

Quotes About White Privilege

Theresa Perry

Color of Privilege Aida Hurtado, 2005-08-18 This groundbreaking and important book explores how women of different ethnic/racial groups conceive of feminism. Aída Hurtado advances the theory of relational privilege to explain those differing conceptions. Previous theories about feminism have predominantly emphasized the lives and experiences of middle-class white women. Aída Hurtado argues that the different responses to feminism by women of color are not so much the result of personality or cultural differences between white women and women of color, but of their differing relationship to white men. For Hurtado, subordination and privilege must be conceived as relational in nature, and gender subordination and political solidarity must be examined in the framework of culture and socioeconomic context. Hurtado's analysis of gender oppression is written from an interdisciplinary, multicultural standpoint and is enriched by selections from poems by Sandra Cisneros, Gloria Anzaldúa, Lorna Dee Cervantes, and Elba Sanchez, and from plays by El Teatro Campesino, the United Farm Workers theater group. A final chapter proposes that progressive scholarship, and especially feminist scholarship, must have at its core a reflexive theory of gender oppression that allows writers to simultaneously document oppression while taking into account the writer's own privilege, to analyze the observed as well as the observer. Aída Hurtado is Associate Professor of Psychology, University of California, Santa Cruz.

American While Black Niambi Michele Carter, 2019-08-15 At the same time that the Civil Rights Movement brought increasing opportunities for blacks, the United States liberalized its immigration policy. While the broadening of the United States's borders to non-European immigrants fits with a black political agenda of social justice, recent waves of immigration have presented a dilemma for blacks, prompting ambivalent or even negative attitudes toward migrants. What has an expanded immigration regime meant for how blacks express national attachment? In this book, Niambi Michele Carter argues that immigration, both historically and in the contemporary moment, has served as a reminder of the limited inclusion of African Americans in the body politic. As Carter contends, blacks use the issue of immigration as a way to understand the nature and meaning of their American citizenship—specifically the way that white supremacy structures and constrains not just their place in the American political landscape, but their political opinions as well. White supremacy gaslights black people, and others, into critiquing themselves and each other instead of white supremacy itself. But what may appear to be a conflict between blacks and other minorities is about self-preservation. Carter draws on original interview material and

empirical data on African American political opinion to offer the first theory of black public opinion toward immigration.

Critical Psychology Dennis Fox, Isaac Prilleltensky, Stephanie Austin, 2009-02-16 'Do read this book - it will refresh you if you have not come across critical psychology before. If you are already critical, this is an excellent, up-to-date overview of the area' - THE (Times Higher Education) 'An excellent book in all respects - compulsory reading for scholars interested in a socio-political contextual analysis of complex human behaviour' - Professor David F Marks, City University, London 'The arrival of a Second Edition of this classic is an exciting event. The editors have assembled a world class array of authors to bring students to the forefront of critical scholarship today. Adding to the work's lustre are fresh new chapters on critical social issues, along with a set of new pedagogical aids. Bravo!' - Kenneth J. Gergen, Senior Research Professor, Swarthmore College The Second Edition of Critical Psychology extends the original's comprehensive and accessible critique of mainstream psychology. Fully revised, reconfigured and expanded, the Second Edition explores critical psychology's continued growth and diversification, offering practical advice, and noting significant theoretical and political dilemmas confronting critical psychologists today. While other texts focus on narrower specialties within critical psychology or on specific theoretical or methodological perspectives, Critical Psychology retains its focus on critical psychology as a whole. Key features of the new edition include: - each chapter now also includes a summary of main points, a glossary of important terms, suggested readings and Internet sites, and questions for discussion - the book's contributors - most of them new - have thoroughly updated the original chapters and provide multiple perspectives on critical psychology's core concerns - reflecting recent developments, Parts Three and Four are completely new to this edition. Part Three provides in-depth coverage of critical psychology's relevance to social justice, focusing on the issues of race, class, gender, disability, colonization/globalization, human rights/social justice in post-conflict settings, and oppression/empowerment in mental health systems. Part Four examines critical psychology practice, from theory, methodology and therapy to community organizing and the politics of resistance.

Holidays Are Holy Days Alex A Gondola Jr, Alex A. Gondola, 2004 Almost every month in the year has a secular holiday -- and on those special Sundays, preachers need to balance honoring the occasion with maintaining their focus on the proclamation of God's Word. It can be a challenging task, but it also presents a great opportunity to uncover the religious

significance of our civic celebrations. In this extensive volume of inspiring messages, Alex Gondola draws on the rich variety of American culture and scriptural insight to remind us that holidays truly are holy days. Great for personal reading, adult study groups, or fresh sermon ideas, *Holidays Are Holy Days* is a versatile resource that you'll draw on throughout the year. Sermons are included for: - New Year's Day - Martin Luther King Day - Super Bowl Sunday - Valentine's Day - Presidents' Day - St. Patrick's Day - April Fool's Day - Earth Day - Mother's Day - Memorial Day - Father's Day - Independence Day - Labor Day - Grandparent's Day - Columbus Day/Indigenous Peoples' Day - Halloween/All Saints - Reformation Sunday - Veterans' Day - Thanksgiving - Christmas

How does one avoid simplistic, even overly sentimental, preaching and yet address themes that are important to many American churchgoers? In this book Alex Gondola masterfully navigates his way into insightful sermons on themes which often tax the imagination of excellent preachers. Novice and seasoned preachers will benefit from this book, and all persons who read it will be inspired. Benjamin Griffin President Emeritus Andover Newton Theological School This is biblical preaching in the best sense: informative, creatively theological, challenging, invitational, occasionally wry, always participatory, and faithful to the God whose interests inform every page. In these sermons Gondola weaves hard data, history, and practical theology in the service of challenging Christians to live faithfully in the 21st century. Nancy S. Taylor Minister and President Massachusetts Conference, United Church of Christ Designed for those special days in our civil religion that preachers often find challenging, these expertly crafted sermons make an intelligent, creative use of scripture that demonstrates the relevance of those ancient texts to the present day. Filled with stories from everyday life, they reach both the head and the heart, and they have a social conscience. Kenneth Cauthen John Price Crozer Griffith Professor of Theology Emeritus Colgate-Rochester-Crozer Divinity School Author of *Rejoicing in Life's Moments* Alex A. Gondola Jr., is senior pastor of St. Paul United Church of Christ in Wapakoneta, Ohio. He previously served Dennis Union Church in Dennis, Massachusetts. He is the author of *Come As You Are, Pray Like This...* and *Don't Forget The Child (CSS)*, and also contributed several stewardship sermons to the CSS anthology *From Every Angle*.

The Third Awakening Eric Kaufmann, 2024-05-14 We in the West are in the third wave of cultural-left ideological enthusiasm. Each "Awakening" has crested, fallen a little, consolidated, then surged again to reach a higher level. The cumulative result is an elite creed which has produced a crime wave, a worsening education system, chaos at the border, and social division. Fired by a cultural socialism that puts equal results and emotional protection for minorities at the center of their moral universe, today's young people are twice as intolerant of conservative speech as older generations. These young people will be the median voters and employees of tomorrow, leading and controlling the country. Woke cultural socialism is not the classical liberalism of the American Constitution, but a modern "majorities bad, minorities good" Left-liberalism. It is

powered by a set of 'liberal' emotional attachments rather than liberal principles. These underpin a moral panic about whites and males combined with a starry-eyed patronizing approach to minorities. Today's woke extremism is not a repudiation of liberalism, but a perverse extension of it. Our only way out is to use elected, constitutional, government power to break the grip of wokeness in our institutions and schools, steering them toward neutrality and classical liberalism. To do so, the conservative and moderate majority must place culture front and center and spare no effort to win the battle of ideas. Nothing less than the future of our civilization depends on it.

Effective Writing for Sociology Ben Kail, Robert Kail, 2022-10-21 Writing well is an essential skill for sociologists, but few books help students learn to write well. Designed to help students produce a manuscript that is clear, concise, and compelling, *Effective Writing for Sociology* demonstrates and deconstructs what makes effective writing and how best to communicate scholarly ideas. The first half of the book addresses the fundamentals of good writing: writing clearly, conveying emphasis, writing concisely, and crafting effective paragraphs. The second half then looks to the three most important sections of a research report: framing an introduction, reporting results, and discussing findings. Each chapter of the book describes strategies for effective writing, illustrated with multiple examples and providing exercises where students can try their hand at implementing these strategies. The Epilogue provides tips on choosing a title as well as writing an abstract and method section; it also includes suggestions on how to master the tips described in the lessons. Ben Lennox Kail and Robert V. Kail's book is essential reading in courses on research methods, qualitative methods, quantitative methods, sociological writing, and social science writing in allied disciplines such as education, criminology, health, and all research fields.

Democracy Betrayed David S. Cecelski, Timothy B. Tyson, 2000-11-09 At the close of the nineteenth century, the Democratic Party in North Carolina engineered a white supremacy revolution. Frustrated by decades of African American self-assertion and threatened by an interracial coalition advocating democratic reforms, white conservatives used violence, demagoguery, and fraud to seize political power and disenfranchise black citizens. The most notorious episode of the campaign was the Wilmington race riot of 1898, which claimed the lives of many black residents and rolled back decades of progress for African Americans in the state. Published on the centennial of the Wilmington race riot, *Democracy Betrayed* draws together the best new scholarship on the events of 1898 and their aftermath. Contributors to this important book hope to draw public attention to the tragedy, to honor its victims, and to bring a clear and timely historical voice to the debate over its legacy. The contributors are David S. Cecelski, William H. Chafe, Laura F. Edwards, Raymond Gavins, Glenda E. Gilmore, John Haley, Michael Honey, Stephen Kantrowitz, H. Leon Prather Sr., Timothy B. Tyson, LeeAnn Whites, and Richard Yarborough.

Research Anthology on Racial Equity, Identity, and Privilege Management Association, Information Resources, 2022-01-14 Past injustice against racial groups rings out throughout history and negatively affects today's society. Not only do people hold onto negative perceptions, but government processes and laws have remnants of these past ideas that impact people today. To enact change and promote justice, it is essential to recognize the generational trauma experienced by these groups. The *Research Anthology on Racial Equity, Identity, and Privilege* analyzes the impact that past racial inequality has on society today. This book discusses the barriers that were created throughout history and the ways to overcome them and heal as a community. Covering topics such as critical race theory, transformative change, and intergenerational trauma, this three-volume comprehensive major reference work is a dynamic resource for sociologists, community leaders, government officials, policymakers, education administration, preservice teachers, students and professors of higher education, justice advocates, researchers, and academicians.

Intimate Inequalities Cristen Dalessandro, 2021-07-16 When it comes to the topic of romantic and sexual intimacy, social observers are often quick to throw criticisms at millennials. However, we know little about millennials' own hopes, fears, struggles, and triumphs in their relationships from the perspectives of millennials themselves. *Intimate Inequalities* uses millennials' own stories to explore how they navigate gender, race, social class, sexuality, and age identities and expectations in their relationships. Situating millennials' lives within contemporary social and cultural conditions in the United States, *Intimate Inequalities* takes an intersectional approach to examining how millennials challenge—or rather, uphold—social inequalities in their lives as they come into their own as full adults. *Intimate Inequalities* provides an in-depth look into the

intimate lives of one group of millennials living in the United States, demystifying what actually goes on behind closed doors, and arguing that millennials' private lives can reveal much about their ability to navigate inequalities in their lives more broadly.

Virtue in an Age of Identity Politics Jonathan D. Church, 2022-05-11 *Virtue in an Age of Identity Politics: A Stoic Approach to Social Justice* proffers Stoicism as a more constructive approach to social justice activism than Critical Social Justice, the current core framework for social justice activism in the 21st-century. Critical Social Justice examines ideologies that underlie the stratification of society in ways that confer ongoing benefits to some groups at the expense of other groups and aims for a radical reshaping of prevailing institutions because they purportedly, and irredeemably, underlie a set of norms, beliefs, and attitudes which will continue to perpetuate social inequalities if we do not undertake efforts to rethink, disrupt, and restructure society. Stoicism, the ancient Greek and Roman philosophy, is chosen specifically to help navigate the contentious discourse on "systemic" power and privilege which dominates the Critical Social Justice paradigm. In emphasizing intent over impact, as well as the distinction between the circumstances of our lives and the living of our lives, the Stoic approach highlights the vital importance of reason and virtue in achieving a connection between the individualistic concern with cultivation of a good character and the collective concern with making the world a better place.

Whiteness Afrikaans Afrikaners: Addressing Post-Apartheid Legacies, Privileges and Burdens MISTRA MISTRA, 2018-12-29 Do the erstwhile colonial settlers who, unlike in most other parts of the postcolonial world, have decided in large numbers to make the country their permanent home deserve equal recognition as members of the emergent nation? South Africa has been reeling under the recent blows of an apparent resurgence of crude public manifestations of racism and a hardening of attitudes on both sides of the racial divide. To probe this topic as it relates to white South Africans, Afrikaans and Afrikaners, MISTRA, in partnership with the Friedrich Ebert Stiftung (FES) and the National Institute for the Humanities and Social Sciences (NIHSS), convened a round-table discussion. The discourse was rigorous. This volume comprises the varied and thought-provoking presentations from that event, including a keynote address by former president Kgalema Motlanthe, inputs from Melissa Steyn, Andries Nel, Mary Burton, Christi van der Westhuizen, Lynette Steenveld, Bobby Godsell, Dirk Hermann (of Solidarity), Ernst Roets (of Afriforum), Xhanti Payi, Mathatha Tsedu, Pieter Duvenage, Hein Willemse and Nico Koopman, and closing remarks by Achille Mbembe and Mathews Phosa. It deals with a range of issues around whiteness in general and delves into the place of Afrikaners and the Afrikaans language in democratic South Africa, demonstrating that there is no homogeneity of views on these topics among white South Africans overall and Afrikaners in particular. In fact, in these pages, one finds a multifaceted effort to scrub energetically at the boundaries that apartheid imposed on all South Africans in different ways.

Truth and Revolution Michael Staudenmaier, 2012 A poignant, compelling history of one of the most important radical

groups you've never heard of.

Politics and Affect in Black Women's Fiction Kathy Glass, 2017-12-15 Exploring literary possibilities, *Politics and Affect* reads black women's text—in particular Frances Harper's "The Two Offers" (1859), Julia Collins's *The Curse of Caste* (1865), Nella Larsen's *Quicksand* (1928), and Danzy Senna's *Caucasia* (1998)—as richly creative documents saturated with sociopolitical value. Interested in how African American women writers from the nineteenth century to the present have mined the politics of affect and emotion to document love, shame, and suffering in environments shaped by race, Kathy Glass gives sustained attention to the impact of racist affect on the black body, and examines how black women writers deploy emotional states to engender sociopolitical change.

Centering Women of Color in Academic Counterspaces Annemarie Vaccaro, Melissa J. Camba-Kelsay, 2016-09-14 *Centering Women of Color in Academic Counterspaces* offers a rich critical race feminist analysis of teaching, learning, and classroom dynamics among diverse students in a classroom counterspace centered on women of color. Annemarie Vaccaro and Melissa J. Camba-Kelsay focus on an undergraduate course called *Sister Stories*, which used counter-storytelling to explore the historical and contemporary experiences of women of color in the United States. Rich student narratives offer insight into the process and products of transformational learning about complex social justice topics such as: oppression, microaggressions, identity, intersectionality, tokenism, objectification, inclusive leadership, aesthetic standards, and diversity dialogues.

Talking Problems Richard Buttny, 2012-02-01 Using discursive constructionism and conversation analysis, *Talking Problems* examines how participants orient to, communicate about, and act toward events as problems. The book examines a series of problems, including teenage parenthood in high school, interpersonal and family relationships during therapy, and racism and interracial relations on a university campus. These problems are taken as joint constructions and the interest is in how participants' versions of events get heard, what unfolds as a consequence of this, how participants position themselves, and what social realities are thereby created.

Preaching in the Era of Trump O. Wesley Allen, 2017-03-28 Now more than ever, it's time to preach. The election of Donald Trump left countless faith leaders across the country speechless. Now that he is president, silence must give way to prophetic preaching. Christians have long debated whether politics should be addressed from the pulpit. Following Donald Trump's controversial, divisive rise to power and the sweeping changes his fledgling administration has already proposed, that's no longer a question -- political preaching will be the order of the day, even for pastors who try to steer clear of controversy. It's up to preachers to make the church great again by leading it to embrace and embody God's concern for those whose lives are at stake in a Trump administration. Veteran teacher, preacher, and author Wes Allen offers a blueprint for addressing current events through a Gospel lens, persuasively and pastorally-- without engaging in divisive, antagonistic

rhetoric. Available in EPUB, EPDF, and paperback
