The Complete Idiot's Guide to African American History Melba J. Duncan, 2003-01-28 Although the first black slaves arrived in Jamestown, Virginia in 1619, our knowledge of African American history is often limited to lessons in films. The Complete Idiot's Guide® to African American History reveals a full portrait of black life, including familiar figures such as Harriet Tubman, W.E.B. DuBois, and Martin Luther King, Jr.

Hollywood's Second Sex Aubrey Malone, 2015-04-07 Women stars in Hollywood were invariably in two categories, said director Otto Preminger. One group was of women who were exploited by men, and the other, much smaller group was of women who survived by acting like men. Beginning with silent film vamp Theda Bara and continuing with icons like Greta Garbo, Marilyn Monroe and Raquel Welch, this study of film industry misogyny describes how female stars were maltreated by a sexist studio system--until women like Katharine Hepburn and Bette Davis fought for parity. The careers of Doris Day, Brigitte Bardot, Carole Landis, Frances Farmer, Dorothy Dandridge, Inger Stevens and many others are examined, along with more recent actresses like Demi Moore and Sharon Stone. Women who worked behind the scenes, writing screenplays, producing and directing without due credit, are also covered.

Imagining the Mulatta Jasmine Mitchell, 2020-05-25 Brazil markets itself as a racially mixed utopia. The United States prefers the term melting pot. Both nations have long used the image of the mulatta to push skewed cultural narratives. Highlighting the prevalence of mixed race women of African and European descent, the two countries claim to have perfected racial representation—all the while ignoring the racialization, hypersexualization, and white supremacy that the mulatta narrative creates. Jasmine Mitchell investigates the development and exploitation of the mulatta figure in Brazilian and U.S. popular culture. Drawing on a wide range of case studies, she analyzes policy debates and reveals the use of mixed-Black female celebrities as subjects of racial and gendered discussions. Mitchell also unveils the ways the media moralizes about the mulatta figure and uses her as an example of an “acceptable” version of blackness that at once dreams of erasing undesirable blackness while maintaining the qualities that serve as outlets for interracial desire.

Divas on Screen Mia Mask, 2010-10-01 This insightful study places African American women's stardom in historical and industrial contexts by examining the star personae of five African American women: Dorothy Dandridge, Pam Grier, Whoopi Goldberg, Oprah Winfrey, and Halle Berry. Interpreting each woman's celebrity as predicated on a brand of charismatic authority, Mia Mask shows how these female stars have ultimately complicated the conventional discursive practices through which blackness and womanhood have been represented in commercial cinema, independent film, and network television. Mask examines the function of these stars in seminal yet underanalyzed films. She considers Dandridge's status as a sexual commodity in films such as *Tamango*, revealing the contradictory discourses regarding race and sexuality in segregation-era American culture. Grier's feminist-camp performances in sexploitation pictures *Women in Cages* and *The Big Doll House* and her subsequent blaxploitation vehicles *Coffy* and *Foxy Brown* highlight a similar tension between representing African American women as both objectified stereotypes and powerful, self-defining icons. Mask reads Goldberg's transforming habits in *Sister Act* and *The Associate* as representative of her unruly comedic routines, while Winfrey's daily television performance as self-made, self-help guru echoes Horatio Alger narratives of success. Finally, Mask analyzes Berry's meteoric success by acknowledging the ways in which Dandridge's career made Berry's possible.

Pearl Cleage and Free Womanhood Tikenya Foster-Singletary, Aisha Francis, 2014-11-21 This collection of essays examines popular writer Pearl Cleage's work, including her novels, short stories and plays. Ava Gardner Lee Server,2007-05-15 Following his superb biography of Robert Mitchum, *Baby I Don't Care*, Server turns to the life of movie icon Ava Gardner. Color Purple & All That Jazz!: African American Achievements in the Arts Carole Marsh,2011-03-01 Kids will learn how black art is used to share ideas, communicate feelings, and impart wisdom, and how creativity brings joy and inspiration to our lives. Hedda Hopper's Hollywood Jennifer Frost, 2011-01-10 Frost argues that Hopper has had a profound and lasting influence on popular and political culture and should be viewed as a pivotal popularizer of conservatism. As practiced by Hopper and her readers, Hollywood gossip shaped key developments in American movies and movie culture, newspaper journalism and conservative politics, along with the culture of gossip itself.

Straighten Up and Fly Right Will Friedwald, 2020-04-03 One of the most popular and memorable American musicians of the 20th century, Nat King Cole (1919-65) is remembered today as both a pianist and a singer, a feat rarely accomplished in the world of popular music. Now, in this complete life and times biography, author Will Friedwald offers a new take on this fascinating musician, framing him first as a bandleader and then as a star. In Cole's early phase, Friedwald explains, his primary task of keeping his trio going was just as much of a focus for him as his own playing and singing, always a collective or group performance. In the second act, Cole's collaborators were more likely to be arranger-conductors like Nelson Riddle

and Gordon Jenkins, rather than his sidemen on bass and guitar. In the first act, his sidemen were equals, in the second phase, his collaborators were tasked exclusively with putting the focus on him, making him sound good, while being largely invisible themselves. Friedwald brings his full musical knowledge to bear in putting the man in the work, demonstrating how this duality appears over and over again in Cole's life and career: jazz vs. pop, solo vs. trio, piano vs. voice, wife number one (Nadine) vs. wife number two (Maria), the good songs vs. the less-than-good songs, the rhythm numbers vs. the ballads, the funny songs and novelties vs. the serious songs of love and loss, Cole as an advocate for the Great American Songbook vs. Cole the intrepid explorer of other options: world music, rhythm & blues, country & western. Cole was different from his contemporaries in other ways; for roughly ten years after the war, the majority of hitmakers on the pop charts were veterans of the big band experience, from Sinatra on down.

Mamouliau David Lührssen, 2013 In this meticulously researched biography, David Lührssen paints the influential director, Mamouliau, as a socially conscious artist who sought to successfully combine art and commercial entertainment.

Exits and Entrances Frank Manchel, 2013-11-06 "A worthy successor to *Every Step a Struggle* . . . the contributions to American cinema of these determined and courageous rebels will never be forgotten." —Denise Youngblood, author of *Cinematic Cold War* While *Every Step a Struggle* recalled the performers who fought to give black artists a voice and a presence in film and on stage, this new ground-breaking book focuses on the personalities who replaced the pioneers and refused to abide by Jim Crow traditions. Presented against a detailed background of the revolutionary post-World War II era up to the mid-1970s, the individual views of Mae Mercer, Brock Peters, Jim Brown, Ivan Dixon, James Whitmore, William Marshall and Ruby Dee in heretofore unpublished conversations from the past reveal just how tumultuous and extraordinary the technological, political, and social changes were for the artists and the film industry. Using extensive documentation, hundreds of films, and fascinating private recollections, Dr. Manchel puts a human face both on popular culture and race relations. "Using the method of oral history and the mature thinking of a senior scholar, *Exits and Entrances* enhances our understanding of the difficult slog to create a truthful, 'round' image of African-Americans in U.S. commercial films. This collection is a gold mine of information for future research and should be in all libraries which value film research." —Peter C. Rollins, Emeritus Editor-in-Chief of *Film & History*

Damsels and Divas Agata Frymus, 2020-04-17 2020 Best Early Career Research Monograph, Monash University Malaysia *Damsels and Divas* investigates the meanings of Europeanness in Hollywood during the 1920s by charting professional trajectories of three movie stars: Pola Negri, Vilma Bánky and Jetta Goudal. It combines the investigation of American fan magazines with the analysis of studio documents, and the examination of the narratives of their films, to develop a thorough understanding of the ways in which Negri, Bánky and Goudal were understood within the realm of their contemporary American culture. This discussion places their star personae in the context of whiteness, femininity and Americanization.

Every age has its heroines, and they reveal a lot about prevailing attitudes towards women in their respective eras. In the United States, where the stories of rags-to-riches were especially potent, stars could offer models of successful cultural integration.

Every Step a Struggle Frank Manchel, 2007 This book pays tribute to the sacrifices and achievements of seven individuals who made difficult and controversial choices to insure that black Americans shared in the evolution of the nation's cultural heritage. Transcriptions and analyses of never-before published uncensored conversations with Lorenzo Tucker, Lillian Gish, King Vidor, Clarence Muse, Woody Strode, Charles Gordone, and Frederick Douglass O'Neal reveal many of the reasons and rationalizations behind a racist screen imagery in the first three-quarters of the twentieth century. This primary source, replete with pictures, documentation, and extensive annotations, recounts through the words of important participants what happened to many film pioneers when a new generation of African-Americans rebelled against the nation's stereotyped film imagery. A unique historical resource, this book is a fitting tribute to these artists, reminding us of their courage, integrity, and perseverance to succeed against great odds. The thorough, meticulous annotations make it an indispensable addition to collections in film studies and African American studies. -Denise Youngblood, Professor of History, University of Vermont. The author has taken a unique approach and may have even created a new genre of writing: the interview embellished with scholarly commentary. It is a fascinating experiment. . . This book belongs in every research library and in all public libraries from mid-size to large cities. It fills in lacunae between existing studies. -Peter C. Rollins, Editor-in-Chief of Film & History.

Transgressive Itineraries Marc Maufort, 2003 The fast-growing body of postcolonial drama is progressively gaining its just recognition in the twentieth-century canon of English-language plays. From the vantage point of various samplings along the Trans-Pacific axis linking English Canada, Australia and New Zealand, this monograph seeks to document the significance of this emerging postcolonial theater. More specifically, it examines the myriad ways in which, over the last two decades, representative mainstream, ethnic and First Nations playwrights have dramatized Europe's «Other» in its multiple guises. In their efforts to match new content with innovative form, these artists have followed transgressive itineraries, redrawing the boundaries of conventional Western stage realism. Their new aesthetics often relies on techniques akin to Homi Bhabha's notions of hybridity and mimicry. The present study offers detailed analyses of the modes of hybridization through which Judith Thompson, Louis Nowra, Tomson Highway, Jack Davis, Hone Kouka, and other prominent writers have articulated subtle forms of psychic, grotesque, and mythic magic realism. Their legacy will undoubtedly affect the postcolonial dramaturgies of the twenty-first century.
