The Pivot Robert J. Bliwise,2022-10-03 The COVID-19 pandemic presented higher education with an unprecedented challenge: How could institutions continue the basic work of teaching and research while maintaining safe environments for their faculty, staff, and students? In The Pivot, Robert J. Bliwise traces Duke University's response to the pandemic to show how higher education broadly met that challenge head-on. Bliwise interviews people across the campus: from bus drivers and vaccine researchers to student activists, dining hall managers, and professors in areas from English to ecology. He explores the shift to teaching online and the reshaping of research programs; how surveillance testing and reconfiguring residence halls and dining sites helped limit the virus spread on campus; the efforts to promote student well-being and to sustain extracurricular programs; and what the surge in COVID-19 cases meant for the university health system. Bliwise also shows how broad cultural conversations surrounding the 2020 presidential election, climate change, free speech on campus, and systemic racism unfolded in this changed campus environment. Although the pandemic put remarkable pressures on the campus community, Bliwise demonstrates that it ultimately reaffirmed the importance of the campus experience in all its richness and complexity.

Botswana Safari Guide Chris McIntyre, Susie McIntyre, 2024-11-08 This new, thoroughly updated sixth edition of Bradt's Botswana Safari Guide remains the only full-blown, standalone guide to one of Africa's most popular and rewarding safari destinations. This is the sole guide to focus on Botswana's key safari locations: the Okavango Delta, Chobe National Park and the Northern Kalahari. Botswana's wilderness is pristine, a virtue underpinned by governmental commitment to sustainable tourism. The Okavango Delta's permanent waters attract year-round wildlife, including all the 'big five'. Outside the Delta, this English-speaking country offers tremendous variety in landscapes, from the arid Kalahari to lush forests. Riverine areas harbour spectacular herds of elephants and buffalo, as well as mighty predator populations. Dusty savannahs attract hardier game such as oryx and springbok. On Makgadikgadi's great salt pans, zebras gather in huge congregations after rain. Birdwatching is brilliant throughout. Then there's Botswana's rich history, from the ancient rock paintings at the Tsodilo Hills to Stone Age arrowheads on the Makgadikgadi Pans. Bradt's Botswana Safari Guide offers detailed descriptions of many lodges, from traditional tented camps to those offering five-star luxury and top-class cuisine, plus detail on what animals occur where, enabling you to select the optimum approach. With this book's comprehensive GPS co-ordinates and detailed maps, independent travellers can drive themselves around. But perhaps you prefer bespoke mobile safaris with a private guide? Either way, take a night drive to see creatures of the dark: genets and hunting leopards. For a different feel, explore rivers on gentle motorboat cruises, including on multi-day trips, or get closer to the water in a traditional mokoro (dug-out canoe), with a poler escorting you along shallow waterways. Or seek out a specialist walking camp for the excitement of bush walks - when meerkats might even pose atop your head for a great lookout. And why not use this book's advice to book-end trips by visiting Livingstone (Zambia) and the Victoria Falls? Written and updated by Chris and Susie McIntyre, experts on all things Africa, Bradt's Botswana Safari Guide is the definitive companion to discovering this thrilling destination.

Homesteading and Stump Farming on the West Coast 1880-1930 Barbara Ann Lambert, 2015 Imagine obtaining one hundred and sixty acres of land for FREE! Then comes the real payment: the sweat and toil of living in a remote wilderness and clearing a landscape where the stumps left behind are so large and so numerous the best bet is to use dynamite to remove them. Beginning in 1859 such homesteading typified the arrival of white settlers in British Columbia. The Land Act set out rules by which British subjects could, for agricultural purposes only, pre-empt land. Along the Upper Sunshine Coast, of those who took up the challenge, only some succeeded in carving a life out of this wild land, while many failed. Through prodigious research and the careful cultivation of interviews, Barbara Ann Lambert tells the stories of those resourceful arrivals. Employing the day journals of homesteaders and interviews with their descendants, Lambert conveys the rich history of the Sunshine Coast. From Saltery Bay to Lund, she evokes the struggles and triumphs of those who once lived in this place Lambert calls "paradise".
