Maldives Country Study Guide - Strategic Information and Developments IBP USA,2012-03-03 Maldives Country Study Guide - Strategic Information and Developments Volume 1 Strategic Information and Developments

Country Papers: Maldives ,1996

The International Directory of National Archives Patricia C. Franks,Anthony Bernier,2018-08-10 National Archives store materials relating to the history of a nation, usually operated by the government of that nation. This is the first ever comprehensive source of information about national archives around the world covers the national archives of all 195 countries recognized by the United Nations (the 193 member states and the 2 that non-member observer states: The Holy See and the State of Palestine) as well as Taiwan (Republic of China). Of the 196 countries, 54 are in Africa, 49 in Asia, 44 in Europe, 33 in Latin America and the Caribbean, 14 in Oceania, and 2 in Northern America. All countries maintain a repository for government and historical records; whether all allow public access will be determined through research for this work. The National Archives of all 196 countries will be included in this work (see Appendix A). Each entry contains: general information about the archive and when it is open to researchers (if applicable), historical information about the institution and how it developed, information about the archives today (its mission, functions, organization, services, and a description of its physical and digital infrastructures), and a current focus section spotlighting one part of the collection's holdings.

Women's Lives around the World Susan M. Shaw,Nancy Staton Barbour,Patti Duncan Ph.D.,Kryn Freehling-Burton Ph.D.,Jane Nichols,2018-01-04 Providing an in-depth look at the lives of women and girls in approximately 150 countries, this multivolume reference set offers readers transnational and postcolonial analysis of the many issues that are critical to the success of women and girls. For millennia, women around the world have shouldered the responsibility of caring for their families. But in recent decades, women have emerged as a major part of the global workforce, balancing careers and family life. How did this change happen? And how are societies in developing countries responding and adapting to women's newer roles in society? This four-volume encyclopedia examines the lives of women around the world, with coverage that includes the education of girls and teens; the key roles women play in their families, careers, religions, and cultures; how issues for women intersect with colonialism, transnationalism, feminism, and established norms of power and control. Organized

geographically, each volume presents detailed entries about the lives of women in particular countries. Additionally, each volume offers sidebars that spotlight topics related to women and girls in specific regions or focus on individual women's lives and contributions. Primary source documents include sections of countries' constitutions that are relevant to women and girls, United Nations resolutions and national resolutions regarding women and girls, and religious statements and proclamations about women and girls. The organization of the set enables readers to take an in-depth look at individual countries as well as to make comparisons across countries.

Maldives National Bibliography ,2005

Background Notes, Maldives ,1984

Serving Library Users from Asia John Hickok,2019-06-12 Asian populations are among some of the fastest growing cultural groups in the US. While books on serving other target groups in libraries have been published (e.g., disabled, Latino, seniors, etc.), few books on serving library users of Asian heritage have been written. Thus the timely need for this book. Rather than a generalized overview of Asians as a whole, this book has 24 separate chapters—each on 24 specific Asian countries/cultures of East, Southeast, and South Asia—with a wealth of resources for understanding, interacting with, outreaching to, and serving library users of each culture. Resources include cultural guides (both print and online), language helps (with sample library vocabulary), Asian booksellers, nationwide cultural groups, professional literature, and more. Resources and suggestions are given for all three types of libraries—public, school, and academic—making this book valuable for all librarians. The demographics of each Asian culture (numbers and distribution)—plus history of immigration and international student enrollment—is also featured. As a bonus, each chapter spotlights a US public, school, and academic library providing model outreach to Asian library users. Additionally, this book provides a detailed description and analysis of libraries in each of the 24 Asian countries. The history, development, facilities, conditions, technology, classification systems, and more—of public, school, and academic libraries—are all discussed, with detailed documentation. Country conditions influencing libraries and library use are also described: literacy levels, reading cultures, languages and writing systems, educational systems, and more. Based on the author's 15 years of research and travels to Asia, this work is a must-have for all librarians.

South Asia Defence And Strategic Year Book - 2009 General Deepak Kapoor,,AVSM PVSM, SM VSM Chief of Army Staff (India),2009 The third edition of the South Asia Defence and Strategic Year Book offers an analysis of defence, economic and social issues that impact regional security in South Asia. The wide ranging perspectives give a deep insight into the factors and linkages that impact the emerging international relations of the region, with particular emphasis on India which is an economic, military and political powerhouse with an expanding footprint in the World. South Asia is a region that is rife with geopolitics. By virtue of its population and location, it is a reflection of the challenges of the interconnected, integrated and

interdependent world. Its security environment is relatively unsettled and is a reason for both hope and despair. Its issues, which have international as well as regional relevance, have their own dynamics and trends that need a deeper understanding. The Year Book aims to provide a comprehensive overview of the security environment in the region by focusing on an in-depth analysis of military capabilities and strategic imperatives obtaining in the region. Apart from outlining the general security environment, detailed military balance, trends in weapon systems and technology, defence industry, missile and nuclear capabilities and terrorism issues have been highlighted. Growing strategic linkages and independence of nation states make it imperative to consider the region as a whole to incorporate a holistic approach. The Year Book also contains studies on China and other Southeast Asian nations to that effect. Thus the underlying theme of this publication is to enable 'understanding through information'. While the threat of terrorism remains at the forefront of most analyses, the move towards popular and democratically elected governments in South Asia has not eclipsed the existing challenges to governance in all the countries of the region. Poverty and economic disparities, coupled with ethnic and social divisions, have created political and social fault lines that have been exploited by non-state actors with their own agendas. Thus we hope to promote peace through understanding by delineating the issues of concern in the region.

TTI Country Reports ,2000

Political Handbook of the World 2022-2023 Tom Lansford,2023-06-09 The Political Handbook of the World 2022-2023 provides timely, thorough, and accurate political information, with more in-depth coverage of current political controversies than any other reference guide. The updated 2022-2023 edition continues to be the most authoritative source for finding complete facts and analysis on each country's governmental and political makeup. Tom Lansford has compiled in one place more than 200 entries on countries and territories throughout the world, this volume is renowned for its extensive coverage of all major and minor political parties and groups in each political system. It also provides names of key ambassadors and international memberships of each country, plus detailed profiles of more than 30 intergovernmental organizations and UN agencies. And this update will aim to include coverage of current events, issues, crises, and controversies from the course of the last two years.

South Asian Regional Cooperation Handbook - Strategic Information, Regulations, Contacts IBP, Inc.,2017-12-15 2011 Updated Reprint. Updated Annually. South Asian Association for Regional Cooperation (SAARC) Handbook

Constitutional Resilience in South Asia Swati Jhaveri,Tarunabh Khaitan,Dinesha Samararatne,2023-06-01 South Asia has had a tumultuous and varied experience with constitutional democracy that predates the recent rise in populism (and its study) in established democracies. And yet, this region has remained largely ignored by constitutional studies and democracy scholars. This book addresses this gap and presents a contribution to the South Asia-centric literature on the topic of the stability and resilience of constitutional democracies. Chapters deal not only with relatively well known South Asian countries

such as India, Bangladesh, Pakistan, and Sri Lanka, but also with countries often ignored by scholars, such as Bhutan, Nepal, Maldives, and Afghanistan. The contributions consider the design and functioning of an array of institutions and actors, including political parties, legislatures, the political executive, the bureaucracy, courts, fourth branch / guarantor institutions (such as electoral commissions), the people, and the military to examine their roles in strengthening or undermining constitutional democracy across South Asia. Each chapter offers a contextual and jurisdictionally-tethered account of the causes behind the erosion of constitutional democracy, and some examine the resilience of constitutional institutions against democratic erosion.

Media Linguistics in South Asia Ali R Fatihi, 2022-09-30 The tone and texture of the language of media have changed considerably due to the rapid expansion of media in recent times and advancements in communication technologies. This book examines new ways to conduct linguistic explorations into the myriad of forms news is being presented and consumed. The volume contributes to the emerging field of media linguistics by measuring and analysing the associations between linguistics and the news discourse. It extends the conceptualization of language-media relations in sociolinguistics beyond the notions of 'influence' and 'effect' and broadens the theoretical and empirical scope of the discipline. The author discusses different perspectives of media linguistics; issues of variation in language of media; question of plurilingual resources; parallel language use in media and textuality of news genres He further analyses the dynamics of news reportage by studying the coverage of conflicts, violence and dissent in South Asian media in recent decades along with the reportage of cricket headlines and news. Comprehensive and topical this volume will be useful for scholars and researchers of linguistics, media linguistics, applied linguistics, media studies, media sociology, sociology, cultural studies and South Asian studies.

Maldives Roseline NgCheong-Lum, Debbie Nevins, 2019-12-15 The Maldives is an island nation full of wonder and tropical vistas. Lying in the middle of the Indian Ocean, it is a haven for environmental conservation, prime island tourism, and crystal clear waters. This book offers readers a comprehensive view of the Maldives, including its history, environment, lifestyle, food, and festivals. Through photographs, sidebars, and engaging text, readers will gain a comprehensive view of this popular modern paradise.

Descent into Paradise Daniel Bosley, 2023-09-13 'Rich and valuable' ANJAN SUNDARAM 'Honest ... written in sharp, rippling prose' ANDREW FIDEL FERNANDO 'A brave and timely effort' JASON BURKE 'Immersive and eye-opening' HASSAN UGAIL 'A moving, personal and heartfelt tale of the real Maldives: far deeper and more sinister waters than the azure lagoons of the resorts for which it is famed' JJ ROBINSON In the autumn of 2011, the postman-turned-journalist Daniel Bosley embarked on an unexpected adventure which started as an internship in London's Maldives High Commission – the diplomatic mission of the Indian Ocean tourism hotspot. Little did he know that he would soon set off on an odyssey through an imperilled island nation undergoing one of the most tumultuous periods in its history. Over the next seven years, Bosley

worked as a journalist in the Maldives, reporting on its volatile political landscape and shattering the picture-perfect view of this supposed paradise. Taking us into a nation of a thousand isles, he reveals a shaded past of sultans, imperialists and Western explorers before a modern-day dictatorship was finally overturned by a democracy that immediately plunged into turmoil. While dissenters and intrepid reporters faced abduction, imprisonment, and even death, the climate crisis and Islamist zealots posed ever greater threats to the country's vulnerable environment and its ancient culture. As the editor of the Maldives' main English-language news website, Bosley witnessed some of these events first-hand, his personal distress assuaged only by the love and hope he would come to find – against all odds – within these isolated atoll communities. Richly observed and infused with empathy and essential humour, *Descent into Paradise* thoroughly alters our understanding of the Maldives, a place where magical waters and surreal skies hide unthinkable dangers even as the struggle for justice risks submersion.

Maldives Investment and Business Guide Volume 1 Strategic and Practical Information IBP, Inc.,2015-09-11
Maldives Investment and Business Guide Volume 1 Strategic and Practical Information

The Commonwealth Yearbook 2006 Richard Green,2004-09 The Commonwealth Yearbook is the essential annual guide to the Commonwealth, its members, and organizations. The 2006 Yearbook has been fully updated and includes articles on: ·The good offices role of the Commonwealth in promoting democracy and conflict resolution ·Commonwealth initiatives on reducing the impact of natural disasters, especially in small island states · Working for a fairer deal in international trade for developing countries ·The challenge of debt and debt management in developing countries and the Commonwealth Secretariat's widely used debt management software ·A full reference section and comprehensive profiles on the member states

Political Handbook of the World 2020-2021 Tom Lansford,2021-05-31 The Political Handbook of the World by Tom Lansford provides timely, thorough, and accurate political information, with more in-depth coverage of current political controversies than any other reference guide. The updated 2020-2021 edition will continue to be the most authoritative source for finding complete facts and analysis on each country's governmental and political makeup. Compiling in one place more than 200 entries on countries and territories throughout the world, this volume is renowned for its extensive coverage of all major and minor political parties and groups in each political system. The Political Handbook of the World 2020-2021 also provides names of key ambassadors and international memberships of each country, plus detailed profiles of more than 30 intergovernmental organizations and UN agencies. And this update will aim to include coverage of current events, issues, crises, and controversies from the course of the last two years.

World Police Encyclopedia: L-Z, index Dilip K. Das,Michael Palmiotto,2006 The World Police Encyclopedia is the only existing reference work to systematically survey all the police systems in all the countries of the world (the 189 UN member

states plus Switzerland). Each article describes police history; police education and training; structure of the force(s) in relation to the country's form of government and criminal justice system; police responsibilities and duties; most common crimes; structure and role of the courts; correction structure; organization and function of the police force(s); use of firearms; local and central interactions; community relations; and current issues and challenges. This unique resource will be of interest to scholars of history, foreign policy, and politics as well as government agencies, NGOs, and others involved in working internationally to control international and domestic crime.

Handbook on the South Asian Economies Anis Chowdhury, Wahiduddin Mahmud, 2008-01-01 With its higher economic growth in recent years South Asia is becoming an increasingly important region in the global economy. This volume provides a very useful introduction to the economics of the region and will be of considerable interest to both students and researchers. John Weiss, University of Bradford, UK The editors and contributors are to be congratulated for this comprehensive and original survey of the enormously important and diverse South Asian economies. Hal Hill, Australian National University The Handbook on the South Asian Economies edited by Wahiduddin Mahmud and Anis Chowdhry is a collection of essays on political economy of development of all seven South Asian countries. It is also one of only a few books available in the market covering all economies of South Asia. Hence, it fills a gap in the literature on South Asian Development. One very important aspect of the book is a clear recognition by the editors that South Asia's development will have to be studied and analysed within the context of its socio-political institutions and hence not by relying solely on its economic policy regimes. I recommend this book to scholars of all disciplines. Kartik Roy, University of Queensland, Australia This Handbook on the South Asian Economies (a companion to the Handbook on the Northeast and Southeast Asian Economies) is a comprehensive and unique collection of original studies on the economic and social development of countries in South Asia. The analytical narratives draw upon a wide range of extant literature in an easily accessible way, whilst highlighting the impact of socio-political factors on economic outcomes. The introductory chapter by the editors provides a comprehensive survey of the main features of South Asian economic development, especially in respect of the policy reforms since the late 1970s. The Handbook seeks to understand the varying degrees of achievements in economic transformation and social development in various parts of South Asia, and ponders whether these experiences indicate alternative pathways of socio-economic progress or provide a unique framework for a South Asian development model. The experiences of economic reforms across the South Asian countries, with their distinctive socio-economic settings and public cultures, may thus provide fresh perspectives on the emerging development paradigms. The Handbook is indeed based on the premise that development economics and South Asia have a lot to learn from each other. As with the Handbook on the Northeast and Southeast Asian Economies, this latest Handbook will be an invaluable reference work for many years to come for researchers, academics and students of Asian studies and economics. Policymakers interested in learning more about the

background and future opportunities and challenges posed by these economies will also find much to engage them.

Decoding **History Of Maldives Country**: Revealing the Captivating Potential of Verbal Expression

In a period characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its ability to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. Within the pages of "**History Of Maldives Country**," a mesmerizing literary creation penned by way of a celebrated wordsmith, readers embark on an enlightening odyssey, unraveling the intricate significance of language and its enduring affect our lives. In this appraisal, we shall explore the book is central themes, evaluate its distinctive writing style, and gauge its pervasive influence on the hearts and minds of its readership.
