Modern Indian Interpreters of the Bhagavad Gita Robert N. Minor, 1986-09-30 This is a collection of careful, objective, historically sensitive studies of modern commentators on the Bhagavadgita, one of the basic scriptures of Hinduism, and one which has been widely read in the modern West. Experts on modern Indian religious thought show how Ghandi, Vivekananda, Radhakrishnan, Bhaktivedanta, Aurobindo, Tilak, Bhava, Sivananda, the Theosophists, and Bhankim read, used and interpreted the Gita. Collectively, the essays display the different backgrounds and orientations of the major Indian thinkers of our time. An Introduction and a Conclusion provide a perspective on the thinkers and identify common themes which are part of modern emphases.

The Philosophy of Bhagavadgita P.V.Laxmiprasad, 2021-10-16 The fundamental purpose of the Bhagavad Gita is to illuminate all of humanity, the realization of the true nature of divinity for the highest spiritual conception and the greatest material perfection is to attain supreme love of God. It is a work showing lessons of philosophy, religion and ethics; it teaches every human being the art of living, the way of life. According to William Von Humboldt, the Gita is 'the most beautiful, perhaps the only true philosophical song existing in any known tongue'. As a philosophical manifesto, the Bhagavad Gita plays an important influence in society. A philosophical guide acts like a spiritual magnifying glass, enabling people to discern the external and internal elements that surround their vision and bring error in our understanding. What we find in the works of philosophical masters are living truths which speak of mundane problems as well as spiritual needs of our day. People of such brilliant intellect who grow spiritually are able to interpret and transmit masterpieces like Bhagavad Gita in true spirit of life. Many a milestone is set by the followers of Gita and practical wisdom is the ultimate fulcrum of the philosophy..... P. V. Laxmiprasad

The Bhagavadgita in the Mahabharata, 2013-07-26 No other Sanskrit work approaches the Bhagavadgita in the influence it has exerted in the West. Philosophers such as Emerson and the other New England Transcendentalists were deeply affected by its insights, a dozen or more scholars, including Annie Besant and Mahatma Gandhi, have attempted its translation, and thousands of individuals struggling with the problems divided loyalties have found comfort and wisdom in its pages. The Bhagavadgita (Song of the Lord) tells of the young and virtuous Prince Arjuna who is driven to lead his forces into battle against an opposing army composed of close relatives and others whom he loves. The Lord Krsna, appearing in the

poem as Arjuna's friend and charioteer, persuades him that he must do battle, and we see Arjuna changing from revulsion at the thought of killing members of his family to resignation and awareness of duty, to manly acceptance of his role as warrior and defender of his kingdom. The Bhagavadgita is a self-contained episode in the Mahabharata, a vast collection of epics, legends, romances, theology, and metaphysical doctrine that reflects the history and culture of the whole of Hindu civilization. The present edition forms a part of J. A. B. van Buitenen's widely acclaimed translation of this great work. Here English and Sanskrit are printed on facing pages, enabling those with some knowledge of Sanskrit to appreciate van Buitenen's accurate rendering of the intimate, familial tone and directness of the original poem.

Walking on Lava The Dark Mountain Project,2017 The Dark Mountain Project began with a manifesto published in 2009 by two English writers--Dougald Hine and Paul Kingsnorth--who felt that literature was not responding honestly to the crises of our time. In a world in which the climate is being altered by human activities; in which global ecosystems are being destroyed by the advance of industrial civilisation; and in which the dominant economic and cultural assumptions of the West are visibly crumbling, Dark Mountain asked: where are the writers and the artists? Dark Mountain's call for writers, thinkers and artists willing to face the depth of the mess we are in has made it a gathering point for a growing international network. Rooted in place, time and nature, their work finds a home in the pages of the Dark Mountain books, with two new volumes published every year. *Walking on Lava* brings together the best of the first ten volumes, along with the original manifesto. This collection of essays, fiction, poetry, interviews and artwork introduces The Dark Mountain Project's groundbreaking work to a wider audience in search of 'the hope beyond hope, the paths which lead to the unknown world ahead of us.'--

Dance of Divine Love Graham M. Schweig, 2018-06-26 The heart of this book is a dramatic love poem, the Rasa Lila, which is the ultimate focal point of one of the most treasured Sanskrit texts of India, the Bhagavata Purana. Judged a literary masterpiece by Indian and Western scholars alike, this work of poetic genius and soaring religious vision is one of the world's greatest sacred love stories and, as Graham Schweig clearly demonstrates, should be regarded as India's Song of Songs. The story presents the supreme deity as the youthful and amorous cowherd, Krishna, who joins his beloved maidens in an enchanting and celebratory dance of divine love. Schweig introduces this work of exquisite poetry and profound theology to the Western world in the form of a luminous translation and erudite scholarly treatment. His book explores the historical context and literary genre of the work and elucidates the aesthetic and emotional richness of the composition, highlighting poignant details of this drama of divine love. Schweig illuminates the religious dimensions and ethical nuances of the drama, drawing widely from the commentaries and esoteric vision of masters of the Caitanya school of Vaishnavism, a prominent devotional Hindu tradition. Themes such as transcendence of death through love, the yoga of devotion, the contrast between worldly love and passionate love for God, and the dialectical tension between ethical boundaries and boundless love are presented. The final event of the Rasa dance, the author concludes, presents a dynamic symbol of supreme love that provides the basis for a theological vision of genuine religious pluralism.

The Bhagavadgita in the Nationalist Discourse Nagappa Gowda K., 2011-05-30 The Bhagavadgita has lent itself to several readings to defend or contest various views on life, morality, and metaphysics. This book explores the role of the Bhagavadgita in the formation of nationalist discourse. It examines the ways in which the Gita became the central terrain of nationalist contestation, and the diverse ethico-moral mappings of the Indian nation. Focusing on Bankimchandra Chatterjee, Balgangadhar Tilak, Swami Vivekananda, Aurobindo Ghose, Mahatma Gandhi, Vinoba Bhave, and B.R. Ambedkar as the representatives of different strands of nationalist discourse, this volume probes their reflections on the Gita. The author also discusses with issues such as the relation between the nation and the masses, renunciation and engagement with the world, the ideas of equality, freedom, and common good, in the context of a nationalist discourse. He argues that the commentaries

on this 'timeless' text opened up several possible understandings without necessarily eliminating one another.
