The Rune Primer Sweyn Plowright,2006-11-01 Sorting fact from fiction about runes has become increasingly difficult in recent years. The number of rune books has multiplied, but the majority of them are based on speculation, or even complete fantasy, and are often contradictory and confusing. Some readers may be content to settle for these, but a growing number of

rune students have been asking for a basic factual foundation so that they can judge for themselves the reliability of the information in the esoteric rune books. The Rune Primer at last bridges the gap between the dry, complex, and expensive academic works, and the less reliable esoteric and New Age books about rune magic and divination. This book makes the old sources accessible, with translations of the rune poems, and the historical information presented in plain English. It also traces many of the recently invented rune myths to their sources, reviews some of the most popular authors, and explains the ideas behind some of the modern esoteric rune systems.

Reading the Runes Kim Farnell, 2019-02-01 An essential introductory guide for anyone who wishes to use the runes for divination, personal guidance, and magic. Runes have an undeniable mystery and allure. To many people they are beautiful objects, a set of symbols of enigmatic meaning. In fact, the word rune comes from the Norse word *runa*, meaning “secret.” On the surface, they make up an ancient alphabet known as the Futhark that has come down to us through the ages from the ancient Northern Traditions of Europe. But they are so much more. Runes contain magical energy that can be activated for positive and powerful change in our lives. Reading the Runes takes you back to the runes as they existed in the neo-pagan cosmogony and their birth in the World Tree, Yggdrasil. Author Kim Farnell discusses the history and mythology of the runes, as well as the link between the runes and the gods. She includes the four ancient rune poems from which humankind received the meaning behind each rune. Reading the Runes includes the official rune course material for the British Astrological and Psychic Society. The author offers practical advice for making and energizing your runes, she suggests numerous traditional rune spreads to suit a variety of purposes, and she explains rune combinations within readings.

The Healing Runes- Loose Book Et Al Blum, Ralph H. Blum, Blum H. Et, Susan Loughan, 1995-09-15 Since the beginning of recorded history, the oracular tradition has been associated with healing and with the Divine. For Ralph H. Blum, the journey toward spiritual and emotional healing began with the 1982 publication of The Book of Runes. Since then, millions of people have welcomed the inspiration, guidance and comfort found in his interpretation of an ancient Western Oracle-- the Runes. At this time in history, a recognition of the relationship between physical health and emotional well-being is crucial. Created specifically to support traditional forms of therapy, healing and recovery, as well as all Twelve Step programs, The Healing Runes offers a new interpretation of this sacred oracle for all those whose lives stand in need of healing. When you are feeling alone or afraid; when you are sick physically or emotionally; or when your best friend is away and you need sound advice-- put your hand in the bag and pick a Rune. And when you are full of joy and praise and gratitude-- pick a Rune. The Healing Runes provides comfort for the heart, ease for the body, peace for the mind and nourishment for the soul.

The Runes James Flowerdew, 2021-09-28 What are the Runes, and are they actually good for magic? In *The Runes: A Grounding in Northern Magic* author, illustrator and artist James Flowerdew brings together a lifetime of learning and experiences with the Runes. Complete with a unique set of illustrations, *The Runes* is a great beginner's guide to this writing system, which was also and can still be used for magical purposes. Full of direct references to genuine ancient texts - as well as ripping yarns, poignant anecdotes and a good dose of humour - this book attempts to demonstrate not just the surface of Rune magic, but the underlying principles and culture that inform them alongside some general magical practice. The Runes are much more than a historical alphabet. They are a key to the wisdom of the ancient peoples who used them in language, life and magic, with these surviving writings not only clarifying these uses, but providing at least the bones of what you need to use them yourself today. A mixture of elegant and coarse, gentle and gritty, sombre and witty, the Runes are not to everyone's taste - but they echo a very real and relatable cosmology. A world view that doesn't hide the warts, but that finds plenty worth loving at the same time. Step into the world of the Runes on steady feet, and start a spiritual journey from which you may never wish to turn back.

Serenity Runes Ralph H. Blum, Susan Loughan, Bronwyn Jones, 2005-07-15 God, grant me the Serenity to Accept the things I cannot change, the Courage to change the things I can, and the Wisdom to know the difference. --The Serenity Prayer These simple words form one of the most important and revered messages of our age. For so many people in desperate situations--seeking wisdom, peace, and the strength to overcome overwhelming problems--the prayer has offered a beacon of hope and helped them through their darkest hours. The prayer is attributed to American theologian, Pastor Reinhold Niebuhr and is thought to have been written during the 1940s. Now, Ralph Blum has blessed the words with five beautifully crafted rune stones and enhanced their meaning with fresh runic commentaries to make the prayer even more powerful and accessible. So whatever your situation and however impossible the odds, you too can use the Serenity Prayer to help you face your challenges and to take the first step on your own road to recovery. In the accompanying book, Blum and co-authors, Susan Loughan and Bronwyn Jones, provide full instructions for using the runes with the prayer. They present the commentaries and the counsel of each rune stone and suggest meditations and other techniques to use. The pack is completed by a cloth bag to keep the Serenity Runes safe and a portable, credit-card-sized card on which is printed the Serenity Prayer.

Runic Book of Days S. Kelley Harrell, 2018-09-11 A step-by-step guide to working with the runes throughout the year • 2019 Nautilus Silver Award • Explains how the 24 runes of the Elder Futhark each rule the calendar for a half-month • Details the runes most powerful during each runic half-month, what they portend for personal and spiritual wellbeing, and techniques for creating relationships with them • Includes structured devotionals for each half-month and runic initiation rituals for the 8 pagan Sabbats, or holy days, such as the Summer Solstice (Litha) and Lughnassadh (the first harvest holy day) The Old Norse runes, known as the Elder Futhark, have long joined forces with the cycles of the seasons to offer powerful initiations, guidance, and wisdom. Aligning the sacred festivals, plantings, and harvests of ancient runic calendars with our modern 12-month calendar, Kelley Harrell reveals how the runes can once again offer initiations as well as instruct us on the holy days and creative rhythms of today. Drawing on her more than 25 years of shamanic practice and runic study, Harrell offers a step-by-step primer to work with the runes throughout the year. She explains how the 24 runes of the Elder Futhark follow a seasonal progression in which each stave rules the calendar for a half-month. She explores the meaning of each rune in detail and presents structured runic devotionals for each half-month, interwoven with guidance on how to make the best use of the life force available during each season, as well as runic initiation rituals for the 8 pagan Sabbats, or holy days, such as the Summer Solstice (Litha) and Beltane (May Day). She details the runes most powerful during each half-month, what they portend for personal and spiritual wellbeing, techniques for creating relationships with them, and how to work with them as an oracle. The author also explains how the runes leading up to each Sabbat help create the space for properly greeting each calendrical transition and completing its initiation. By moving through Nature's cycle with the runes, each year

becomes a reliable and trackable process of personalized growth and spiritual connection. Progressing through the teachings of each stave while honoring the seasons, Harrell's year with the runes becomes an initiation into a direct relationship with powers of Nature.

The Little Bones Women 729 Vlva Elements Rig Svenson, 2025-05-31 The narrative presented within these pages originates from a surviving tradition attributed to a legendary vlva, with roots tracing back to approximately the seventh century CE. While some may challenge the authenticity of this account by requesting citations or academic references such as those found in Harvard-style scholarship, it must be noted that such documentation is unavailable. The tradition from which this story emerges is a familial oral history, preserved and transmitted across generations. Of particular note is the survival of this tradition through the tumultuous events of the twentieth century, including the Second World War. The remaining Vlvas took refuge by remaining unseen in Germany's forest and mainstream settlements or cities.
