Arthur Golden

Memoirs of a Geisha Arthur Golden,1997 Captivating, minutely imagined . . . a novel that refuses to stay shut (Newsweek), *Memoirs of a Geisha* is now released in a movie tie-in edition.

Memoirs of a Geisha Arthur Golden,1999 *Memoirs of A Geisha* is an epic drama about the remote and shimmeringly exotic world of Sayuri, one of Japan's most celebrated geishas. The novel has been a beloved bestseller all over the world and is now set to become the major movie event of the year. The film stars Asia's most celebrated movie stars including Zhang Ziyi (House of Flying Daggers; Hero), Ken Watanabe (The Last Samurai), Gong Li (Raise The Red Lantern), and Michelle Yeoh (Crouching Tiger, Hidden Dragon). In this literary tour de force, novelist Arthur Golden enters a remote and shimmeringly exotic world. For the protagonist of this peerlessly observant first novel is Sayuri, one of Japan's most celebrated geisha, a woman who is both performer and courtesan, slave and goddess. We follow Sayuri from her childhood in an impoverished fishing village, where in 1929, she is sold to a representative of a geisha house, who is drawn by the child's unusual blue-grey eyes. From there she is taken to Gion, the pleasure district of Kyoto. She is nine years old. In the years that follow, as she works to pay back the price of her purchase, Sayuri will be schooled in music and dance, learn to apply the geisha's elaborate makeup, wear elaborate kimono, and care for a coiffure so fragile that it requires a special pillow. She will also acquire a magnanimous tutor and a venomous rival. Surviving the intrigues of her trade and the upheavals of war, the resourceful Sayuri is a romantic heroine on the order of Jane Eyre and Scarlett O'Hara. And *Memoirs of a Geisha* is a triumphant work - suspenseful, and utterly persuasive. From the Paperback edition.

The Courtesan's Arts Martha Feldman,Bonnie Gordon,2006-03-23 Courtesans, hetaeras, tawaif-s, ji-s--these women have exchanged artistic graces, elevated conversation, and sexual favors with male patrons throughout history and around the world. In Ming dynasty China and early modern Italy, exchange was made through poetry, speech, and music; in pre-colonial India through magic, music, chemistry, and other arts. Yet like the art of courtesanry itself, those arts have often thrived outside present-day canons and modes of transmission, and have mostly vanished without trace. *The Courtesan's Arts* delves into this hidden legacy, while touching on its equivocal relationship to geisha. At once interdisciplinary, empirical, and theoretical, the book is the first to ask how arts have figured in the survival or demise of courtesan cultures by juxtaposing research from different fields. Among cases studied by writers on classics, ethnomusicology, anthropology, and various histories of art, music, literature, and political culture are Ming dynasty China, twentieth-century Korea, Edo and modern Japan, ancient Greece, early modern Italy, and India, past and present. Refusing a universal model, the authors nevertheless share a perception that courtesans hover in the crevices of space, time, and practice--between gifts and money, courts and cities, subtlety and flamboyance, feminine allure and masculine power, as wifely surrogates but keepers of culture. What most binds them to their arts in our post-industrialized world of global services and commodities, they find, is courtesans' fragility, as their cultures, once vital to civilizations founded in leisure and pleasure, are now largely forgotten, transforming courtesans into national icons or historical curiosities, or reducing them to prostitution.

Memoirs of a Geisha Peggy Mulloy,David James,2005-10-20 A stunning visual companion to the highly anticipated new film from director Rob Marshall (Chicago), based on the international bestseller by Arthur Golden—a major holiday release from Columbia Pictures. Featuring over 150 full-color photographs and drawings, this lavishly illustrated book captures the artistry and romance behind the exquisite new film from Rob Marshall, the director of the Oscar®-winning film Chicago, starring Ziyi Zhang (House of Flying Daggers) and Ken Watanabe (The Last Samurai). Directed by Academy Award®-nominee Rob Marshall (Chicago) and produced by Lucy Fisher, Douglas Wick, and Steven Spielberg, from a screenplay by Robin Swicord and Doug Wright, *Memoirs of a Geisha* features an all-star Asian cast including Michelle Yeoh (Crouching Tiger, Hidden Dragon), Koji Yakusho (Shall We Dance?), Youki Kudoh (Snow Falling on Cedars), and Gong Li (Raise the Red Lantern). Based on the internationally acclaimed novel by Arthur Golden, *Memoirs of a Geisha* is a sweeping romantic epic set in the mysterious and exotic world that still casts a potent spell today. The story begins in the years before WWII when a penniless Japanese child is torn from her family to work as a servant in a geisha house. Despite a treacherous rival who nearly breaks her spirit, the girl blossoms into the legendary geisha Sayuri (Ziyi Zhang). Beautiful and accomplished, Sayuri

captivates the most powerful men of her day, but is haunted by her secret love for the one man who is out of her reach (Ken Watanabe). The Newmarket Pictorial Moviebook explores the intricate process of re-creating the period and world of the geisha. Special sections showcase production design, makeup, choreography, and costumes, featuring kimonos created especially for the movie by five-time Oscar®-nominated costume designer Colleen Atwood. Sidebars throughout also provide fascinating historical background on the geisha culture.

After Orientalism, 2016-08-09 How does Edward Said's Orientalism speak to us today? What relevance did and does it have politically and intellectually? How and in what modes does Orientalism engage with new, intersecting fields of inquiry? At the occasion of the twenty-fifth anniversary of Orientalism these questions shape the essays collected in the present volume. The "after" of the title does not only guide the contributions in a look on past discussions, but specifically points at future research as well. Orientalism's critical entanglements are thus connected to productive looks; these productive looks make us read differently, but only after we recognize our struggle with the dominant notions that we live by, that divide and unite us. More specifically, this volume addresses three fields of research enabling productive looks: visual culture; the body, sexuality and the performative; and national identities, modernity and gender. All articles, weaving delicate, new analytical and theoretical textures, maintain vital links with at least two of the fields mentioned. Orientalism's role as a cultural catalyst is gauged in the analysis of materials such as Iranian film, 16th and 17th century Venetian representations of "the Turk," Barthes' take on Japanese culture, modern Arab travel narratives, Palestinian popular culture, photography on and of the Maghreb, Japanese queer and gay culture, the 19th century Illustrated London News, theories on migration and exile, postcolonial cinema, and Hanan al-Shaykh's and Mai Ghoussein's writing on civil war in Lebanon. Authors include: Karina Eileraas, Belgin Turan Özkaya, Joshua Paul Dale, John Potvin, Mark McLelland, Tina Sherwell, Nasrin Rahimieh, Stephen Morton, Anastasia Vallasopoulos, Suha Kudsieh and Kate McInturff.

Global Book Movements Evelyn Saxon, AI, 2025-05-06 *Global Book Movements* examines how literary movements spread across borders, transforming world literature. It explores the catalysts behind these shifts, the impact of translation, and the cultural adaptations that occur as ideas take root in new environments. Notably, literary movements aren't just replicated; they blend with local traditions, a process of creolization that challenges traditional notions of literary influence. The book highlights the agency of writers and readers in shaping the global literary landscape. The approach involves case studies of movements like Romanticism, Modernism, and Postcolonial literature, analyzing their origins, characteristics, and transformations in various cultural contexts. It acknowledges the roles of colonialism, globalization, and evolving communication technologies in facilitating or hindering the circulation of ideas. The book progresses by first introducing core concepts and then delving into specific examples, culminating in a theoretical framework for understanding global literary exchange.

Books and Beyond Kenneth Womack, 2008-10-30 There's a strong interest in reading for pleasure or self-improvement in America, as shown by the popularity of Harry Potter, and book clubs, including Oprah Winfrey's. Although recent government reports show a decline in recreational reading, the same reports show a strong correlation between interest in reading and academic achievement. This set provides a snapshot of the current state of popular American literature, including various types and genres. The volume presents alphabetically arranged entries on more than 70 diverse literary categories, such as cyberpunk, fantasy literature, flash fiction, GLBTQ literature, graphic novels, manga and anime, and zines. Each entry is written by an expert contributor and provides a definition of the genre, an overview of its history, a look at trends and themes, a discussion of how the literary form engages contemporary issues, a review of the genre's reception, a discussion of authors and works, and suggestions for further reading. Sidebars provide fascinating details, and the set closes with a selected, general bibliography. Reading in America for pleasure and knowledge continues to be popular, even while other media compete for attention. While students continue to read many of the standard classics, new genres have emerged. These have captured the attention of general readers and are also playing a critical role in the language arts classroom. This book maps the state of popular literature and reading in America today, including the growth of new genres, such as cyberpunk, zines, flash fiction, GLBTQ literature, and other topics. Each entry is written by an expert contributor and provides a definition of the genre, an overview of its history, a look at trends and themes, a discussion of how the literary form engages contemporary issues, a review of the genre's critical reception, a discussion of authors and works, and suggestions for further reading. Sidebars provide fascinating details, and the set closes with a selected, general bibliography. Students will find this book a valuable guide to what they're reading today and will appreciate its illumination of popular culture and contemporary social issues.
