Poetry Unbound Mike Chasar, 2020-04-28 It's become commonplace in contemporary culture for critics to proclaim the death of poetry. Poetry, they say, is no longer relevant to the modern world, mortally wounded by the emergence of new media technologies. In *Poetry Unbound*, Mike Chasar rebuts claims that poetry has become a marginal art form, exploring how it has played a vibrant and culturally significant role by adapting to and shaping new media technologies in complex, unexpected, and powerful ways. Beginning with the magic lantern and continuing through the dominance of the internet, Chasar follows poetry's travels off the page into new media formats, including silent film, sound film, and television. Mass and nonprint media have not stolen poetry's audience, he contends, but have instead given people even more ways to experience poetry. Examining the use of canonical as well as religious and popular verse forms in a variety of genres, Chasar also traces how poetry has helped negotiate and legitimize the cultural status of emergent media. Ranging from *Citizen Kane* to *Leave It to Beaver* to best-selling Instapoet Rupī Kaur, this book reveals poetry's ability to find new audiences and meanings in media forms with which it has often been thought to be incompatible. Illuminating poetry's surprising multimedia history, *Poetry Unbound* offers a new paradigm for understanding poetry's still evolving place in American culture.

The Multimodal Writer Josie Barnard, 2019-08-06 These are exciting times for creative writing. In a digital age, the ability to move between types of writing and technologies – often at speed – is increasingly essential for writers. Yet, such flexibility can be difficult to achieve, and, how to develop it remains a pressing challenge. The Multimodal Writer combines theory, practitioner case studies and insightful writing exercises to support writers tackling the challenges and embracing the opportunities that come with new media technologies. Including interviews with a selection of internationally acclaimed authors, such as Simon Armitage, Robert Coover and Rhianna Pratchett, this book equips writers with the tools to not just survive but, rather, thrive in an era characterised by fast-paced change. With its focus on writing across genres, modes and media, this book is ideal for students of creative writing, professional writing, media writing and journalism.

Poetry in Pedagogy Dean A. F. Gui, Jason S. Polley, 2021-03-30 The essays compiled in Poetry in Pedagogy: Intersections Across and Between the Disciplines offer praxes of poetry that cultivate a community around students, language, and writing, while presenting opportunities to engage with new texts, new textual forms, and new forms of text-mediated learning. The volume considers, combines, and complements multiform poetry within and beyond existing Teaching & Learning paradigms as it traverses Asia, The Atlantic, and Virtual Space. By virtue of its mélange of intersecting trajectories, across and between oceans, genres, disciplines, and sympathies, Poetry in Pedagogy informs interdisciplinary educators and practitioners of creative writing & poetry involved in examining the multiform through international, cross-disciplinary contexts.

Aproximaciones culturales y didácticas: al hecho literario, 2024-11-28 La literatura es el arte que se vale del lenguaje natural como medio, al igual que el arte de la pintura usa pigmentos y el de la escultura la piedra. Puede ser también una forma de comunicación y de educación en los valores de una comunidad o un medio para apoyar o para denunciar determinadas situaciones socioeconómicas y políticas. El arte literario puede proporcionar placer y entretenimiento, pero también ansiedad y desasosiego; es capaz de despertar conciencias y suscitar rebeldías, pero igualmente puede manipular la realidad y adormecer, mediante la evasión, a las clases desfavorecidas. La literatura, como expresión artística de la comunidad humana, nace siempre de las condiciones materiales de una sociedad, pero al mismo tiempo constituye la expresión cultural más elevada de la espiritualidad humana. Otros seres animales son capaces de comunicar mensajes sobre la realidad, a veces incluso sofisticados, por diferentes medios, pero el ser humano es el único animal de la biosfera que ha convertido en un arte la comunicación verbal de mensajes ficticios. Cuando los rétores romanos distinguieron tres funciones principales para la literatura (instruir, deleitar y conmover) acertaron, pero al mismo tiempo se quedaron cortos.
