The Participation Revolution Neil Gibb, 2018-02-01 It can at times feel like everything is falling apart. And there is a reason for this. It really is. We can either see this as an end or a beginning. In this uplifting and essential guide to a bewildering future, Neil Gibb claims that we are witnessing the birth of a new world, in which passive consumers are being replaced by active participants. We are at one of those rare points in human history, he argues, when a whole way of thinking is on the turn, just as it was in the Renaissance and the Industrial Revolution. Those who catch the swell early are the ones who prosper. Those who don't get it will be left behind.

*The Long Way Home* Louise Penny, 2014-08-26 A #1 New York Times Bestseller, Louise Penny's *The Long Way Home* is an intriguing Chief Inspector Gamache Novel. Happily retired in the village of Three Pines, Armand Gamache, former Chief Inspector of Homicide with the Sûreté du Québec, has found a peace he'd only imagined possible. On warm summer mornings he sits on a bench holding a small book, *The Balm in Gilead*, in his large hands. There is a balm in Gilead, his neighbor Clara Morrow reads from the dust jacket, to make the wounded whole. While Gamache doesn't talk about his wounds and his balm, Clara tells him about hers. Peter, her artist husband, has failed to come home. Failed to show up as promised on the first anniversary of their separation. She wants Gamache's help to find him. Having finally found sanctuary, Gamache feels a near revulsion at the thought of leaving Three Pines. There's power enough in Heaven, he finishes the quote as he contemplates the quiet village, to cure a sin-sick soul. And then he gets up. And joins her. Together with his former second-in-command, Jean-Guy Beauvoir, and Myrna Landers, they journey deeper and deeper into Québec. And deeper and deeper into the soul of Peter Morrow. A man so desperate to recapture his fame as an artist, he would sell that soul. And may have. The journey takes them further and further from Three Pines, to the very mouth of the great St. Lawrence river. To an

area so desolate, so damned, the first mariners called it the land God gave to Cain. And there they discover the terrible damage done by a sin-sick soul.

**Casting Forward** Steve Ramirez,2020-11-01 In Casting Forward, naturalist, educator, and writer Steve Ramirez takes the reader on a yearlong journey fly fishing all of the major rivers of the Texas Hill Country. This is a story of the resilience of nature and the best of human nature. It is the story of a living, breathing place where the footprints of dinosaurs, conquistadors, and Comanches have mingled just beneath the clear spring-fed waters. This book is an impassioned plea for the survival of this landscape and its biodiversity, and for a new ethic in how we treat fish, nature, and each other.

**Badiou Reframed** Alex Ling,2016-12-18 He has been regarded with suspicion by some, as an anti-postmodernist who dared to write about unfashionable concepts such as truth and meaning. But in recent years, the philosopher Alain Badiou has risen in prominence, pioneering new ways to produce, conceptualise and discover art. Badiou Reframed is an original book about an original thinker which applies - for the first time - Badiou's philosophy to the visual arts. The six central concepts of this philosophy - 'being and appearing', 'event and subject' and 'truth and ethics' - are elucidated through detailed analysis of a range of visual artworks, including Marcel Duchamp's readymades, the abstract paintings of Kazimir Malevich and Mark Rothko, Banksy's contemporary street art, the sculpture of Alberto Giacometti, Stephane Mallarme's visual poetry and Victor Fleming's classic film The Wizard of Oz. In focusing on Badiou's critical relationship with the visual arts, Alex Ling reinterprets and represents not only the man, but art itself.

**Tarot Disassembled Guidebook** Jennifer Cooper Steidley,2025-04-07 This guide shows the traditional symbolism of the tarot in bold graphics, allowing readers to connect intuitively to the deeper aspects of the cards. The Tarot Disassembled

Guidebook provides fresh insight into interpreting the traditional symbolism found in the tarot. In this companion book to the Tarot Disassembled card deck, author and creator Jennifer Cooper Steidley has deconstructed the symbolism, presenting it in bold graphics, allowing the user to connect with the tarot in a completely intuitive way--free from any pictorial narrative around gender, skin color, age, size, ability, or any other human constructs. Sometimes we need to take something apart in order to appreciate what's in it. The same is true for the ingredients of the tarot: the individual symbols that make up the complex picture of a tarot card. There is potential for deep understanding that comes with the act of disassembling, and this guidebook deconstructs each of the seventy-eight cards. The Fool card is shown as a satchel, a dog, the sun, a feather, a flower, a mountain. Each card remains undeniably recognizable. The deconstructed simplicity allows tarot's rich symbolism to become clear, and readers can see how the symbols wind their way through each card in the deck. Tarot Disassembled is based on the symbology of the Rider-Waite-Smith tarot--arguably the most iconic and widely used deck in the world. Once the disassembling of tarot symbols is fully understood, you can begin to apply this deconstructing technique to other decks to find the inner patterns. This unique and innovative guidebook includes keywords, astrological and planetary associations, and elemental associations for each tarot card. It can be used with any deck based on the Rider-Waite system or as a companion to the Tarot Disassembled card deck, sold separately.

*The Clock and the Arrow: A Brief Theory of Time* ,

*Partnership for the Americas: Western Hemisphere Strategy and U.S. Southern Command* James G. Stavridis, RADM James G Stavridis, 2014-02-23 Since its creation in 1963, United States Southern Command has been led by 30 senior officers representing all four of the armed forces. None has undertaken his leadership responsibilities with the cultural sensitivity and creativity demonstrated by Admiral Jim Stavridis during his tenure in command. Breaking with tradition, Admiral Stavridis discarded the customary military model as he organized the Southern Command Headquarters. In its place he created an organization designed not to subdue adversaries, but instead to build durable and enduring partnerships with friends. His observation that it is the business of Southern Command to launch ideas not missiles into the command's area of responsibility gained strategic resonance throughout the Caribbean and Central and South America, and at the highest levels in Washington, DC.

**Feminist Eschatology** Emily Pennington, 2016-08-25 Many feminist theologians have made timely and valuable contributions to rethinking the eschaton by framing it as cyclical and by embracing endings as they are experienced by present relational, fluid, and sensuous bodies. However, any sense of eschatological finality or ultimacy has either been rejected or ignored. Feminist Eschatology seeks to think differently about Christian eschatology in light of contributions from feminist theologians, noting the numerous and varied critiques they have made of traditional models. These critiques are identified as being directed towards three key claims: eschatology is understood to be actuated by a domineering God, populated by masculinised beings, and disassociated from present lives. Using a form of strategic feminism, wherein traits

associated with female bodies, and some women's experiences of their bodies, are used to rethink the end-time of the eschaton, this book contributes to the meaning and significance of both bodies and eschatology.

Partnership for the Americas James Stavridis, 2010 Admiral James G. Stavridis, USN, reflects on his tenure as Commander of United States Southern Command (SOUTHCOM). The first Admiral to command Southern Command, Admiral Stavridis broke with tradition from day one, discarding the customary military staff model and creating an innovative organization designed not solely to subdue adversaries, but ... to build durable and lasting partnerships. From his unique perspective as commander, Stavridis uses his personal style to describe his vision for the command's role in the Americas, making most of limited resources to create goodwill and mutual respect, while countering illegal drug trafficking, overcoming a dangerous insurgency in Colombia, and responding to humanitarian crises. He devotes chapters to USSOUTHCOM's role in nurturing institutional respect for human rights among military and security forces of the region, advancing health security, and supporting a new regional strategy to counter the increasing challenge of urban and transnational gang violence. Citing the hemisphere's common geography, culture, economy, and history, Stavridis makes a case for a common approach and strategy for defending our shared home of the Americas through an international,

interagency, and private-public approach, all connected through coherent effective strategic communication--Publisher's description.

The Serpent Symbol in Tradition Charles Dailey, 2022-01-24 Serpent and dragon symbolism is ubiquitous in the art and mythology of premodern cultures around the world. Over the centuries, conflicting hypotheses have been proposed to interpret this symbolism which, while illuminating, have proved insufficient to the task of revealing a singular meaning for the vast majority of examples. In *The Serpent Symbol in Tradition*, Dr. Dailey argues that, in what the symbolist Rene Guenon and the historian of religions Mircea Eliade have called 'traditional' or 'archaic' societies, the serpent/dragon transculturally symbolizes matter, a state of being that is constituted by the perception of the physical world as chaotic in comparison to what traditional peoples believed to be the 'higher' meta-physical source of the physical world or 'nature.' In the course of Dr. Dailey's investigations into the meaning of traditional serpent/dragon symbolism, the following contributions have proved invaluable: 1) Guénon's interpretation of the language of traditional symbolism and the metaphysics that underlies it, as well as his interpretation of the terminology of the 'Hindu Doctrines,' 2) Eliade's interpretation of traditional/archaic societies by means of his concepts of chaos, creation, Axis Mundi (World Axis), and 'Sacred and Profane,' and 3) the insights of various other researchers of serpent/dragon symbolism. Beyond purporting to resolve some of the mystery of the ancient and varied symbolism of the serpent/dragon, *The Serpent Symbol in Tradition* strives to serve the related functions of interpreting the symbolic meanings of a wide variety of premodern artifacts and narratives as well as providing a study of the origination, and ancient human awareness, of the mentioned state of matter.

**Creativity and Sexuality** Mordechai Rotenberg, 2018-02-06 Judaism openly recognizes, as an integral part of human nature, the enigmatic relationship between yetzer, or physical desire, and yetzirah, or spiritual creativity. *Creativity and Sexuality*, written as a fictional dialogue, clearly delineates the psychic interdependence of these two drives, as well as the

integration of the concepts as they are defined by both Jewish mysticism and modern psychology. Mordechai Rotenberg is interested in the impact of religion on the psychology of everyday life. He was prompted to write *Creativity and Sexuality* by the popularity of writings that explore Jewish texts on the subject of sexuality from a historical or literary point of view, but that do not hesitate to include psychological evaluations based on popular secondary psychological concepts. This work seeks to provide an accurate psychological analysis of sexuality and spirituality from a Jewish mystical perspective. As such, it both reconstructs the interdisciplinary bridge between Judaism and psychology and deconstructs some exegetical traditions. The goal is to present new paradigmatic options, which may help modern society struggle more efficiently with its sexuality. Ultimately, the author sees physical desire and spiritual creativity as a regulative continuum. People learn how to spend the tremendous power of energy that the sexual yetzer produces not only on physical sex, but on the spiritual yetzirah. In an introduction written especially for this new edition, the author explains the continuing relevance of *Creativity and Sexuality*, and the ongoing relationship between sexual desire and a healthy spiritual self-fulfillment. This volume will be of interest to students of Judaism, psychology, mysticism, and sexuality.

Destruction Jan Driessen, 2013-05-25 Destruction remains a relatively unexplored and badly understood topic in archaeology and history. The term itself refers to some form and measurable degree of damage inflicted to an object, a system or a being, usually exceeding the stage during which repair is still possible but most often it is examined for its impact with destructive events interpreted in terms of a punctuated equilibrium, extraordinary features that represent the end of an archaeological culture or historical phase and the beginning of a new one. The three-day international workshop of which this volume presents the proceedings took place at Louvain-la-Neuve in Belgium, from November 24 to 26, 2011 and was organized by CEMA - Centre d'Étude des Mondes Antiques - one of the research centres within INCAL - Institut de Civilisations, Arts et Lettres. Our aim with organising this gathering was to seriously engage with destruction as a phenomenon and how it is perceived by archaeologists, historians and philologists of the ancient world. The volume is similarly structured to the workshop which it reflects, with first a series of more theoretical papers and then following a chronological and geographical order.
