The Protocols of the Learned Elders of Zion Createspace Independent Pub, 2016-11-16 The Protocols of the Learned Elders of Zion The Protocols is a fabricated document purporting to be factual. Textual evidence shows that it could not have been produced prior to 1901. It is notable that the title of Sergei Nilus's widely distributed edition contains the dates 1902-1903, and it is likely that the document was actually written at this time in Russia, despite Nilus' attempt to cover this up by inserting French-sounding words into his edition. Cesare G. De Michelis argues that it was manufactured in the months after a Russian Zionist congress in September 1902, and that it was originally a parody of Jewish idealism meant for internal circulation among antisemites until it was decided to clean it up and publish it as if it were real. Self-contradictions in various testimonies show that the individuals involved-including the text's initial publisher, Pavel Krushevan-purposefully obscured the origins of the text and lied about it in the decades afterwards. If the placement of the forgery in 1902-1903 Russia is correct, then it was written at the beginning of the anti-Jewish pogroms in the Russian Empire, in which thousands of Jews died or fled the country. Many of the people whom De Michelis suspects of involvement in the forgery were directly responsible for inciting the pogroms.

Protocols of the Learned Elders of Zion ,1976*

Protocols of the Learned Elders of Zion Sergei Nilus, Victor Emile Marsden, 2014 The Protocols of the Elders of Zion is a tract alleging a Jewish and Masonic plot to achieve world domination. Purportedly written by a secret group of Jews known as the Elders of Zion, the document underlies 24 protocols that are supposedly followed by the Jewish people. The Protocols has been proven to be a forgery. The forgery contains numerous elements typical of what is known in literature as a False Document a document that is deliberately written to fool the reader into believing that what is written is truthful and

accurate even though, in actuality, it is not. It is also one of the best-known and most-discussed examples of literary forgery, with analysis and proof of its fraudulent origin going as far back as 1921. The forgery is also an early example of Conspiracy Theory literature.

The so-called Protocols of the Elders of Zion were published in London last year under the title of The Jewish Peril. This book is a translation of a book published in Russia in 1905, by Sergei Nilus, a government official, who professed to have received from a friend a copy of a summary of the minutes of a secret meeting, held in Paris, by a Jewish organization that was plotting to overthrow civilization in order to establish a Jewish world state. These Protocols attracted little attention until after the Russian Revolution of 1917, when the appearance of the Bolsheviks, among whom were many Jews, professing and practicing political doctrines that in some points resembled those advocated in the Protocols, led many to believe that Nilus' alleged discovery was genuine. The Protocols were widely discussed and translated into several European languages.

Protocols of the Meetings of the Learned Elders of Zion ,198?

Protocols of the Elders of Zion Sergei Nilus, Protocols of the Elders of Zion is one of the most controversial works in the past 100 years. It claimed to be a book written by the 'Elders of Zion,' a Jewish cabal planning to take over the world. It contains their plans for world domination and detailed account of the condition of the world once they have succeeded in their goals to rule it. Modern historians generally claim that it is a forgery, used primarily as a propaganda tool by the Russian court to prevent what would later become the Russian Revolution of 1917, but the writer of the introduction of this volume makes an effort to dispute such a belief.

Zion is an antisemitic fabricated text purporting to describe a Jewish plan for global domination. The forgery was first published in Russia in 1903, translated into multiple languages, and disseminated internationally in the early part of the 20th century. According to the claims made by some of its publishers, the Protocols are the minutes of a late 19th-century meeting where Jewish leaders discussed their goal of global Jewish hegemony by subverting the morals of Gentiles, and by controlling the press and the world's economies. Henry Ford funded printing of 500,000 copies that were distributed throughout the US in the 1920s. Adolf Hitler was a major proponent. It was studied, as if factual, in German classrooms after the Nazis came to power in 1933, despite having been exposed as fraudulent by The Times of London in 1921. It is still widely available today in numerous languages, in print and on the Internet, and continues to be presented by some proponents as a genuine document.

10. Is it possible for any sound logical mind to hope with any success to guide crowds by the aid of reasonable counsels and arguments, when any objection or contradiction, senseless though it may be, can be made and when such objection may find more favor with the people, whose powers of reasoning are superficial? Men in masses and the men of the masses, being guided solely by petty passions, paltry beliefs, traditions and sentimental theorems, fall a prey to party dissension, which hinders any kind of agreement even on the basis of a perfectly reasonable argument.
