Historias mínimas de mujeres enormes María del Rosario Gallardo,2024-10-01 Historias mínimas de mujeres enormes es principalmente un relato, con un gran número de historias de mujeres que han vivido en Villa Concepción del Tío y han prestado servicios a la comunidad. En algunos casos las hemos visto transitar nuestras calles; otras, en cambio, desde su hogar han tenido que sobrellevar sus vidas con las herramientas con las que contaban, y algunas han tenido que hacer frente a las distintas necesidades y afrontar problemas de salud, pérdidas y duelos. Todas han sido ejemplos para destacar por su labor y resiliencia ante las circunstancias. Esta es una obra cargada de matices, recuerdos, vivencias y comentarios desde una época remota hasta la actualidad.

El cáncer partido a partido, firmando el empate Robert Hernando Ortiz,2023-02-07 El novelista de 48 años Robert Hernando, autor de las exitosas obras: Gladius, Gladius II y Grial Montserrat, nos cuenta en este libro, en primera persona y abierto en canal, su experiencia con el mieloma múltiple, uno de los cánceres hematológicos más agresivos que existen y que afecta de tres a cinco personas de cada 100 000. Una enfermedad declarada incurable, aunque, gracias a los últimos avances científicos, ahora es altamente tratable, a pesar de que existen muchos tipos y de distinta gravedad. Algunos de ellos son muy persistentes y se resisten a los tratamientos más convencionales. Precisamente el que está padeciendo el autor es el mieloma

múltiple de Bence Jones, una enfermedad muy desconocida por la sociedad en general, parecida a otras que se forman en la médula ósea o en las células del sistema inmunitario. El escritor igualadino, de una forma amena y sin paños calientes, nos cuenta, además de sus vivencias hasta el día de hoy sin pelos en la lengua, la manera que él, como forofo del fútbol, ha venido afrontando su particular lucha por sobrevivir. Partido a partido, tal y como popularizó el Cholo Simeone. Como si cada pinchazo, cada intervención, cada tratamiento, cada ingreso hospitalario, cada fiebre... fuesen un partido de fútbol del que hay que salir airoso y afrontarlo siempre dándolo todo, a cara de perro, sin tregua ni cuartel. Robert Hernando lleva desde el año 1995 colaborando con varios medios de comunicación, en su mayoría dedicados a la actualidad del club de su vida, donde ha hecho de todo por defender sus amados colores, los del RCD Espanyol de Barcelona, del que fue miembro de la Federación de Peñas, vicepresidente fundador de la Asociación de Accionistas y el consejero más joven de la historia en su momento con tan solo veintisiete años, bajo el mandato de Daniel Sánchez Llibre. Hombre particularmente ocurrente en su manera de afrontar la vida y explicar las cosas que se le pasan por la cabeza, el cáncer lo aplastó en sus inicios como una losa muy pesada, igual que a la mayoría de los afectados y sus familiares; sin embargo, encontró su propia forma de enfrentarlo. No se pierdan esta historia tan real como la vida misma, tal vez lleguen a la conclusión de que algunas veces es necesario y prudente firmar un empate. Sobrevivir empatando también es vivir.

Familias en el Viejo y el Nuevo Mundo Ofelia Rey Castelao, Pablo Cowen, María Marta Lobo de Araújo, Francisco García González, Francisco Javier Crespo Sánchez, Rocío Sánchez Rubio, Isabel Testón Núñez, Alberto Angulo Morales, Francisco Andújar Castillo, Enrique Soria Mesa, María Luisa Candau Chacón, Ángela Atienza López, José Luis Betrán Moya, Fernando Suárez Golán, Bibiana Andreucci, Carlos María Birocco, Cristina Beatriz Fernández, Josefina Mallo, Osvaldo Otero, María Cecilia Rossi, 2017-12-28 En este libro no se pretende hacer un balance de aportaciones recientes, sino que, teniendo como eje de desarrollo el concepto de familia en un amplio sentido, demográfico y social, se intenta integrar las perspectivas micro-analíticas -estudio de familias específicamente desarrolladas a ambos lados del Atlántico, familias virreinales, de la nobleza, la administración e incluso la Iglesia- y las regionales -de territorios especialmente afectados por el paso de sus habitantes a América-, al lado de la dimensión macro derivada de los estudios de las estructuras familiares en América y en la Península Ibérica y de las migraciones entre ambos espacios. Ese enfoque múltiple es el fundamento mismo de la comparación y de la complementariedad: un conjunto de lecturas diversas respecto a las teorías generalizadoras, la aplicación de métodos distintos y a las aportaciones y problemas de las fuentes documentales diferentes son esenciales en esta monografía; un eje que se refiere a cómo el modelo familiar castellano se impuso por medio de la legislación en América durante la colonización y, más allá, cómo se integró en las sociedades autóctonas y acabó mezclándose con los

modelos locales; finalmente un eje dedicado a las migraciones y el paso a América como nexo entre las familias de ambos lados.

Corregidores y Alcaldes Mayores de Almería (1701-1834) José del Sagrado Doménech, 2023-03-30 La presente monografía es el resultado de cerca de una década de trabajo. Tan larga gestación se debe tanto a la complejidad del tema como a la ardua y laboriosa tarea de investigación archivística. En efecto, en el Archivo Municipal de Almería (AMAL) hemos realizado un volcado completo de los Libros de Actas Capitulares desde 1697 a 1835; en el Archivo Histórico Provincial de Almería (AHPAL) hemos consultado diversos protocolos notariales: testamentos, dotes, fianzas, ventas reales, poderes, etc.; en el Archivo General de Simancas (AGS), diferentes expedientes y hojas de servicios; en el Archivo Histórico Nacional (AHN), expedientes de probanzas para el ingreso en las Órdenes militares, expedientes personales, relaciones de méritos y servicios, expedientes de jubilación, etc.; en el Archivo General Militar de Madrid (AGMM), diferentes nombramientos; en el Archivo General Militar de Segovia (AGMS), hojas de servicios y expedientes matrimoniales; en el Archivo Histórico de Protocolos de Madrid y en el de Granada, diversos testamentos y otros instrumentos notariales; en el Archivo de la Chancillería de Valladolid, algunos documentos; en el Archivo General Diocesano de Valladolid, varias partidas de nacimiento y defunción; en el Archivo de la Universidad de Granada (AUG), expedientes académicos; en el Archivo de la Real Chancillería de Granada (ArRChGr), expedientes de recibimiento de abogados y varios pleitos; en el Archivo Municipal de Ocaña, documentos relacionados con el conde de la Puebla de los Valles; en el Archivo Histórico de Orihuela, varias partidas. Por lo que se refiere a las fuentes impresas, hemos realizado un vaciado completo de todos los números de la Gaceta de Madrid correspondientes al periodo estudiado, así como la consulta de toda la prensa de la época en la Hemeroteca digital de la Biblioteca Nacional de España (BNE); amén de los repertorios y diccionarios biográficos, de los nobiliarios y de la vasta literatura que aparece citada en la Bibliografía.

Muysca: memoria y presencia María Emilia Montes Rodríguez, Constanza Moya Pardo, 2016-07-12 La Facultad de Ciencias Humanas de la Universidad Nacional de Colombia celebró los cuatrocientos años del Vocabulario Mosco de 1612 con tareas conmemorativas y con la programación durante el 2013 de la Cátedra de Pensamiento Colombiano: Lengua y Cultura Muysca. Este evento reunió especialistas de distintas disciplinas en un curso ofrecido por la Universidad Nacional a sus estudiantes y al público. Para la presente obra, el Departamento de Lingüística, con apoyo del Grupo de Investigación Muysccubun, convocó a estudiosos de diversas áreas con el fin de ampliar la mirada sobre lo muysca y aportar elementos al entendimiento del proceso que ha vivido esta lengua, emblemática de una parte muy importante del territorio nacional. Este volumen recoge reflexiones desde la historia colonial y la etnología, el debate sobre la reetnización y los estudios descriptivos o comparativos en torno a lenguas de la familia lingüística Chibcha. Sobre la lengua muysca, nuestro principal centro de interés, hay varios artículos novedosos. El tema muysca no está agotado, a pesar de la nutrida bibliografía que existe en

todas las áreas del saber. La lengua muysca, conocida por los documentos que legó la Colonia, sigue siendo objeto de discusiones. Esperamos que la mirada interdisciplinaria ofrecida en este libro sobre lo muysca (lengua, cultura, historia, situación actual) alimente con sus aportes puntuales la tradición que existe, pues son muchos los arqueólogos, historiadores, antropólogos, literatos, artistas y lingüistas que se han adentrado en el pasado y el presente de esta cultura ancestral.

Ni reinas ni princesas José Manuel Huidobro Moya,2022-03-07 El libro es continuación de otro: Cien hidalgos clave en la historia de España, del mismo y reconocido autor. En él se incluyen historias de damas, que forman un mosaico de mujeres muy diversas y que, desde distintos ámbitos y espacios, han construido la historia de España. Se presentan cincuenta y cinco mujeres, todas ellas de condición noble (hidalgas) -que muchos asocian, equivocadamente, solo a los Títulos del Reino-, que no solo eran la hija, viuda, familiar o compañera de..., sino que fueron protagonistas y destacaron con su contribución en diversos ámbitos: militar, religioso, político, literario, artístico, empresarial, etc., resaltando sus logros. De muchas de ellas es desconocido por el público su origen hidalgo, su nobleza de sangre, que influyó de una u otra manera en su espíritu, marcando en muchos casos su trayectoria vital. Muchas hidalgas han permanecido en el olvido y no han tenido trascendencia histórica por el simple hecho de ser mujeres. Esta obra pretende rescatar a algunas de ellas, a la vez que desmontar el estereotipo del “hidalgo pobre y ocioso”, tan difundido, sobre todo en la literatura y el teatro del Siglo de Oro, pero que, en realidad, no se corresponde con los hechos, como se pone de manifiesto en esta obra y en la que le ha precedido.

La obra se complementa con otro volumen de temática aplicada a la intervención específica en alteraciones del desarrollo y en población de riesgo. La lectura y consulta de sendas obras es independiente, pero, sin duda, su complementariedad hará que el lector obtenga un amplio y detallado conocimiento tanto de las bases como de la práctica de la atención temprana. Bases interdisciplinarias de la Atención Temprana Intervención específica en Atención

Temprana El presente volumen incorpora, además, perspectivas tanto desde la organización, la gestión, los centros, la evaluación, el trabajo con familias y los distintos modelos de intervención de la atención temprana en los sectores sanitario, social y educativo, como también desde cualquier situación de riesgo en esta etapa. Para todo ello se ha contado con profesionales de reconocido prestigio y expertos que, desde la práctica en los distintos ámbitos, en la formación académica universitaria o en la investigación, aportan una visión interdisciplinar. Igualmente, a lo largo de sus páginas se puede encontrar el recorrido del desarrollo de esta disciplina y el trabajo realizado en los últimos años para conocer el estado de la cuestión y las consecuentes perspectivas sobre la atención a la infancia. El texto se dirige a profesionales, estudiantes y a todos aquellos responsables de los distintos servicios de los ámbitos del trabajo en la primera infancia tanto terapéutico, como educativo y social.
