Many Are Saying Rolf A. Jacobsen, 2004-04-01 In recent years, Old Testament scholars have come to see that the aesthetic and rhetorical richness of Hebrew poetry goes far beyond simple synonymous, antithetic, and synthetic parallelism. One aspect that has yet to receive sustained treatment is the poetic device known as direct discourse or quotation—the direct citation of a person's speech. Rolf A. Jacobson remedies this lack and makes a significant contribution to Old Testament studies by offering a sustained investigation into the function of direct discourse in the Hebrew Psalter. This leads to a greater understanding both of direct discourse and also of those psalms in which this poetic device occurs.

Transformation by the Spirit and the Word Will Loescher, 2023-03-01 This book is a distillation of reading Acts for over fifty years, preaching it for twenty-five years, and studying it in-depth for five years. My aim is for students, church leaders, preachers, and missionaries to join me on a journey of narrative theology—a literary exploration of transformation by the Spirit and the Word in Acts. As with every part of God's inspired Scriptures, there is always more to discover and apply. As a Reformed Charismatic I believe that Acts is our story. However, rather than just attempting to copy it, I suggest that the book's unexpected literary shape reveals a challenging missional significance. The need for world gospel mission continues

today. However, like the early church, we often contain the Holy Spirit within our own structures and are reluctant to move out of our comfort zones. Acts shows the church's priority is to be God's mission instrument in the world. Let's study, lead, preach, and go from Acts so that we realize Jesus's promise "that you will receive power when the Holy Spirit comes upon you and you will be my witnesses in Jerusalem, Judea and Samaria, and to the end(s) of the earth" (Acts 1:8).

Bread from Heaven Peder Borgen, 1965

Philodemus Philodemus, 2003 The On Poems by Philodemus (c.110-35 BC), the Epicurean philosopher and poet who taught Virgil and influenced Horace, is our main source for Hellenistic literary theory. In Book 1 Philodemus summarizes a survey of previously unknown poetic and aesthetic theories. Compiled by Crates of Mallos this survey reviews the critical theories of earlier Epicureans, Peripatetics, and Stoics, who argued in some way that sound is the source of poetic excellence, and that the ear, unaided by the mind, can judge it. Philodemus led the reaction against this invasion of Hellenistic literary criticism by musical theory, arguing that form and content are interrelated, and that substantive content, not pretty sound, is what makes poetry worthwhile. The 200 fragments of Book 1 were entirely jumbled after its discovery at the site of Vesuvius' destruction of Herculaneum. This edition reconstitutes their original sequence, according to a new method, while exploiting previously unknown manuscript sources and new techniques for reading the extant pieces. In thus restoring this important aesthetic treatise from antiquity, it makes a major addition to the corpus of classical literature.

Bread From Heaven Peder Borgen, 2017-04-01 If John 6 can be considered the Grand Central Station of Johannine Critical issues, Peder Borgen's 1965 monograph, *Bread from Heaven*, proved to be one of the most incisive and important monographs on that difficult chapter. With extensive implications for addressing a host of other New Testament issues--including the unity and disunity of John's narrative, relations between Johannine and Synoptic traditions, and the socio-religious context of the Fourth Gospel--Borgen's work argues hard for a unitive view of the Johannine text. Rather than seeing John's story of Jesus as an amalgam of disparate sources, or as dependent on the Synoptics, Borgen explores a number of commonalities between contemporary Jewish writings, including the writings of Philo and haggadic midrashim. In so doing, new glimpses are also availed onto the dialectical Johannine situation, including an antidocetic thrust as well as Johannine-synagogue engagements. The enduring impact of Borgen's work shows the Fourth Gospel to represent a self-standing tradition, characterized by Jewish engagements of biblical texts, contributing to homiletic expansions upon memories of the ministry of Jesus for later generations. --From the Foreword by Paul N. Anderson
