John Stuart Mill

Montesquieu's 'The Spirit of the Laws' ,2024-02-06 The Spirit of the Laws not only systematizes the foundational ideas of “separation of powers” and “balances and checks,” it provides the decisive response to the question of whether power in the nation-state can be limited in the aftermath of the Westphalian settlement of 1648. It describes a civilizational change through which power becomes domesticated, with built-in resistance to attempts to absolutize (or make total) political power. As such, it is the Bible of modern politics, now made more accessible to English readers than it ever has been.

Vattel's International Law from a XXIst Century Perspective / Le Droit International de Vattel vu du XXIe Siècle Vincent Chetail,Peter Haggemacher,2011-05-23 No other scholar has so deeply influenced the development of international law or shaped the doctrinal debates as Vattel. More than 250 years after its publication, his Law of Nations has remained the most frequently quoted treatise of international law. Vattel's International Law from a XXIst Century Perspective explores the reasons behind the extraordinary authority of Vattel and analyses its continuing relevance for thinking and understanding contemporary international law. It gathers the contributions from well-known experts of international law and history for the purpose of evaluating the Law of Nations from a XXIst century perspective. The multiple facets of Vattel's thinking are apprehended through a wide-ranging and comprehensive analysis respectively devoted to the international system, the sources of international law, the subjects of international law, the law of peace, and the law of war.

Poetry, Bible and Theology from Late Antiquity to the Middle Ages Michele Cutino,2020-07-06 This volume examines for the first time the most important methodological issues concerning Christian poetry – i.e. biblical and theological poetry in classical meters – from a diachronic perspective. Thus, it is possible to evaluate the doctrinal significance of these compositions and the role that they play in the development of Christian theological ideas and biblical exegesis.

Contemplation and Incarnation Christophe F. Quant a la Nature de L'Homme John M. Allen,2001-11 Exploring the depths of human nature in the light of biblical teaching, the author carves a straight path through the tangled undergrowth of Greek Gnosticism that has infiltrated the

Church today. Startling in its simplicity, this book takes the reader to the core of the problem, clearly outlining the issues at stake and dealing with them uncompromisingly. Are children to blame for their parents' sin? Why does man sin? Does a Christian have a dual nature? Are we born bad? Does our nature compel us to commit certain actions, whether bad or good? What is the relationship between a twentieth-century Christian and Adam? Does God see Jesus when He looks at the Church? What is the truth regarding unconditional eternal security? Can a Christian be lost? Answering these questions and many others purely from the Bible, the author brings light and hope on this most misunderstood of all subjects - the nature of man.
