Embracing, Evaluating, and Examining African American Children's and Young Adult Literature Wanda M. Brooks, Jonda C. McNair, 2008 Serious scholarship on African American children's and young adult literature is a relatively recent phenomenon. To date, only a handful of book-length works--aside from doctoral dissertations--have been devoted to the exploration of this body of work and the historical works that are at its foundation. *Embracing, Evaluating, and Examining African American Children's and Young Adult Literature* features 12 original essays that present research related to African American children's literature--books intended for youth that are written by and about African Americans--conducted by scholars from leading academic institutions. Editors Wanda M. Brooks and Jonda C. McNair offer a bouquet of diverse perspectives on African American children's and young adult literature, focusing attention on texts, on readers, and on pedagogical strategies that have the potential to bring the texts and the readers together. Beginning with a foreword by one of the leading scholars in the field of African American children's and young adult literature, Rudine Sims Bishop, the varied

disciplinary perspectives put forth in this book will inspire others to embrace, evaluate, and examine African American children's and young adult literature for many years to come.

Using Young Adult Literature to Work through Wobble Moments in Teacher Education Dawan Coombs,Jon Ostenson,2022-07-25 This volume offers a novel approach to exploring how literary response groups can be used as part of teacher education programs to help preservice teachers navigate wobble moments. Focusing uniquely on the potential of young adult literature (YAL), the text draws on the first-hand experiences of teacher candidates and uses a range of well-known books to demonstrate how narrative-based inquiry and analysis of fictional depictions of teaching and learning can support reflection on a range of common challenges. The volume presents how YAL literary response groups are shown to enhance participants' ability to reflect on practice, build resilience, and develop deeper understanding of pedagogical principles by offering a shared dialogical space. These insights ultimately contribute to teacher education program improvement by enhancing teacher candidates' understanding of pedagogy. This text will benefit researchers, doctoral students, and academics in the fields of teaching, teacher mentoring, and teacher education more specifically. Those interested in literature studies and young adult literature (YAL) more broadly will also benefit from this volume.
