historia. Por el autor de 101 preguntas de historia de México. Con presentación de Vicente Quirarte. Con alta intensidad, el historiador Carlos Silva, autor del bestseller 101 preguntas de historia de México, intenta resolver y explicar los porqués de los eventos por los que atraviesa. A manera de postales, cada evento fue seleccionado por su trascendencia en el panorama nacional, donde lo social se mezcla con lo político, la innovación tecnológica con el jolgorio artístico: de la noche en la que pedían a gritos que no se apagara el primer cinematógrafo en México, pasando por la construcción de la Universidad Nacional hasta la reforma política que transformó el Distrito Federal en la Ciudad de México. Los días que cambiaron México es un trabajo que, en palabras de su autor, nos permitirá conocer y reconocer al México que en su más amplia dimensión es parte de todos.
