

Sykes Picot Agreement Impact

Paul Goldstein,Eyal Lewin

The Uncrowned Enigma Pasquale De Marco,2025-04-21 This captivating biography delves into the enigmatic figure of T.E. Lawrence, better known as Lawrence of Arabia, a man whose life and legacy have left an enduring mark on the Middle East. Through a comprehensive examination of his writings, correspondence, and the accounts of those who knew him, this book separates fact from fiction, revealing the complex and often contradictory nature of this enigmatic figure. Lawrence's journey from a young man searching for meaning in life to a pivotal figure in the Arab Revolt is meticulously traced, shedding light on his motivations, beliefs, and actions. The book explores his complex relationships with the Arab leaders he fought alongside, his fraught dealings with the British government, and the profound impact his actions had on Western perceptions of the Arab world. Beyond the historical narrative, this book delves into the psychological complexities of Lawrence himself. It examines his personal demons, his struggles with identity, and the profound toll that his experiences took on his mental and emotional well-being. Through a nuanced analysis of his writings and the testimonies of those who knew him, the book provides a fresh and insightful perspective on the inner workings of Lawrence's mind. This biography not only offers a comprehensive portrait of Lawrence of Arabia but also serves as a lens through which to understand the intricate geopolitical landscape of the Middle East during the early 20th century. Lawrence's life and actions illuminate the challenges and complexities faced by the region, shedding light on the enduring legacy of colonialism, nationalism, and the search for identity in a rapidly changing world. In exploring the enigma of Lawrence of Arabia, this book provides a timeless reminder of the power of human agency, the importance of understanding different cultures, and the enduring search for meaning in a world often defined by conflict and division. It is a compelling read for anyone interested in history, biography, or the complexities of the Middle East. If you like this book, write a review on google books!

Crossing the Great Sands: Journeys of Religion and Empire in the Middle East Pasquale De Marco,2025-05-17 In the heart of the world's most volatile region lies the Middle East, a land of ancient civilizations, diverse cultures, and enduring conflicts. Crossing the Great Sands: Journeys of Religion and Empire in the Middle East takes readers on an epic journey through the region's rich history, exploring the complex interplay between religion, politics, and power. From the dawn of civilization in Mesopotamia to the rise of Islam and the Crusades, the Middle East has been a crossroads of empires, a battleground for ideologies, and a crucible of faith. This book delves into the motivations and actions of key players

throughout history, from pharaohs and prophets to caliphs and kings, shedding light on the decisions that shaped the region's destiny. Through a captivating narrative, the book explores the impact of religion on politics and society, examining how religious beliefs and practices have influenced everything from governance to warfare. It delves into the origins of monotheism, the spread of Christianity and Islam, and the ongoing tensions between different faiths. The book also examines the role of empire in shaping the Middle East, from the ancient empires of Mesopotamia and Egypt to the British and French empires of the modern era. It explores the ways in which imperial ambitions and rivalries have fueled conflicts and left a lasting legacy on the region. Crossing the Great Sands also sheds light on the challenges facing the Middle East today, including the rise of Islamic fundamentalism, the ongoing Israeli-Palestinian conflict, and the impact of globalization and technology. It offers insights into the complexities of the region and the prospects for peace and stability. This book is an essential read for anyone seeking to understand the Middle East, its history, and its role in shaping the modern world. With its engaging narrative, insightful analysis, and comprehensive coverage, Crossing the Great Sands provides readers with a deeper understanding of this fascinating and often misunderstood region. If you like this book, write a review on google books!

The Serendipitous Evolution of the Balfour Declaration of November 2, 1917 Paul Goldstein,Eyal Lewin,2021-07-07 The Balfour Declaration was one of the most important events in the history of the Jewish people prior to the Holocaust, signaling the beginning of a new era of self-determination in the reconstituted Jewish homeland. This book provides an all-inclusive understanding of the complex geopolitical elements that shaped the facts on the ground in the Middle East. Analyzing the chain of events that led to the Balfour Declaration through a uniquely holistic approach, it demonstrates how the national interests of the nations involved in the World War I theater intersected with those of the Jewish nation in the final phase of its long march towards political sovereignty. Like the multiple parts of precision clockwork, each element, regardless of shape or size, played an essential part in the functioning of the whole, while the absence of one of them would have altered the outcome of the entire process. The text is bound to be of interest to specialists and researchers wanting insights into the historic, international and psycho-sociological processes that have been changing the Middle East throughout recent decades. It will also serve as an important academic source, or even a textbook, for university courses about the history of Israel and the Middle East.

On the Culture of the Middle East Pasquale De Marco,2025-07-07 ****On the Culture of the Middle East**** is a comprehensive overview of the Middle East, covering its history, culture, politics, and economics. The book is written in a clear and concise style, and it is packed with information. It is an essential resource for anyone who wants to learn more about this important region of the world. The book is divided into ten chapters, each of which focuses on a different aspect of the Middle East. The first chapter provides a brief overview of the region's history, from the earliest civilizations to the

present day. The second chapter discusses the Middle East's culture, including its religions, languages, and arts. The third chapter examines the region's politics, including its governments, economies, and foreign relations. The fourth chapter discusses the challenges facing the Middle East, including poverty, inequality, and climate change. The fifth chapter provides an overview of the media in the Middle East, including its history, role, and challenges. The sixth chapter examines the arts and culture of the Middle East, including its music, dance, literature, and cinema. The seventh chapter discusses the future of the Middle East, including the challenges and opportunities that the region faces. The eighth chapter provides a brief overview of the Middle East's relations with the West. The ninth chapter discusses the role of education in the Middle East, and the tenth chapter provides a brief conclusion. This book is an essential resource for anyone who wants to learn more about the Middle East. It is a comprehensive and up-to-date overview of the region's history, culture, politics, and economics. The book is written in a clear and concise style, and it is packed with information. If you like this book, write a review on google books!

Arabian Diplomacy Orin Brightfield, AI, 2025-03-20 *Arabian Diplomacy* explores the intricate diplomatic history of the Middle East, revealing how negotiation, alliance-building, and historical power struggles have shaped the region. It examines the impact of internal rivalries and external pressures, highlighting how these factors have influenced global politics. For example, the book delves into the impact of agreements like the Sykes-Picot Agreement and the Balfour Declaration, illustrating how these events continue to resonate in contemporary conflicts. The book progresses chronologically, beginning with the decline of the Ottoman Empire and moving through key historical periods like the Cold War and the rise of pan-Arabism. Case studies of the Arab League and other alliances provide concrete examples of diplomatic successes and failures. Through its use of diplomatic archives and primary sources, *Arabian Diplomacy* offers fresh perspectives on historical events and the enduring challenges facing the Middle East. It emphasizes the crucial role of Arabian diplomacy as a tool for navigating complex relationships, ultimately informing policy decisions and fostering a deeper understanding of regional stability.

Modern Iran in Perspective Ali Pirzadeh, 2019-09-05 This book highlights fundamental, but often neglected, issues important for a better understanding of present-day Iran. It underlines the idea that the most effective means for a nation to meet challenges and practices of the modern era lies with the fundamental values and norms that resonate with its inhabitants. This book is meant to be a companion to the author's published book *Iran Revisited: Exploring the Historical Roots of Culture, Economics, and Society* that expands upon that book's ideas, without repeating its theoretical reasoning. Its goal is to offer a better understanding of the current and evolving situations in Iran. In this regard, the author tried to clarify his position through a host of suggestions, most notably, the need to consider social rights as the bare minimum but extremely imperative criteria in our contemporary discourse for the betterment of our society. These rights, he argues, are

the most fundamental tenets of any community that strives to succeed and flourish. In this context, the underlying discussion rests on the following claim: the most persisting problems in Iran are the outcomes of the gradual regression of the people's mindset that persistently overlooked their heritage and value system in favor of imitating ideas that were/are neither compatible with their culture and history, nor applicable to the country's socioeconomic conditions. The author, therefore, presumed that these predicaments are self-inflicted: they were neither caused by a specific state, nor belong to a historical period, or individual(s); they cannot be characterized by political or economic terminologies, but are firmly rooted in people's inability to recognize that the most vital principle in developing and propelling a nation forward is the existence of a unified people.

Western Imperialism in the Middle East 1914-1958 D. K. Fieldhouse, 2006-04-06 The term 'Fertile Crescent' is commonly used as shorthand for the group of territories extending around the Rivers Tigris and Euphrates. Here it is assumed to consist of Syria, Lebanon, Jordan, Iraq and Palestine. Much has been written on the history of these countries which were taken from the Ottoman empire after 1918 and became Mandates under the League of Nations. For the most part the histories of these countries have been handled either individually or as part of the history of Britain or France. In the first instance the emphasis has normally been on the development of nationalism and local resistance to alien control in a particular territory, leading to the modern successor state. In the second most studies have concentrated separately on how either France or Britain handled the great problems they inherited, seldom comparing their strategies. The aim of this book is to see the region as a whole and from both the European and indigenous points of view. The central argument is that the mandate system failed in its stated purpose of establishing stable democratic states out of what had been provinces or parts of provinces within the Ottoman empire. Rather it generated basically unstable polities and, in the special case of Palestine, one totally unresolved, and possibly unsolvable, conflict. The result was to leave the Middle East as perhaps the most volatile part of the world in the later twentieth century and beyond. The main purpose of the book is to examine why this was so.

Ottoman and Arabian Bonds: In the Hearts of Two Empires Pasquale De Marco, 2025-04-07 ****Ottoman and Arabian Bonds: In the Hearts of Two Empires**** delves into the intricate relationship between the Ottoman Empire and the Arab world, shedding light on a dynamic that spanned centuries and left an indelible mark on history. This comprehensive book offers a nuanced understanding of the political, cultural, and social interactions that shaped this complex relationship. From the Ottoman Empire's conquest of Arab lands in the 16th century to the rise of Arab nationalism in the 19th century, this book explores the evolving dynamics between these two powerful forces. Readers will gain insights into the Ottoman Empire's policies towards its Arab subjects, the impact of Arab culture on the empire, and the challenges posed by Arab nationalist movements. The book delves into the complexities of the Arab Revolt of 1916, a pivotal moment in the history of the Ottoman Empire. It examines the causes and consequences of the revolt, highlighting its role in the empire's eventual

collapse. The aftermath of the revolt and the emergence of independent Arab states are also explored, providing a comprehensive understanding of the region's transformation. ****Ottoman and Arabian Bonds**** also delves into the cultural and intellectual exchange between the Ottoman Empire and the Arab world. It sheds light on the contributions of Arab scholars, artists, and writers to the Ottoman Empire's rich cultural heritage. The book also examines the impact of Ottoman rule on Arab society, exploring how it shaped institutions, legal systems, and social structures. The legacy of the Ottoman Empire in the Arab world is complex and multifaceted. This book provides a balanced assessment of both the positive and negative aspects of Ottoman rule, offering readers a deeper understanding of the region's history and its implications for the present day. Whether you are a scholar, a student, or simply someone with a passion for history, ****Ottoman and Arabian Bonds**** is an essential resource for understanding the intricate relationship between these two empires and its lasting impact on the Middle East. If you like this book, write a review!

Allenby C. Brad Faught, 2020-05-28 Edmund Allenby, Viscount Allenby of Megiddo and Felixstowe, as he became later, was the principal British military figure in the Middle East from 1917 to 1919. He fulfilled a similar proconsular role in Egypt from the latter year until 1925. In these two roles Allenby's eight years in the Middle East were of great impact, and in probing his life an especially revealing window can be found through which to observe closely and understand more fully the history that has resulted in the terminal roil afflicting the Middle East and international affairs today. In this biography Brad Faught explores the events and actions of Allenby's life, examining his thinking on both the British Empire and the post-World War I international order. Faught brings clarity to Allenby's decisive impact on British imperial policy in the making of the modern Middle East, and thereby on the long arc of the region's continuing and controversial place in world affairs.

Middle East Politics for the New Millennium Louis A. Gordon, Ian Oxnevad, 2016-10-07 Middle East Politics for the New Millennium: A Constructivist Approach looks at the politics of one of the world's most dynamic and challenging regions using the insights offered by constructivism. By analyzing the role of ideas and repeated interaction, the authors offer a refreshing long view analysis of the region's politics that differs from the crisis-centric approach which is often utilized. Covering the countries from the Persian Gulf to Turkey, Egypt and across North Africa, as well as the Israeli-Palestinian conflict, Middle East Politics for the New Millennium will aid students and analysts alike in understanding Middle East politics.

Middle East Conflicts from Ancient Egypt to the 21st Century Spencer C. Tucker, 2019-08-27 With more than 1,100 cross-referenced entries covering every aspect of conflict in the Middle East, this definitive scholarly reference provides readers with a substantial foundation for understanding contemporary history in the most volatile region in the world. This authoritative and comprehensive encyclopedia covers all the key wars, insurgencies, and battles that have occurred in the Middle East roughly between 3100 BCE and the early decades of the twenty-first century. It also discusses the evolution of

military technology and the development and transformation of military tactics and strategy from the ancient world to the present. In addition to the hundreds of entries on major conflicts, military engagements, and diplomatic developments, the book also features entries on key military, political, and religious leaders. Essays on the major empires and nations of the region are included, as are overview essays on the major periods under consideration. The book additionally covers such non-military subjects as diplomacy, national and international politics, religion and sectarian conflict, cultural phenomena, genocide, international peacekeeping missions, social movements, and the rise to prominence of international terrorism. The reference entries are augmented by a carefully curated documents volume that offers primary sources on such diverse topics as the Greco-Persian Wars, the Crusades, and the Arab-Israeli Wars.

The Formation of Modern Lebanon Meir Zamir, 2025-05-01 The Formation of Modern Lebanon (1985) examines the critical period around the 1920 establishment of Greater Lebanon and its impact on the political development of the country. It examines the ramifications of the annexation of the coastal region and the Beqa'a valley, with their mainly Muslim populations, to Mount Lebanon, with its Maronite Christian population. This act had far reaching consequences for the development of Lebanon, whose subsequent history has been dominated by political, social, cultural and economic conflicts between Christians and Muslims. The book surveys the emergence of the special Lebanese Christian entity and its transformation into a national movement, and analyses the factors behind the French decision to establish Greater Lebanon. This decision is set in the general context of French policy in the Levant and Franco-British rivalry in the Middle East. It also analyses the demographic and political structure of the new state and traces its political development during the first years of statehood. The book argues that the roots of all the subsequent tension between Christians and Muslims in Lebanon and between Lebanon and the Arab Muslim world can be traced back to the very creation of modern Lebanon.

Circassia and Ukraine Adel Bashqawi, 2023-08-23 In light of the war of extermination that waged against Ukraine, the aggression is a typical scorched-earth policy. Genocide, ethnic cleansing, and forced deportation committed in the nineteenth century in Circassia are similar to Russia's war in Ukraine since February 24, 2022. The book reminds of dozens of peoples and nations eager to restore their confiscated rights since the dissolution of the Soviet Union until now. It is divided into time periods (chapters). It touches on articles, studies, prominent occasions, developments, events, and commemorations that occurred during the mentioned period. What happened in the past and is developing nowadays necessitated the documentation, showing and exposing facts and events, which will set the record straight. Where actions speak louder than words, this confirms an undeniable reality. With peoples deprived of their rights, the Russian state did not care so far for mending fences and reconciling for peace and fairness. That confirms an undeniable fact, which is that the Russian state has not cared so far to carry out the duty entrusted to it in order to correct what the successive Russian regimes have committed against the Circassian nation and other victims of wars, occupation, genocide, deportation, and forced annexation.

Artificial Borders Conflicts Orin Brightfield, AI, 2025-03-04 Artificial Borders Conflicts examines how artificially imposed borders, often drawn by colonial powers with little regard for existing populations, continue to fuel conflict and instability worldwide. The book argues these borders aren't just lines; they actively shape political landscapes. It's crucial to understand the history of imperialism, such as the scramble for Africa, to understand the contemporary geopolitical landscape. These borders often disrupt social structures and exacerbate inter-group tensions, directly causing conflict. The book explores the historical context of artificial border creation, the socio-political ramifications for affected populations, and the long-term impact on international relations. Beginning with a theoretical framework for border studies, the book progresses chronologically and thematically, analyzing specific cases across Africa, Asia, and the Middle East. Consider the Sykes-Picot Agreement, where arbitrary lines redrew the Middle East, impacting current conflicts. The book analyzes potential solutions and strategies for mitigating the negative impacts of these borders. Through historical records, treaties, maps, demographic data, and case studies, the book demonstrates the impact of artificial borders. Readers will gain insights into the underlying causes of ongoing conflicts and critically evaluate policy proposals related to border management, conflict resolution, and international development. The book also addresses debates surrounding sovereignty, self-determination, and the legacy of colonialism.

The Encyclopedia of the Arab-Israeli Conflict Spencer C. Tucker, Priscilla Roberts, 2008-05-12 This exhaustive work offers readers at multiple levels key insights into the military, political, social, cultural, and religious origins of the Arab-Israeli conflict. The Encyclopedia of the Arab-Israeli Conflict: A Political, Social, and Military History is the first comprehensive general reference encompassing all aspects of the contentious Arab-Israeli relationship from biblical times to the present, with an emphasis on the era beginning with World War I. The Encyclopedia of the Arab-Israeli Conflict goes beyond simply recapping military engagements. In four volumes, with more than 750 alphabetically organized entries, plus a separate documents volume, it provides a wide-ranging introduction to the distinct yet inextricably linked Arab and Israeli worlds and worldviews, exploring all aspects of the conflict. The objective analysis will help readers understand the dramatic events that have impacted the entire world, from the founding of modern Israel to the building of the Suez Canal; from the Six-Day War to the Camp David Accords; from the assassinations of Anwar Sadat and Yitzhak Rabin to the rise and fall of Yasser Arafat, the 2006 Palestinian elections, and the Israeli-Hezbollah War in Lebanon.

Secret Alliances Michael Davis, AI, 2025-03-21 Secret Alliances explores the hidden political and military agreements that have significantly influenced global power dynamics and historical events. The book reveals how these covert alliances, often intended to create strategic advantages, have instead led to unforeseen consequences and destabilized the global order. One intriguing fact is that many alliances formed in secrecy to ensure security have paradoxically fostered an environment of mistrust, ultimately increasing the likelihood of conflict. The book begins by tracing the origins of secret

alliances from ancient times to the modern era, classifying them by type and exploring the motivations behind their formation. It then examines several case studies, such as those preceding World War I and Cold War-era pacts, to analyze their immediate impacts and long-term repercussions. Readers will gain a deeper understanding of how these alliances have affected smaller nations and the complexities of international relations, offering a unique perspective on the dangers of secrecy in shaping the modern world. The book also discusses the legacy of secret alliances in contemporary international relations, addressing challenges to transparency, accountability, and global stability. By drawing on primary source documents and secondary analyses, it provides a comprehensive account of these covert pacts and their role in perpetuating conflict. This approach connects to international law and conflict resolution, offering a balanced assessment of the potential benefits and drawbacks of these hidden agreements.

Ottoman Empire A.J. Kingston, 2023 Discover the captivating world of the Ottoman Empire with Ottoman Empire: The Sultan's Domain - a remarkable book bundle that takes you on a journey through the rise and fall of one of history's most influential empires. Order your copy of Ottoman Empire: The Sultan's Domain today and embark on a captivating journey through history's illustrious corridors.

The Encyclopedia of Middle East Wars Spencer C. Tucker, 2010-10-08 This in-depth study of U.S. involvement in the modern Middle East carefully weighs the interplay of domestic, cultural, religious, diplomatic, international, and military events in one of the world's most troubled regions. The monumental, five-volume *The Encyclopedia of Middle East Wars: The United States in the Persian Gulf, Afghanistan, and Iraq Conflicts* is a must-have resource for anyone seeking to comprehend U.S. actions in this volatile region. Under the expert editorship of Spencer C. Tucker, the encyclopedia traces 20th- and 21st-century U.S. involvement in the Middle East and south-central Asia, concentrating on the last three decades. Beginning with the 1980–1988 Iran–Iraq War, it covers the 1979–1989 Soviet occupation of Afghanistan, the 1991 Persian Gulf War, allied punitive actions against Iraq during the 1990s, the Afghanistan War, the Iraq War, and the Global War on Terror. Many smaller military actions against Iran, Iraq, Libya, Afghanistan, and other regimes that have been involved in international terrorism are also included. Diplomacy, religion as it pertains to Middle East conflict, and social/cultural developments are other key subjects of analysis, as is the interplay of politics with military policy in the United States and other nations involved in the region.

Borders Revisited Bastian A. Vollmer, 2021-08-12 The nature and configuration of borders, and the relationship between state borders and societies, have changed. In the 21st century, internationalism, transnationalism, and super-diversity have further provoked complexities and anxieties. It seems that as border and migration regimes undergo dramatic transformations, their public profile increases. This book revisits borders, bordering practices, and meanings, with a particular focus on the United Kingdom as a case study. Bastian A. Vollmer examines not only the theoretical and historical dimensions of borders but also various empirical data, including extensive text corpora and dozens of in-depth interviews. Expanding on the concept of vernacular security—that is, an everyday understanding of security—he argues that the existential value of borders is not merely physical, but extends into the order and future construction of states and societies. This book demonstrates decisively that the concept of the border has not left the centre stage of philosophy, political theory, and political sociology, but has instead emerged as a focal point for multidisciplinary engagements. It further demonstrates how attention to a vernacular perspective can inform those engagements, yielding vital insights. As such, it should appeal to students and scholars across disciplines interested in the contemporary development and relevance of borders and their discursive cultures.

Iraq Geoff Simons,2016-01-13 This book presents a broad history of Iraq, from the earliest times to the present, with particular attention to the emergence of modern Iraq in the twentieth century, the power struggles that led to the rise of Saddam Hussein, and recent events such as the Iran-Iraq war, the 1990-91 Gulf crisis, and the continuing depiction of Iraq as a 'pariah' nation. Detailed information is included, much of it unsympathetic to western propaganda, to encourage a deeper understanding and a deeper ethical perception of the 'Iraq Question'.
