*Reimag(in)ing the Victorians in Contemporary Art* Isobel Elstob, 2023-11-20 From contemporary deployments of taxidermy, magic lanterns and microscopy to the visualization of forgotten lives, marginalized narratives and colonial histories, this book explores how the work of artists including Mat Collishaw, Yinka Shonibare, Tessa Farmer, Mark Dion, Dorothy Cross and Ingrid Pollard reimag(in)es the Victorians in the 'present'. Examining how recent paintings, sculptures, photographs, installations and films revisit and re-present nineteenth-century technologies, practices and events, the book's rich interdisciplinary approach applies literary, media and linguistic theories to its analysis of visual art, alongside in-depth discussions of the Victorian inventions, concepts and narratives that they invoke. The book's emphasis on how - and why - we represent the historical past makes its contribution particularly timely. And by drawing attention to the importance of historiography to the work of these artists, it also unravels the complicated history of History itself. This book will speak to

diverse audiences including those interested in art history, visual culture, Victorian and neo-Victorian studies, as well as literature, histories of science and media, postcolonialism, museology, gender studies, postmodernism and the history of ideas.

*John Osborne* John Heilpern, 2009-03-04 John Osborne, the original Angry Young Man, shocked and transformed British theater in the 1950s with his play *Look Back in Anger*. This startling biography—the first to draw on the secret notebooks in which he recorded his anguish and depression—reveals the notorious rebel in all his heartrending complexity. Through a working-class childhood and five marriages, Osborne led a tumultuous life. An impossible father, he threw his teenage daughter out of the house and never spoke to her again. His last written words were I have sinned. Theater critic John Heilpern's detailed portrait, including interviews with Osborne's daughter, scores of friends and enemies, and his alleged male lover, shows us a contradictory genius—an ogre with charm, a radical who hated change, and above all, a defiant individualist.

**Restless Pilgrim** Reid L. Neilson, Scott D. Marianno, 2022-03-29 Andrew Jenson undertook a lifelong quest to render the LDS historical record complete and comprehensive. As Assistant Church Historian of The Church of Jesus Christ of Latter-day Saints, Jenson tirelessly carried out his office's archival mission and advocated for fixed recordkeeping to become a duty for Latter-day Saints. Reid L. Neilson and Scott D. Marianno offer a new in-depth study of Jenson's long life and career. Their account follows Jenson from his arrival as a Danish immigrant to 1860s Utah through trips around the world to secure documents from far-flung missions, and on to his public life as a newspaper columnist and interpreter of LDS history. Throughout, Jenson emerges as a figure dedicated to the belief that recorded history united past and present Latter-day Saints in heaven and on earth—and for all eternity. Engaging and informed, *Restless Pilgrim* is a groundbreaking study of an important figure in Latter-day Saint intellectual life during a transformative era in Church history.

*For Poulton and England* James Corsan, 2009-11-01 An outstanding leader and personality in every respect, Poulton captained England to what is now called a 'Grand Slam' in 1914 – the last season before the First World War. Once war was declared he spent seven months training in England with his battalion of the Royal Berkshire Regiment before crossing to Belgium via France at the end of March 1915. Five weeks later he was shot dead by a sniper in the trenches, still aged only twenty-five.

**A Voice in the Wilderness** Reid Neilson, Scott Marianno, 2018-06-01 In April 1888, Andrew Jenson, Danish immigrant and convert to the Mormon faith, received an unexpected invitation from church leaders to speak at their general conference. Jenson was an outsider to this conference tradition, a layman whose only standing before the main body of Latter-day Saints came from a contracted position with the Church Historian's Office. Forty-two years later, in April 1930, Jenson offered his twenty-eighth and final general conference sermon. He had become the voice of institutional record keeping in his over forty-year career as an Assistant Church Historian. His sermons demonstrated the growth and expansion of the Mormon general conference tradition in the twentieth century, as they placed the Latter-day Saint story front and center for church members to learn from and celebrate. In addition, Jenson urged conference goers to keep better personal and institutional records and believed he was often the solitary advocate for church record keeping and historical preservation. *A Voice in the Wilderness* presents all twenty-eight of Andrew Jenson's general conference sermons, with introductions and annotations that set them within their historical and religious contexts. His speeches capture a unique period in Mormon history, one of institutional change, accommodation, and growth. This study of Jenson's sermons uncovers the richness and diversity that thrives just beneath the surface of official ecclesiastical discourse.
