ABCs of Buying Rental Property Ken McElroy, 2020-09-29 Many Americans dream of financial freedom, but they're stuck in dead-end jobs and don't know how to get there. You don't need to be one of them. If you invested \$35,000 in the stock market today, it could take 52 years for that investment to grow to \$1 million. But if you invested that same amount into one single-family \$140,000 rental property, it would only take 19 years. With just two rental properties, you could

generate \$417,000 in profit in just 10 years. Skeptical? Good, because that's the first sign of a smart investor. This book will tackle that skepticism head on... and give you confidence and a path to financial freedom. THIS BOOK WILL TEACH YOU HOW TO: • Secure your investment money • Find your ideal market—and a positive-cash-flow property • Efficiently manage your property • Handle your record keeping • Boost revenues and cut costs • File your taxes using a step-by-step process • Build your real estate portfolio

Rich Dad's Advisors®: The ABC's of Real Estate Investing Ken McElroy, 2004-09-01 Want to get rich through real estate? Then you need The ABC's of Real Estate Investing. It's the definitive guide that will teach you how to find property, evaluate its worth, negotiate the deal and make money in the process. There are no 'get rich quick' tricks on these pages, just proven methods that deliver bottom-line profits and increased property values. -Ken McElroy, Real Estate Investor, Property Management Expert, Business Owner, and Author The ABC's of Real Estate Investing will: * Achieve wealth and cash flow through real estate * Overcome the myths that are holding you back * Find property with real profit potential * Evaluate a property and set your own purchase price * Negotiate the deal based on the numbers * Discover hidden profits in the properties you buy or own * Increase your income through proven property management techniques.

Summary of Ken McElroy's The ABCs of Real Estate Investing Everest Media, 2022-05-26T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 Every business and every industry has people who seem to drip with success. They seem to know all the right people, make all the right decisions, and be in all the right places at the right time. But these successes are not the result of magic or luck. They are the result of hard work and preparation. #2 All you need to invest in real estate is a good deal that makes sense and solid financials. You don't need hundreds of thousands of dollars in the bank to invest in real estate, and you don't need millions. All you need is a good deal that makes sense. #3 There are thousands of people interested in investing in real estate, particularly when other investment vehicles, such as the stock market and bonds, are declining. Just look around at a Rich Dad Seminar. #4 While buying a \$2 million house may seem like a big leap, it is not as risky as it seems. When you buy a house or a condo and rent it out, appreciation of the property depends on the appreciation of the neighborhood. However, when you buy and manage commercial properties, such as apartment buildings, appreciation is based on the cash flow of the property itself.

Run Your Own Corporation Garrett Sutton, 2013-02-28 "I've set up my corporation. Now what do I do?" All too often business owners and real estate investors are asking this question. They have formed their protective entity – be it a corporation, LLC or LP – and don't know what to do next. "Run Your Own Corporation" provides the solution to this very common dilemma. Breaking down the requirements chronologically (ie the first day, first quarter, first year) the book sets forth all the tax and corporate and legal matters new business owners must comply with. Written by Rich Dad's Advisor Garrett Sutton, Esq., who also authored the companion edition "Start Your Own Corporation", the book clearly identifies what must be done to properly maintain and operate your corporation entity. From the first day, when employer identification numbers must be obtained in order to open up a bank account, to the fifth year when trademark renewals must be filed, and all the requirements in between, "Run Your Own Corporation" is a unique resource that all business owners and investors must have. Rich Dad/Poor Dad author Robert Kiyosaki states, "Run Your Own Corporation is the missing link for most entrepreneurs. They've set up their entity, but don't know the next steps. Garrett Sutton's book provides valuable information needed at the crucial start up phase of operations. It is highly recommended reading." When "Start Your Own Corporation" is combined with "Run Your Own Corporation" readers have a two book set that offers the complete corporate picture.

The Real Estate Retirement Plan Calum Ross, 2017-02-25 Leveraging equity in a principal residence and using it wisely to purchase rental property is the solution to a safe, secure retirement for millions of Canadians. With examples and a detailed discussion of the principles and mechanics, this book will demystify and make an irrefutable case for borrowing to invest.
