Book 2 in The 100 series, now a popular show on the CW network. Facing an unknown enemy, Wells attempts to keep the group together. Clarke strikes out for Mount Weather, in search of other colonists, while Bellamy is determined to rescue his sister, no matter the cost. And back on the ship, Glass faces an unthinkable choice between the love of her life and life itself. In this pulse-pounding sequel to The 100, secrets are revealed, beliefs are challenged, and relationships are tested. And the hundred will struggle to survive the only way they can--together.

*Rebellion* Kass Morgan, 2016-12-06 Book four in the New York Times bestselling series The 100. Now a hit TV show on the CW! It's been a month since the new dropships landed and the rest of the Colonists joined the hundred on the ground. The teens, once branded juvenile delinquents, are now leaders among their people. It should be a time for celebration and togetherness, but a new threat appears before long: a fanatical cult determined to grow its ranks and heal the war-ravaged planet...by eliminating everyone else on it. After scores of their friends are captured, Clarke sets off to retrieve them, certain that she can come to an understanding with these strangers. Bellamy has a different plan; he won't let anything--or anyone--get in the way of saving the people he loves. Meanwhile, in captivity and scared for their lives, Glass falls under the spell of the cult's magnetic message, and Wells has to learn how to lead again. Unless the rescue party arrives soon, the teen captives will face a fate more terrifying than anything they could imagine. If the hundred ever want to call this dangerous planet home, they'll need to put aside their differences and fight to protect themselves and their world.

It could be their second chance at life...or it could be a suicide mission. CLARKE was arrested for treason, though she's haunted by the memory of what she really did. WELLS, the chancellor's son, came to Earth for the girl he loves -- but will she ever forgive him? Reckless BELLAMY fought his way onto the transport pod to protect his sister, the other half of the only pair of siblings in the universe. And GLASS managed to escape back onto the ship, only to find that life there is just as dangerous as she feared it would be on Earth. Confronted with
