Crossing Game D.L. Narrol,2024-09-06 Book 5 of Colin Limmerick's adventures The fifth book of D.L. Narrol's time travel series has the same steampunk 1912 time-travelers venture again via Dr. Dimitrikov's time machine. They've somehow adopted a misplaced cave lion, an ill-behaved Neanderthal and Olga, the assistant commander of the KGB from their future; The Soviet Union (1970). Captain Limmerick, tries to have his new companions assisted back to their time periods, but not all goes as planned. Dr. Dimitrikov discovered nuclear fuel when they had previously traveled to the U.S.S.R, in previous book Arctic Quest, but is inept on how to use it. They land in 1992, to discover the KGB has been over-run with corrupt pseudo-capitalism. The time machine's control panel is, by mistake, tampered with by the hostile Neanderthal, which leads the time travelers to Johannesburg, South Africa (1900), during the Anglo-Boer War. Captain Limmerick evaded this war twelve years prior, in his own time period; but, is compelled to involve himself because of his religious beliefs and his love and admiration for a victimized Zulu woman. Limmerick's distaste for war comes into play, where he changes history forever.

Meanwhile, Bobford3 assembles a new crew of three talented but eccentric scientists to help him with his latest idea, one that will prove to revolutionize the world if it does not end it first.

Expansion Abby Wynne, 2023-03-21 This is book three of The Inner Compass Trilogy. In the first two books Marissa went on a spiritual and emotional roller coaster ride and it's not over yet, not by a long shot. No longer able to keep the door to the other world closed, Marissa decides that a life filled with magic, beauty and love is much more attractive to the alternative. But letting magic in has consequences, some of which Marissa is not quite prepared for. Awakening to her potential may have been the easy part, her Transformation was complicated and difficult at times, but Expansion, well, that's another story altogether. Find out what happens next to Marissa and her friends as the story of The Inner Compass comes to its conclusion.

Beth Norvell Randall Parrish, 2022-08-01 Randall Parrish's 'Beth Norvell: A Romance of the West' is a classic tale that plunges readers into the robust setting of frontier life, combining the ruggedness of the Western genre with the tenderness of romance. This narrative, penned with a pen steeped in the traditions of the time, occupies a vital space in the literary canon of American historical fiction. Its rich characterization and evocative landscapes are crafted with a style that reflects the aesthetics and values of the early 20th century, drawing the reader into a world where love and adventure coalesce against a backdrop of the untamed American West. DigiCat Publishing, in its mission to preserve humanity's narrative treasury, offers 'Beth Norvell' in a meticulously formatted edition that captures the essence of Parrish's story while embracing the convenience of contemporary reading experiences. With the transformation into both print and digital forms, this enduring story transcends its original epoch and becomes accessible to a new generation of readers. Randall Parrish, himself deeply rooted in the literary soil of his time, constructed 'Beth Norvell' with the potential to resonate with the dreams and challenges presented by the Western frontier. His works often reflect a preoccupation with history and the American experience, and in this novel, Parrish intertwines his passion for historical accuracy with the universal themes of love and struggle. It is likely that Parrish's own experiences and keen observations of human nature informed the vivid reality and profound emotional depth found within the pages of this work. Tailored for those who cherish the literary craft of yesteryears as well as enthusiasts of Western and romantic fiction, 'Beth Norvell' awaits its readers with a promise of escapism into a bygone era. Recommendable for the classroom and the comfort of one's own reading nook, this novel stands as an emblem of classic storytelling, a fine embodiment of DigiCat Publishing's dedication to celebrating the masterpieces of world literature. Let 'Beth Norvell' convey you to the days of heroic narratives, where endurance and love are the truest testaments to the human spirit.

95 Prostheses Frank G. Honeycutt, 2018-01-18 Five hundred years after Luther's famous posting of his 95 Theses in 1517, the church again faces an important crossroads. Sunday worship attendance is shrinking at alarming rates. There are now more "Elvis believers" in the US than Episcopalians and almost limitless spiritual options exist for those who seek faith and trust in something, but are hesitant to commit to a particular path leading to truth. The word prosthesis, normally associated with surgery, is also an apt word to describe the church's need to forge a theological identity that fits our current context. The church faces change and a transformed body, but not at the expense of the biblical richness and tradition that fueled the restlessness of the reformers. The essays gathered here, arranged around the seasons of the church year, address familiar challenges faced by all pastors and leaders in an era of transition, specifically in Christian formation and discipleship. Appropriate for group and personal reflection, 95 Prostheses employs humor and biblical accessibility with the skeptical outsider who may be considering Jesus and his church for the first time in mind.
