The Smell Culture Reader Jim Drobnick, 2024-11-01 Smell is fundamental to experience but mired in paradox. Stigmatized as animalistic, it nonetheless feeds a vast fragrance and marketing industry. Considered ephemeral, scents have survived throughout the ages in a number of religious practices. The Smell Culture Reader provides a much-needed overview of what is arguably the most elusive sense. From hygiene to aromatherapy, the fetid to the fragrant, smells are shown to be much more than just an adornment or a nuisance. Addressing this engaging sense in redolent detail, The Smell Culture Reader demonstrates how essential smell is to sexuality, social status, personal identity, and cultural tradition.

Rethinking U.S. Labor History Donna T. Haverty-Stacke, Daniel J. Walkowitz, 2010-10-21 Rethinking U.S. Labor History provides a reassessment of the recent growth and new directions in U.S. labor history. Labor History has recently undergone something of a renaissance that has yet to be documented. The book chronicles this rejuvenation with contributions from new scholars as well as established names. Rethinking U.S. Labor History focuses particularly on those issues of pressing interest for today's labor historians: the relationship of class and culture; the link between worker's experience and the changing political economy; the role that gender and race have played in America's labor history; and finally, the transnational turn.

The Murder Room P. D. James, 2011-06-28 The Dupayne, a small private museum in London devoted to the interwar years 1919-1939, is in turmoil. As its trustees argue over whether it should be closed, one of them is brutally and mysteriously murdered. Yet even as Commander Dalgliesh and his team proceed with their investigation, a second corpse is discovered. Someone in the Dupayne is prepared to kill and kill again. Still more sinister, the murders appear to echo the notorious crimes of the past featured in one of the museum's galleries: the Murder Room. The case is fraught with danger and complications from the outset, but for Dalgliesh the complications are unexpectedly profound. His new relationship with Emma Lavenham—introduced in the last Dalgliesh novel, *Death in Holy Orders*—is at a critical stage. Now, as he moves closer and closer to a solution to the puzzle, he finds himself driven further and further from commitment to the woman he loves.

The Handbook of Food and Anthropology Jakob A. Klein,James L. Watson,2016-08-25 Winner of the CHOICE Outstanding Academic Title of the Year Award 2017. Interest in the anthropology of food has grown significantly in recent years. This is the first handbook to provide a detailed overview of all major areas of the field. 20 original essays by leading figures in the discipline examine traditional areas of research as well as cutting-edge areas of inquiry. Divided into three parts - Food, Self and Others; Food Security, Nutrition and Food Safety; Food as Craft, Industry and Ethics - the book covers topics such as

identity, commensality, locality, migration, ethical consumption, artisanal foods, and children's food. Each chapter features rich ethnography alongside wider analysis of the subject. Internationally renowned scholars offer insights into their core areas of specialty. Examples include Michael Herzfeld on culinary stereotypes, David Sutton on how to conduct an anthropology of cooking, Johan Pottier on food insecurity, and Melissa Caldwell on practicing food anthropology. The book also features exceptional geographic and cultural diversity, with chapters on South Asia, South Africa, the United States of America, post-socialist societies, Maoist China, and Muslim and Jewish foodways. Invaluable as a reference as well as for teaching, *The Handbook of Food and Anthropology* serves to define this increasingly important field. An essential resource for researchers and students in anthropology and food studies.

The Oxford Companion to Food Alan Davidson, 2014 Twenty years in the making, the first edition of this bestselling reference work appeared in 1999 to worldwide acclaim. Combining serious and meticulously researched facts with entertaining and witty commentary, it has been deemed unique by chefs and reviewers around the globe. It contains both a comprehensive catalog of foodstuffs - crackers and cookies named for battles and divas; body parts from toe to cerebellum; breads from Asia to the Mediterranean - and a richly allusive account of the culture of food, whether expressed in literature and cook books, or as dishes special to a country or community. Retaining Alan Davidson's wisdom and wit, this new edition also covers the latest developments across the whole spectrum of this subject. Tom Jaine has taken the opportunity to update the text and alert readers to new perspectives in food studies. There is new coverage on attitudes towards food consumption, production and perception, such as food and genetics, food and sociology, and obesity. New entries include terms such as convenience foods, gastronomy, fusion food, leftovers, obesity, local food, and many more. There are also new entries on important personalities who are of special significance within the world of food, among them Clarence Birdseye, Henri Nestle, and Louis Pasteur. Now in its third edition the Companion maintains its place as the foremost food reference resource for study and home use.

The Song of Silver Frond Catherine Lim, 2011-09-22 An exotic, beguiling love story set in 1950s Singapore. 'It was a special protection from the gods that Silver Frond's beauty manifested itself only after the barbarians had left? A beautiful child-woman, in that intriguing in-between stage when people could not tell where innocence ended and seductiveness began, and were charmed by both.' One morning in Singapore more than fifty years ago, The Venerable One - a wealthy, respected, handsome Chinese patriarch, head of a large household of three wives and many children and grandchildren - takes a walk by a cemetery. There, a young village egg-seller, Silver Frond, is amusing herself with a comic song-and-dance act based on popular gossip - about him. The meeting instantly changes their lives. Is he not too old? Is she not too young?

Are their worlds not too far apart? With characteristic verve and wit, Catherine Lim traces the struggles of an unusual couple through the jungle of human quandaries and predicaments created by the force of tradition, and celebrates the ultimate triumph of an even more extraordinary force - love.

Coyota in the Kitchen Anita Rodríguez,2016-05 Winner of the 2018 Zia Book Award from New Mexico Press Women Winner of the 2017 New Mexico-Arizona Book Award for Best New Mexico Book Winner of the 2017 New Mexico-Arizona Book Award for Multi-Cultural Subject Winner of the 2016 Southwest Book Award from the Border Regional Library Association This book of stories and recipes introduces two eccentric families that would never have eaten together, let alone exchanged recipes, but for the improbable marriage of the author's parents: a nuevomexicano from Taos and a painter who came from Texas to New Mexico to study art. Recalling the good and the terrible cooks in her family, Anita Rodríguez also shares the complications of navigating a safe path among contradictory cultural perspectives. She takes us from the mountain villages of New Mexico in the 1940s to sipping mint juleps on the porch of a mansion in the South, and also on a prolonged pilgrimage to Mexico and back again to New Mexico. Accompanied by Rodríguez's vibrant paintings--including scenes of people eating on fiesta nights and plastering an adobe church--*Coyota in the Kitchen* shows how food reflects the complicated family histories that shape our lives.
