CREER NO ES SUFICIENTE Hugo Ben D., 2012-12-11 La verdad que todos esperaban. NO DEBE FALTAR ESTA OBRA EN TU BIBLIOTECA. Entérate del engaño más grande del mundo, comprenderás porqué, CREER NO ES SUFICIENTE.

Amsterdam's People of the Book Benjamin E. Fisher, 2020-03-30 The Spanish and Portuguese Jews of seventeenth-century Amsterdam cultivated a remarkable culture centered on the Bible. School children studied the Bible systematically, while rabbinic literature was pushed to levels reached by few students; adults met in confraternities to study Scripture; and families listened to Scripture-based sermons in synagogue, and to help pass the long, cold winter nights of northwest Europe. The community's rabbis produced creative, and often unprecedented scholarship on the Jewish Bible as well as the New Testament. Amsterdam's People of the Book shows that this unique, Bible-centered culture resulted from the confluence of the Jewish community's Catholic and converso past with the Protestant world in which they came to live. Studying Amsterdam's Jews offers an early window into the prioritization of the Bible over rabbinic literature -- a trend that continues through modernity in western Europe. It allows us to see how Amsterdam's rabbis experimented with new historical methods for understanding the Bible, and how they grappled with doubts about the authority and truth of the Bible that were growing in the world around them. Amsterdam's People of the Book allows us to appreciate how Benedict Spinoza's ideas were in fact shaped by the approaches to reading the Bible in the community where he was born, raised, and educated. After all, as Spinoza himself remarked, before becoming Amsterdam's most famous heretic and one of Europe's leading philosophers and biblical critics, he was steeped in the common beliefs about the Bible from childhood on.

La Salvación Viene de Los Judíos Francisco G. Mart Nez, Francisco G. MartíNez, 2012-04 Este valioso libro viene a llenar un hueco enorme en la Teología Cristiana en lengua castellana: La falta de información confiable sobre los orígenes judíos de la fe cristiana. Para aquellos que buscan la sencillez, el libro expresa muchas verdades fundamentales que permanecieron ocultas en los antiguos tratados de la historia de la Iglesia en un lenguaje simple y ameno. En cambio, para aquellos que aman la seriedad académica el tratado está lleno de referencias cuidadosamente documentadas, frutos de la erudición moderna y la antiquísima tradición de Israel. El inicio de esta obra provee al lector de la perspectiva histórica del origen judío de la Iglesia y su posterior separación de Israel. Luego, expone las fallas de las hipótesis aramea y griega como idiomas originales del Nuevo Testamento, y demuestra el origen hebreo de los Evangelios y las enseñanzas de los apóstoles. Los siguientes capítulos se enfocan en la judaidad de Jesucristo, y por qué nunca abandonó su fe ancestral para fundar una religión separada del tronco tradicional del judaísmo del Segundo Templo. Explican, además, por qué las enseñanzas de Jesucristo o Yahushúa ha Mashíaj son todas ellas judías e interpretarlas fuera de ese marco religioso inevitablemente lleva a graves errores en la doctrina y la práctica de la fe. Por último, explora con integridad teológica cómo los Padres de la Iglesia y los Reformadores Protestantes forjaron con su antisemitismo los capítulos más vergonzosos de la historia humana: Las Cruzadas, la Santa Inquisición y el Holocausto. Sin duda alguna, su consistente punto de vista judío nazareno lo hace un libro sumamente interesante, informativo y conmovedor que debe ser leído por cada pastor, seminarista, misionero y estudiante sincero de la Biblia; tanto cristiano como judío por igual.

La sinagoga vacía Gabriel Albiac, 1987 Analyzes the emotional and social consequences of the forced conversions and expulsion of the Jews from Spain and Portugal. Rejected by the Old Christians, Conversos maintained a clandestine way of life, subjected to pressure that culminated in the test of purity of blood. Discussing extracts from the testimonies of expelled

Jews, analyzes the life and work of Converso intellectuals. Describes the antisemitic use of the Exemplar Humanae Vitae by Uriel da Costa (1585-1640) a philosopher and free thinker who criticized the Jewish community of Amsterdam as too rigid and ritualistic. Argues that Spinozism is the outcome of the spiritual crisis of the crypto-Jewish community.

Apuntes de historia judía Anita Glass Olamy, 1989 An outline of various periods in Jewish history, emphasizing Jewish cultural life. Describes medieval Spain, mentioning the pogroms of 1391, the waves of conversion, the establishment of the Inquisition, and the expulsion. Ch. 10 (pp. 189-207), Antisionismo y sionismo: La necesidad del retorno, discusses the views of several historians on modern antisemitism in Europe and the rise of Zionism.
