

# Speech About American Dream

**Bernd C. Schmidt-Nagel**

*Barack Obama and the American Dream* Bernd C. Schmidt-Nagel, 2011-05-17 Seminar paper from the year 2011 in the subject Didactics for the subject English - Discussion and Essays, grade: 1,7, University of Cologne, language: English, abstract: The acting president of the United States of America, Barack Obama, fascinated millions of US-citizens in many of his campaign speeches in 2008. With his slogan "Yes we can!" he offered them a new, believable perspective. Finally, this wave of euphoria brought him to the White House and made him, contrary to all expectations, the first black US-President. I looked fascinated and interested at all important incidents happening in the USA in 2008 and I just wondered why it was possible to this man, like no other person, to fill so many people in this great country with enthusiasm and to give them a new hope of a better future. Looking back on these events and irrespective of the fact if his goals were achieved or not, I ask myself which values, ideas and aims made the people so absolutely excited and how they were influenced by Obama. If you only take a superficial view on this issue, it already becomes clear that the very popular American Dream, which is based on American history, is and was one of the important subjects of Obama's speeches. How Obama uses this Dream and the way he updates and enlarges it should be the central question of this thesis. In order to do so, it is at first important to take a close look at Barack Obama, his curriculum vitae and his political rising. On the other hand, I want to present the history of the American Dream, as well as a preferably general but handy definition of what the American Dream actually is and what it wants to express. Based on this, a detailed analysis of certain speeches of Obama with a special focus on the American Dream follows. Outgoing from the results of the analysis, I will examine how Obama encloses the dream in his way of argumentation, the different values he refers to and the influence of different audiences on the usage of the American Dream. In order to answer the general question of this thesis, explained above, in a good and suitable way, these points will be synoptically summarized in the conclusion. Of course, it is impossible to take a serious look at all his speeches or to pick up every single aspect of the American Dream coming up during American history, as this would exceed the extent of this essay. Nonetheless, a coherent, objective and differentiated answer to the general question should be the goal and claim of this thesis.

The American Dream in the Speech "Yes we can" by Barack Obama Luisa Grötsch, 2020-10-07 Pre-University Paper from the year 2019 in the subject Politics - Region: USA, grade: 1,0, , language: English, abstract: This paper examines the speech

of Barack Obama “Yes we can”. The focus lies on the used concept of the American Dream. The second focus involves a statement that Hillary Clinton made during the primary campaign for the Democratic presidential nomination. The work concentrates on Barack Obama’s own biography “Dreams from My Father”, his book “Audacity of Hope” describing his thoughts of reclaiming the American Dream, and Jim Cullen’s often cited book “The American Dream”. The main sources for the analysis of the speech are Harald Frank’s book “Rhetorische Analyse der “Yes we can” Rede von Barack Obama” and Shel Leanne’s book “Say it like Obama”. For the concluding evaluation of Barack Obama’s political achievements various articles and statistical data are used.

*The American Dream* Cal Jillson, 2016-11-18 Life, liberty, and the pursuit of happiness: these words have long represented the promise of America, a “shimmering vision of a fruitful country open to all who come, learn, work, save, invest, and play by the rules.” In 2004, Cal Jillson took stock of this vision and showed how the nation’s politicians deployed the American Dream, both in campaigns and governance, to hold the American people to their program. “Full of startling ideas that make sense,” NPR’s senior correspondent Juan Williams remarked, Jillson’s book offered the fullest exploration yet of the origins and evolution of the ideal that serves as the foundation of our national ethos and collective self-image. Nonetheless, in the dozen years since *Pursuing the American Dream* was published, the American Dream has fared poorly. The decline of social mobility and the rise of income inequality—to say nothing of the extraordinary social, political, and economic developments of the Bush and Obama presidencies—have convinced many that the American Dream is no more. This is the concern that Jillson addresses in his new book, *The American Dream: In History, Politics, and Fiction*, which juxtaposes the claims of political, social, and economic elite against the view of American life consistently offered in our national literature. Our great novelists, from Nathaniel Hawthorne and Herman Melville to John Updike, Philip Roth, Toni Morrison, and beyond highlight the limits and challenges of life—the difficulty if not impossibility of the dream—especially for racial, ethnic, and religious minorities as well as women. His book takes us through the changing meaning and reality of the American Dream, from the seventeenth century to the present day, revealing a distinct, sustained separation between literary and political elite. The American Dream, Jillson suggests, took shape early in our national experience and defined the nation throughout its growth and development, yet it has always been challenged, even rejected, in our most celebrated literature. This is no different in our day, when what we believe about the American Dream reveals as much about its limits as its possibilities.

**Barack Obama and the American Dream as Depicted in Some of His Famous Speeches** David Tebbe, 2012-05-18 Pre-University Paper from the year 2012 in the subject American Studies - Culture and Applied Geography, grade: 1,5, language: English, abstract: In 2009 Barack Obama became the 44th President of the United States. He fascinated millions of people all over the world and even in Germany people recited his motto Yes we can. He inspired a nation. Obama and his

speeches were so electrifying that a lot of people spoke of a national obsession with Senator Barack Obama. I wondered how he managed to fill the people with enthusiasm. He was always speaking about the American Dream. So I asked myself: What is this American Dream; which of its values and ideas are so fascinating that they inspired the nation, and how are they influenced by Obama using them in his speeches? Does Obama just use them for tactical reasons because they are so popular? In order to answer these questions it is at first necessary to define the term American Dream and to understand the history and meaning of its ideas and values. Then I want to look at Obama's biography, if there are any hints that show his interest in the American Dream and what influence does it have on his interpretation of the American Dream. For the analysis of his interpretation of the American Dream I have chosen a selection of Obama's most striking speeches up to April 2009. These speeches show how he managed to inspire many citizens. Because I want to illustrate all of the six fundamental concepts of the American Dream I scanned the whole collection for striking phrases exemplifying his use of these ideas. They will show his specific interpretation of the American Dream.

**The American Dream as a subject in speeches** Christine So-Young Um, 2008 Seminar paper from the year 2005 in the subject Politics - International Politics - Region: USA, grade: 1,7, University of Duisburg-Essen (Politische Theorie), course: Politische Rhetorik, 10 entries in the bibliography, language: English, abstract: The American Dream has always been a central subject in political speeches. Jimmy Carter and Ronald Reagan were not the only presidents who referred to it in their speeches. Quite possibly every presidential candidate and president related to it when they accepted their nominations and when they outlined their political programmes at their inaugurations. Ever since it has become part of the tradition of political rhetoric in the United States, one can say how centrally important the American Dream (still) is and what great influence it has on the American people. So what exactly is the American Dream? Peter Freese calls the attempt of defining it subjective and incomplete, especially because he is of the opinion that the vision and beliefs transferred in the American Dream change with the times. However, he quotes Hartmut Keil by using his definition of the American Dream with a lot of its beliefs and convictions that are substantial parts of it: Individual success, advancement, materialism, personal success, neighborliness, naturalness, individuality, freedom, equality, equal opportunity, search for identity, national purpose, American consciousness, democratic dream, dream of paradise (...), moving force, liberation of humanity, world's salvation; but he comes to the conclusion that there is not the possibility of a precise definition in case one does not want to list nearly every aspect of American society. Still, the fundamental values and virtues that build the basis and are the core function of the American Dream, are the main part of American political rhetoric. The metaphor of the American Dream has always been used by being glorified by politicians in their speeches, and mostly with the promise of fulfilment s

The Prospect of Presidential Rhetoric Martin J. Medhurst, 2008-01-17 Culminating a decade of conferences that have explored presidential speech, The Prospect of Presidential Rhetoric assesses progress and suggests directions for both the

practice of presidential speech and its study. In Part One, following an analytic review of the field by Martin Medhurst, contributors address the state of the art in their own areas of expertise. Roderick P. Hart then summarizes their work in the course of his rebuttal of an argument made by political scientist George Edwards: that presidential rhetoric lacks political impact. Part Two of the volume consists of the forward-looking reports of six task forces, comprising more than forty scholars, charged with outlining the likely future course of presidential rhetoric, as well as the major questions scholars should ask about it and the tools at their disposal. The Prospect of Presidential Rhetoric will serve as a pivotal work for students and scholars of public discourse and the presidency who seek to understand the shifting landscape of American political leadership.

**The Epic of America** James Truslow Adams, 2012-05-01 Originally published in 1931 by Little, Brown, and Company.

**Storytelling for Social Justice** Lee Anne Bell, 2019-08-28 Through accessible language and candid discussions, Storytelling for Social Justice explores the stories we tell ourselves and each other about race and racism in our society. Making sense of the racial constructions expressed through the language and images we encounter every day, this book provides strategies for developing a more critical understanding of how racism operates culturally and institutionally in our society. Using the arts in general, and storytelling in particular, the book examines ways to teach and learn about race by creating counter-storytelling communities that can promote more critical and thoughtful dialogue about racism and the remedies necessary to dismantle it in our institutions and interactions. Illustrated throughout with examples drawn from contemporary movements for change, high school and college classrooms, community building and professional development programs, the book provides tools for examining racism as well as other issues of social justice. For every facilitator and educator who has struggled with how to get the conversation on race going or who has suffered through silences and antagonism, the innovative model presented in this book offers a practical and critical framework for thinking about and acting on stories about racism and other forms of injustice. This new edition includes: Social science examples, in addition to the arts, for elucidating the storytelling model; Short essays by users that illustrate some of the ways the storytelling model has been used in teaching, training, community building and activism; Updated examples, references and resources.

The American Dream as a subject in speeches Christine So-Young Um, 2008-09-29 Seminar paper from the year 2005 in the subject Politics - Region: USA, grade: 1,7, University of Duisburg-Essen (Politische Theorie), course: Politische Rhetorik, language: English, abstract: The American Dream has always been a central subject in political speeches. Jimmy Carter and Ronald Reagan were not the only presidents who referred to it in their speeches. Quite possibly every presidential candidate and president related to it when they accepted their nominations and when they outlined their political programmes at their inaugurations. Ever since it has become part of the tradition of political rhetoric in the United States, one can say how centrally important the American Dream (still) is and what great influence it has on the American people. So what exactly is

the American Dream? Peter Freese calls the attempt of defining it “subjective and incomplete”, especially because he is of the opinion that the vision and beliefs transferred in the American Dream change with the times. However, he quotes Hartmut Keil by using his definition of the American Dream with a lot of its beliefs and convictions that are substantial parts of it: “Individual success, advancement, materialism, personal success, neighborliness, naturalness, individuality, freedom, equality, equal opportunity, search for identity, national purpose, American consciousness, democratic dream, dream of paradise (...), moving force, liberation of humanity, world’s salvation”; but he comes to the conclusion that there is not the possibility of a precise definition in case one does not want to list nearly every aspect of “American society”. Still, the fundamental values and virtues that build the basis and are the core function of the American Dream, are the main part of American political rhetoric. The metaphor of the American Dream has always been used by being glorified by politicians in their speeches, and mostly with the promise of fulfilment soon after the elections in case it was a nomination speech. Therefore the American Dream seems to have a realistic side, it is not only a vision or a utopia when presidential candidates and presidents talk about its fulfilment. Since the promise of fulfilment is made ever since this subject has played a major role in political speeches, it is a dream which can and – referring to the politicians’ promises – will come true.

Pursuing the American Dream Calvin C. Jillson, 2004 Marked by continuity, renewal, and expansion, the image of the Dream, Jillson contends, has been remarkably constant since well before the American Revolution - an image of a nation offering a better chance for prosperity than any other. His book reveals how that Dream has motivated our nation’s leaders and common citizens to move, sometimes grudgingly, toward a more open, diverse, and genuinely competitive society.

The Four Speeches Every Leader Has to Know Bård Norheim, Joar Haga, 2019-05-21 This book provides a rhetorical manual for political and business leaders to motivate followers even in times of hardship. It covers the fine art of persuasion and argues that there are four speeches every leader has to know: the opening speech, the executioner speech, the consolation speech, and the farewell speech. The authors explore how leaders could speak in order to appear credible to an audience, and they argue that the leader has to take on suffering and give meaning to the suffering people experience. The book analyzes speeches from a wide variety of speakers, including Sir Winston Churchill, Barack Obama, Nelson Mandela, and Angela Merkel, and ends with a rhetorical dictionary for leaders to help readers familiarize themselves with helpful terms from rhetorical theory.

The Drum Major Instinct Justin Rose, 2019-03-15 Though there are several studies devoted to aspects of Martin Luther King Jr.’s intellectual thought, there has been no comprehensive study of his overarching theory of political service. In *The Drum Major Instinct*, Justin Rose draws on Martin Luther King Jr.’s sermons, political speeches, and writings to construct and conceptualize King’s politics as a unified theory. Rose argues that King’s theoretical framework—as seen throughout his wide body of writings—has three central components. First, King posited that all of humanity is tied to an “inescapable

network of mutuality” such that no member of society can fully flourish if there are structural barriers preventing others from flourishing. Second, King’s theory required that Americans cultivate a sense of love and concern for their fellow members of society, which would motivate them to work collectively toward transforming others and structures of injustice. Finally, King contended that all members of society have the responsibility to participate in collective forms of resistance. This meant that even the oppressed were obligated to engage in political service. Therefore, marginalized people’s struggles against injustice were considered an essential aspect of service. Taken together, King’s theory of political service calls on all Americans, but especially black Americans, to engage in other-centered, collective action aimed at transforming themselves, others, and structures of injustice. By fully exploring King’s thoughts on service, *The Drum Major Instinct* is an invaluable resource toward understanding how King wanted us all to work to create a more just, democratic society and how his thoughts continue to resonate in contemporary struggles.

*The Presidents Words, an Index* Ralph Joseph Shoemaker, 1956 ... The following index includes speeches, messages to congress, press conferences, executive orders, letters and statements of President Eisenhower. It contains subjects and persons spoken about, phrases, quotations, expressions and words used ...--Foreword.

*Writing Research Critically* John Schostak, Jill Schostak, 2015-12-14 This is not a standard guide to writing a dissertation, thesis, project report, journal article or book. Rather, this book will help researchers who are dissatisfied with the typical recipe approaches to standardised forms of writing-up and want to explore how academic writing can be used to greater effect. *Writing Research Critically* shows that writing up is not just about ‘presenting findings’ as if the facts would speak for themselves. As the authors show there are certain vital skills that any writer needs to develop within their academic writing, such as the ability to: develop critical understanding and a personal academic voice question assumptions and the status quo frame the background and transgress the frame read between the lines when reviewing the literature strengthen interpretations and construct persuasive arguments challenge and develop theory and explanations develop ideas that create possibilities for realistic action Packed with examples from a range of writing projects (papers, dissertations, theses, reports, journal articles and books), this book provides a practical and refreshing way to approach and present research. Through case studies the authors offer a step-by-step guide from the early stages of planning a writing project, whether an undergraduate paper or a professional publication, to the polishing processes that make the difference between a merely descriptive account to an argument that intends to be critical and persuasive. Written in a clear accessible style this book will inspire a wide range of researchers from undergraduates to postgraduates, early career researchers and experienced professionals working across a wide range of fields, and demonstrate how research can have more impact in the real world.

*The Politics of the American Dream* C. Ghosh, 2012-12-28 *The Politics of the American Dream* analyzes the role of the ‘American Dream’ in contemporary American political culture. Utilizing analytic political theory, Ghosh creates a unique

picture of Dream Politics, and shows the effect on the landscape of American politics.

**Networking Argument** Carol Winkler, 2019-11-11 This edited volume presents selected works from the 20th Biennial Alta Argumentation Conference, sponsored by the National Communication Association and the American Forensics Association and held in 2017. The conference brought together scholars from Europe, Asia, and North America to engage in intensive conversations about how argument functions in our increasingly networked society. The essays discuss four aspects of networked argument. Some examine arguments occurring in online networks, seeking to both understand and respond more effectively to the acute changes underway in the information age. Others focus on offline networks to identify historical and contemporary resources available to advocates in the modern day. Still others discuss the value-added of including argumentation scholars on interdisciplinary research teams analyzing a diverse range of subjects, including science, education, health, law, economics, history, security, and media. Finally, the remainder network argumentation theories explore how the interactions between and among existing theories offer fruitful ground for new insights for the field of argumentation studies. The wide range of disciplinary backgrounds and methodological approaches employed in *Networking Argument* make this volume a unique compilation of perspectives for understanding urgent and sustaining issues facing our society.

**Sourcebook on Rhetoric** James Jasinski, 2001-07-19 Please update SAGE UK and SAGE INDIA addresses on imprint page.

*The Art of Great Speeches* Dennis Glover, 2011-02-07 What makes a great speech 'great'? *The Art of Great Speeches* uses insights from classical thinkers to reveal how great orators such as Barack Obama, Martin Luther King, the Kennedys, Al Gore and Hitler have persuaded their audiences so convincingly. Featuring excerpts of 70 of the world's greatest speeches in history and drama, this fascinating book breaks down the key elements of classical and modern oratory to reveal the rhetorical techniques that make them so memorable. It shows how master speechwriters connect with their audiences, seize a moment, project character, use facts convincingly and destroy their opponents' arguments as they try to force the hand of history or create memorable drama. Part history, part defence of oratory, part call for political inspiration, part professional handbook, *The Art of Great Speeches* does what no other book does - it explains why these speeches are great.

*Movies in the Age of Obama* David Garrett Izzo, 2014-08-26 The historic election of Barack Obama to the presidency of the United States had a significant impact on both America and the world at large. By voting an African American into the highest office, those who elected Obama did not necessarily look past race, but rather didn't let race prevent them from casting their ballots in his favor. In addition to reflecting the changing political climate, Obama's presidency also spurred a cultural shift, notably in music, television, and film. In *Movies in the Age of Obama: The Era of Post-Racial and Neo-Racist Cinema*, David Garrett Izzo presents a varied collection of essays that examine films produced since the 2008 election. The

contributors to these essays comment on a number of films in which race and “otherness” are pivotal elements. In addition to discussing such films as *Beasts of the Southern Wild*, *Black Dynamite*, *The Blind Side*, *The Butler*, *Django Unchained*, *The Help*, and *Invictus*, this collection also includes essays that probe racial elements in *The Great Gatsby*, *The Hunger Games*, and *The Mist*. The volume concludes with several essays that examine the 2013 Academy Award winner for best picture, *12 Years a Slave*. Though Obama’s election may have been the main impetus for a resurgence of black films, this development is a bit more complicated. Moviemakers have long responded to the changing times, so it is inevitable that the Obama presidency would spark an increase in films that comment, either subtly or overtly, on the current cultural climate. By looking at the issue these films address, *Movies in the Age of Obama* will be of value to film scholars, of course, but also to those interested in other disciplines, including history, politics, and cultural studies.

It's Time Truth Speaks Spencer Leak, Sr, Spencer Leak, 2010-02 Commentaries on contemporary political, social and religious issues and controversies from the host of the Chicago weekly radio broadcast, *It's time the truth speaks*.

This is likewise one of the factors by obtaining the soft documents of this **Speech About American Dream** by online. You might not require more time to spend to go to the ebook commencement as without difficulty as search for them. In some cases, you likewise accomplish not discover the broadcast *Speech About American Dream* that you are looking for. It will entirely squander the time.

However below, in the same way as you visit this web page, it will be in view of that utterly simple to get as well as download lead *Speech About American Dream*

It will not agree to many era as we explain before. You can complete it while put on an act something else at house and even in your workplace. correspondingly easy! So, are you question? Just exercise just what we have enough money under as skillfully as evaluation **Speech About American Dream** what you when to read!

## Speech About American Dream Introduction

Speech About American Dream Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Speech About American Dream Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Speech About American Dream : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Speech About American Dream : Has an

extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Speech About American Dream Offers a diverse range of free eBooks across various genres. Speech About American Dream Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Speech About American Dream Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Speech About American Dream, especially related to Speech About American Dream, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Speech About American Dream, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Speech About American Dream books or magazines might include. Look for these in online stores or libraries. Remember that while Speech About American Dream, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Speech About American Dream eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free

periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Speech About American Dream full book, it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Speech About American Dream eBooks, including some popular titles.

## FAQs About Speech About American Dream Books

1. Where can I buy Speech About American Dream books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Speech About American Dream book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Speech About American Dream books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Speech About American Dream audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like

Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.

9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Speech About American Dream books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
