Pillars of Dragonfire Daniel Arenson, 2016-05-15 For centuries, Requiem's people have languished in chains, slaves to the seraphim, unable to become dragons like in the days of old. Now they fly again. They follow Meliora the Merciful, a dragon of silver and light, once a princess of seraphim and now a savior of slaves. They rise up against the seraphim, their cruel masters, demi-gods in chariots of fire. A nation of dragons, half a million strong, they seek to flee the desert of their enslavement, to fly north, to cross the sea . . . to find the mythical land of Requiem. Yet as Meliora leads her slaves out from captivity, the cruel King Ishtafel, mightiest of the seraphim, pursues with an army of light. His goal is no longer to enslave the children of Requiem. He seeks but one thing--to slay them all. With shimmering scales, with raining blood, with shrieking dragonfire . . . Requiem's exodus begins.

The Tide and The Stars Dylan Roche, 2024-06-11 All Marin has ever been—and ever will be, as far as he knows—is a servant. He's grown up working for an evil witch called Ilth, never having any idea who his parents were or where he came from. But then comes the day he and another servant, Aster, find the courage to run away to seek their fortunes in the great wide world...The only problem is that the world holds much more danger than Marin and Aster ever expected—tyrannical kings, vengeful demigods, goblin armies, and legendary monsters. And Ilth is tracking them down with wicked schemes of her own. The greatest challenge comes when Marin learns he must seek out a long-lost magic sword he'll need if he's going to save the life of Princess Elspeth and the entire kingdom of Blunia. It's a dangerous quest to expect of anyone—least of all someone who is nothing more than a runaway servant.

Reach For The Stars Mark J. Janssen,2022-08-01 Reach for the Stars is the memoir of the twenty-first century mystic Mark Janssen. Here he describes his earliest memories of conversations in his crib with God, Mary, Jesus and angels and saints. Originally from a small rural town in the Upper Midwest, Mark was raised in a traditional Catholic family. This book talks about how he was strongly discouraged from pursuing the development of his unfolding mystical abilities even as a small child. It was from his maternal grandmother that he learned he was descended from many generations of mystics. She taught and encouraged Mark to always be in contact with the angels. His grandmother instructed him to always listen to them and to God. Here we read how the author grew into adulthood with the spiritual guidance of his guardian angel St. Michael the Archangel. With Michael's assistance, Mark learned about many different sorts of angels, good and evil. Unexpectedly, while still in high school, Michael and the angels worked with him on his first exorcism. We read about Mark's surprise that others around him did not communicate with God, angels and demons. How he saw the spirits of those buried in

the cemetery behind his childhood home. How Mark carried his mystical gifts with him into adulthood. We read about his experiences as an ordinary member of society and during his time as a Benedictine monk. Along with using the gifts we normally associate with psychics, Mark has found himself performing spirit clearings, exorcisms and healings. He has spoken to people one on one and in large groups about his experiences as a mystic. Mark Janssen has written *Reach for the Stars* to assure others that their paths through life are always with the love and companionship of their guardian angels. As a mystic child he was greatly blessed to have his grandmother to support him. He wishes to offer that same reassurance to children and adults. His belief is that we can all see God and our guardian angels. This is one man's story of how it came to be for him.

The Forgotten Empire of Tartaria Sawan Jilowa, 2025-08-27 "What was buried is not dead — it waits beneath stone and silence, for the blood that will wake an empire." Long before maps were drawn and kingdoms crowned, Tartaria thrived—not as a nation of soil, but as a living design stitched into the bones of the earth. Its rulers dreamed of eternity, building cities as circuits of resonance tuned to the rhythm of stars, calling it the Great Working—a plan to lift humankind beyond death itself. But ambition fractured harmony, and the empire drowned in silt and silence, its towers devoured by the very earth they had commanded. All records faded. All voices hushed. Until now. Enter Aelian Thorne, a cartographer deemed a failure by his Guild, whose life irrevocably changes when he unearths a peculiar map-shard. This fragment awakens ancient powers within him, revealing his lineage as the Key of Echoes and plunging him into the forgotten wonders of Tartaria's Deep Paths and Resonance Pool. Aelian discovers he is the last of the Blood Royal, heir to a legacy both magnificent and catastrophic—the empire's ambition led to its ruin, a truth he witnesses in shattering visions. As Aelian stirs the forgotten world, he faces relentless threats: the Silencers, guardians who seek to bury Tartaria's secrets and erase its bloodline forever; Devourers, ancient predators consuming awakening nodes; and the terrifying Null Foundry, which seeks to compress consciousness into a weapon of total negation, the Last Working. In this unfolding epic, Aelian is joined by Elena Brightwater, a fellow cartographer who becomes an unexpected anchor in a reality teetering on the brink. As the world reshapes, Elena steps forward as a Weaver and navigator of consciousness, guiding humanity to embrace the Synthesis Pathway and the Geometry of Unknowing. This isn't about rebuilding an old empire, but about reimagining existence itself—a Consciousness Garden where unpredictability is survival, and paradox becomes the essence of evolution. From the core of the transmuted Null Foundry, a new soul, Nima—the Heart of the Unbound—emerges, representing a beginning born of choice and destined to harmonize the Pathway's complexities. With companions like the precise Lyra Blackthorne, the brilliant Dr. Sarah Chen, the wise Master Kaelen, the elemental Blacksmith, and the melodic Coastal Musician, humanity learns to compose a Symphony Against Silence. The age of forgetting has ended. The world is no longer confined by fixed patterns but is becoming an Unfurling Self—a vibrant, interconnected tapestry where every mind is a unique thread. Challenges still loom, but this time, humanity is ready to meet them not with conflict, but with connection, and with the profound understanding that what was

lost seeks to be fed, not with destruction, but with remembrance and transformation. Discover a world where buried truths reshape reality itself. The Forgotten Empire of Tartaria is an invitation to explore a future where the world learns to sing a new harmony, embracing shared paradox and becoming ungraspable by forces that seek to silence it.

Behind the Forgotten Front Barbara Hawkins, 2019-08-02 75 years after WWII headlines of Pearl Harbor, Normandy and Hiroshima hit the press, the China-Burma-India Theater is brought to light in Behind the Forgotten Front. It's 1942, and Harry Flynn leaves behind the love of his life to journey into East Asia, a world of tigers, elephants and Himalayan Mountains. He enlists to fight, expecting to find the thrill of danger and honor of military service. Instead, Harry is ordered to the Forgotten Front in the Indian subcontinent as an ordinary supply officer. There, General Joseph 'Vinegar Joe' Stilwell is constructing a 'road to nowhere' through Japanese-occupied Burma—and he's willing to complete it at any cost. In an exotic world with Naga headhunters, opium-smoking Kachin tribesmen, and marauders who scorn both life and death, Harry must entrust his life to others if he is to survive the war. During a time when boys are forced to come of age on the battlefield, and where death and insanity seem to be the only ways out, Harry must find what makes his life worth living. The lessons learned in WWII apply to all wars where men walk away carrying unspeakable memories about the lives that could have been. Behind the Forgotten Front takes you to the overlooked battles in the China-Burma-India Theater of World War II and shows you that history is about facts driven by the passions and sometimes the mistakes of real people.
