Verónica P. Granado

El Español Neutro Alejandro Guevara, 2013-10-09 Este es el primer estudio documentado con audio y video sobre el español neutro y su realización práctica, incluyendo la norma sonora. Es un manual indispensable para los estudiosos del español y para quienes quieran aprender a realizarlo. Una herramienta que describe sus características léxicas y semánticas, la realización de los fonemas, las melodías significantes, su filosofía y su aplicación en diferentes ámbitos como la televisión internacional en español, el doblaje de fílmicos y audiovisuales, el habla espontánea y el uso en servicios de atención telefónica (call centers). Alejandro Guevara describe el modo de realizar el español del territorio virtual, en constante expansión, desde su lugar de teórico, pero también desde su condición de actor, entrenador y director para compañías de toda América y Europa.

En Espanol!, 2003

The child in Spanish cinema Sarah Wright, 2015-11-01 In this, the first full-length treatment of the child in Spanish cinema, Sarah Wright explores the ways that the cinematic child comes to represent 'prosthetic memory'. The central theme of the child and the monster is used to examine the relationship of the self to the past, and to cinema. Concentrating on films from the 1950s to the present day, the book explores religious films, musicals, 'art-house horror', science-fiction, social realism and fantasy. It includes reference to Erice's *The Spirit of The Beehive*, del Toro's *Pan's Labyrinth*, Mañas's *El Bola* and the *Marisol* films. The book also draws on a century of filmmaking in Spain and intersects with recent revelations concerning the horrors of the Spanish past. The child is a potent motif for the loss of historical memory and for its recuperation through cinema. This book is suitable for scholars and undergraduates working in the areas of Spanish cinema, Spanish cultural studies and cinema studies.

El español hablado en Guadalajara Patricia Córdova Abundis, Daniel Barragán Trejo, 2021-11-30 A cinco años de haber iniciado el proyecto del Corpus sociolingüístico del habla de Guadalajara, hemos concluido la transcripción y terceras revisiones de las 72 grabaciones representativas de hombres y mujeres de tres niveles de instrucción y de tres grupos generacionales, según la metodología del Proyecto de Estudios Sociolingüísticos del Español de España y de América (PRESEEA), coordinado por Francisco Moreno Fernández, con el apoyo de Ana María Cesteros Mancera en la coordinación

técnica. El presente volumen se compone de cinco partes. En la primera, «El estudio del habla de Guadalajara. Antecedentes», abordamos los corpus sobre el habla de la ciudad que han antecedido al presente. Previo al puntual recorrido sobre los diversos ejercicios para capturar el habla de nuestra ciudad, nos hemos concedido una licencia histórica al presentar una viñeta sobre el sentido y el gozo de retratar el entorno cultural de Guadalajara con «verdad y belleza». En la segunda parte, «PRESEEA-Guadalajara», hacemos referencia a algunas particularidades de la metodología PRESEEA con que se realizó el presente trabajo. Le siguen datos demográficos que ya habíamos presentado en Viven para contarla: el habla de Guadalajara (2018), aunque actualizados con el censo realizado en el año 2020 por el Instituto Nacional de Estadística y Geografía. En la tercera, cuarta y quinta parte, se desglosan los tres grupos de hablantes.

Cine español de los 90 Francisco María Benavent, 2000

Bibliografía española, 2004-06

The Translation of Realia and Irrealia in Game Localization Silvia Pettini, 2021-09-19 This book explores the impact of a video game's degree of realism or fictionality on its linguistic dimensions, investigating the challenges and strategies for translating realia and irrealia, the interface of the real world and the game world where culture-specificity manifests itself. The volume outlines the key elements in the translation of video games, such as textual non-linearity, multitextuality, and playability, and introduces the theoretical framework used to determine a game's respective degree of realism or fictionality. Pettini applies an interdisciplinary approach drawing on video game research and Descriptive Translation Studies to the linguistic and translational analysis of in-game dialogs in English-Italian and English-Spanish language pairs from a corpus of three war video games. This approach allows for an in-depth look at the localization challenges posed by the varying degree of realism and fictionality across video games and the different strategies translators employ in response to these challenges. A final chapter offers a comparative analysis of the three games and subsequently avenues for further research on the role of culture-specificity in game localization. This book is key reading for students and scholars interested in game localization, audiovisual translation studies, and video game research.

Cinemanía, 2002

Análisis fílmico del cine español Miguel Ángel Huerta Floriano, 2006

20 años de Goyas al cine español Verónica P. Granado, 2006

Medialogies David R. Castillo, William Egginton, 2017-01-01 We are living in a time of inflationary media. While technological change has periodically altered and advanced the ways humans process and transmit knowledge, for the last 100 years the media with which we produce, transmit, and record ideas have multiplied in kind, speed, and power. Saturation in media is provoking a crisis in how we perceive and understand reality. Media become inflationary when the scope of their representation of the world outgrows the confines of their culture's prior grasp of reality. We call the resulting

concept of reality that emerges the culture's medialogy. Medialogies offers a highly innovative approach to the contemporary construction of reality in cultural, political, and economic domains. Castillo and Egginton, both luminary scholars, combine a very accessible style with profound theoretical analysis, relying not only on works of philosophy and political theory but also on novels, Hollywood films, and mass media phenomena. The book invites us to reconsider the way reality is constructed, and how truth, sovereignty, agency, and authority are understood from the everyday, philosophical, and political points of view. A powerful analysis of actuality, with its roots in early modernity, this work is crucial to understanding reality in the information age.

La Bundesliga Graham Hunter, Peter Jenson, 2025-05-10 Bienvenidos al corazón de la Bundesliga, un recorrido único por los momentos, personajes y clubes que han definido una de las ligas más emblemáticas del mundo. Este libro no es una simple crónica deportiva: es una exploración de historias humanas, hazañas únicas y tradiciones que han dado forma al juego que conocemos hoy. Nos sumergimos en la grandeza y controversias del Bayern Múnich, conocido como el FC Hollywood, en el heroico resurgimiento del Borussia Dortmund bajo la dirección de Jürgen Klopp, en un muro de 25.000 aficionados que convierte al Signal Iduna Park en el epicentro de la pasión futbolera o en la historia del St. Pauli, un club que lucha contra el conformismo con su espíritu rebelde y punk. El alma de los clubes y las figuras que han dejado una huella imborrable las tienes en estas páginas. La Bundesliga también ha sido escenario de tragedias y redenciones, como el ataque al autobús del Dortmund en 2017 o el ascenso milagroso del Union Berlin, donde los aficionados literalmente sangraron por su club. Acompaña a leyendas como Franz Beckenbauer y Lothar Matthäus, y maravíllate equipos como Bayer Leverkusen, también conocido como Neverkusen por su perpetua lucha contra la mala fortuna... hasta la llegada de un tal Xabi Alonso. Este libro también aborda los momentos que trascienden el deporte: el impacto de Pep Guardiola en la mentalidad táctica alemana, la valentía de Thomas Hitzlsperger al declarar su homosexualidad o la tragedia de figuras como Robert Enke, que nos recuerdan la importancia de hablar sobre la salud mental.

Reflexiones sobre la traducción audiovisual Juan José Martínez Sierra, 2016-11-30 La traducción audiovisual existe como actividad casi desde que el cine iniciara su andadura, si bien no podemos decir lo mismo de su estudio académico, cuyo origen es bastante más reciente. En este libro se dan de la mano el pasado, el presente y el futuro de esta actividad visitando y reflexionando sobre cada periodo. Un selecto grupo de académicos y profesionales de la traducción audiovisual de nuestro país es el encargado de plasmar la situación de la traducción audiovisual en España en los últimos 20 años que recoge el volumen. Se trata pues, de una obra reflexiva y hasta personal, novedosa, en la que las opiniones, pensamientos y vivencias de sus autores llenan libremente sus páginas, y en la que además el mundo académico y el profesional se unen para hablar de doblaje, voces superpuestas, subtitulación, accesibilidad y localización de videojuegos.

Historia(s), teorías y cine, 2008 HISTORIA(S), TEORÍAS Y CINE es una recopilación de las entrevistas que aparecieron

publicadas en la revista de investigación FILM-HISTORIA durante la última década del siglo XX y principio del nuevo milenio...Se trata de siete reconocidos teóricos del Séptimo Arte -extranjeros y españoles- y 16 directores de cine; historiadores y cineastas de prestigio que se asomaron en estos años a las páginas de esta publicación especializada...En este libro se habla de las más diversas historias del mundo contemporáneo, así como de las teorías que analizan el fenómeno fílmico: desde los norteamericanos Dudley Andrew, Eileen Bowser y Robert Rosenstone, pasando por los franceses Pierre Sorlin y Henri Agel, hasta realizadores europeos tan relevantes como Ken Loach, Bertrand Tavernier, Carlos Saura y José Luis Guerín, sin olvidarnos la presencia de los hoy fallecidos Fred Zinnemann, José Luis Sáenz de Heredia y Juan Antonio Bardem. ..Una obra heterogénea, que sintetiza valiosos testimonios sobre las relaciones entre Historia y Cine, tema al que el Centre d'Investigacions Film-Història de la Universitat de Barcelona ha dedicado su tarea académica desde hace 25 años.

De Perlas Angela Labarca, Elmer A. Rodríguez, Olga Lucía G. González, 1997-07-23 This book focuses on content-based, interactive communication for the reader with some Spanish skills. Its practical approach focuses on five functional themes: career, environment, nutrition, social relationships, and money. The book uses a highly interactive/communicative approach to present complete grammar functionally.

Coast to Coast Fernando Mahía, 2022-09-14 El 17 de mayo de 2019, Fernando Mahía se embarcó, con una vieja furgoneta Dodge Grand Caravan del 2001, en un largo viaje por Estados Unidos. El hilo conductor era sencillo: entender la idiosincrasia estadounidense a través del baloncesto. «Los Estados Unidos son un concepto complejo, poliédrico. Una realidad mestiza, pese a lo que se clama desde dentro y fuera de sus fronteras. Y pocas de sus expresiones autóctonas han mimetizado tanto ese carácter multicolor como el baloncesto.» Entre notas de viaje, diálogos con personajes inolvidables, amenas lecciones de historia y visitas a lugares recónditos de la América olvidada y a algunas de las catedrales del baloncesto, el autor relata, con humor y mala leche, las peripecias de un viaje por carretera que arranca en Nueva York y discurre por Springfield (Massachusetts), el Rust Belt, el Medio Oeste, los Apalaches y el Sur profundo hasta llegar a la Costa Oeste. James Naismith, Holcombe Rucker, Luis Felipe López, Dorothy Gaters, Otis Redding, LeBron James, Ryneldi Becenti, Pete Maravich, Marc Gasol, Earl Mannigault, Stephon Marbury, Schuyler LaRue, Larry Bird o Jorge Gutiérrez son algunos de los protagonistas de unas maravillosas historias que descubren una nueva forma de contar el pasado y el presente de este apasionante país.

New York Magazine , 1994-08-08 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

Economía liberal para no economistas y no liberales Xavier Sala i Martín, 2010-07-15 Un libro de economía para no economistas. Un libro riguroso y a la vez entretenido y asequible. Convencido de las bondades de la economía liberal de mercado, Sala i Martín expone su pensamiento con el carácter divulgativo que caracteriza sus colaboraciones en los medios de comunicación. Xavier Sala i Martín, catedrático de economía por la Universidad de Columbia, es una de las máximas autoridades a nivel mundial en cuestiones de desarrollo y crecimiento económico. Su obra *Economic Growth* es el libro de texto sobre el tema más utilizado en el mundo. Entre los investigadores de este campo nacidos en el estado español, su nombre ha sido el más citado en las revistas especializadas internacionales durante la última década. Reseña: «Es sencillo, a veces muy divertido, y aclara, sin perder rigor, algunos puntos cruciales de la discusión entre antiglobalizadores y liberales.» Revista de Libros

Misterios de la sala oscura Fernanda Solórzano, 2017-11-17 El cine es a un tiempo la más joven de las artes y la que mayor influencia tiene actualmente sobre la ideología de nuestra sociedad. Ya desde el comienzo del siglo XX, Walter Benjamin reflexionaba sobre lo que supondría la masificación del arte que las nuevas técnicas de reproducción hicieron posible, y proponía que en un futuro -sin duda, el que vivimos hoy- las nuevas técnicas tenderían a la politización y ganarían un poder creciente sobre el destino de los pueblos. El filósofo alemán no vivió lo suficiente para comprobarlo por sí mismo, pero la evidencia de este hecho es patente: el cine no es sólo un reflejo del *zeitgeist* que lo produce, sino que puede influir él mismo en su momento histórico. *Misterios de la sala oscura* es una exploración razonada de la relación que tiene el cine con algunos acontecimientos clave en la historia de la humanidad, y específicamente, en la de Estados Unidos. Propone el análisis de diferentes películas, todas ellas caracterizadas por haber marcado un hito en la historia de la gran pantalla. En este libro, Fernanda Solórzano ofrece un análisis pormenorizado del contexto histórico de cada una y reflexiona, con los datos por delante, sobre el papel que tienen en el inconsciente colectivo. Algunas de las cintas que se discuten aquí son: *La naranja mecánica*, la cual sirve para ejemplificar la historia de la violencia tanto en el cine como en el Londres y las pandillas de Nueva York del siglo XIX; y *El último tango en París*, que si bien resulta conocida por la controversia que provocó, muy poco se sabe del debate feminista que originó en su época, entre otras.
