La capacitación a educadoras para la promoción de la alfabetización emergente en niños preescolares Lizbeth O. Vega Pérez, 2025-02-06 Este libro retoma diversos fundamentos teóricos y empíricos, e incluye el programa de capacitación y un manual multimedia destinados a que las educadoras potencien y compartan estrategias para la promoción de la alfabetización emergente en niños preescolares. Se retoma la aproximación de este tipo de alfabetización al desarrollo del lenguaje en los años preescolares, ya que esta alfabetización consiste en los conocimientos, conductas y habilidades de los niños, cuando aún no son alfabetizados convencionalmente. En esta aproximación se privilegia el papel de los niños al interactuar con adultos y pares en actividades cotidianas que llevan algún componente de lectura o escritura, y de manera muy importante la participación de padres y maestros al actuar como modelos y guías en el proceso de desarrollo de la alfabetización emergente.

(Actualizado a Likendin 2017) Luis Font, 2017-05-30 Internet ha cambiado radicalmente el mundo de los negocios y también ha cambiado el mundo de las ventas. Las formas en las que contactamos y nos comunicamos con nuestros clientes se han transformado, los clientes tienen ahora mucho más

conocimiento sobre los productos y servicios que compran y eso obliga a los profesionales de la venta a aportar mucho más valor durante el proceso. Social Selling consiste en crear relaciones productivas a mediano y largo plazo, valiéndonos de las redes sociales. Estas interacciones serán fundamentales para nuestro desarrollo profesional como profesionales de las ventas. Se trata simplemente de construir vínculos sólidos. En el libro explicamos de forma sencilla y paso a paso como tener un perfil sobresaliente en LinkedIn que nos destaque de la multitud, como compartir información relevante para nuestros clientes y como contactar con nuestros potenciales clientes de una forma productiva, pero a la vez cordial. El libro está orientado tanto a profesionales que conozcan LinkedIn, que se beneficiaran de muchos conocimientos ocultos que normalmente no se explican, y a profesionales que se están iniciando en esta red social donde tienen una guía que pueden seguir de forma práctica. En libro viene acompañado de un pack de recursos en internet que contiene vídeos formativos, plantillas modelo y está completamente actualizado a LinkedIn 2017.

Educación en sexualidad e igualdad. Discursos y estrategias para la formación de docentes y educadores sociales María Teresa Bejarano Franco, Rosa Marí Ytarte, 2019-03-21 Esta obra asume el compromiso de afrontar la formación de docentes y educadores sociales en igualdad y sexualidad desde planteamientos pedagógicos con perspectiva feminista. Algo necesario en la actualidad, ya que existe un déficit al respecto de las cuestiones que arbitran la igualdad y la sexualidad en los planes de estudio universitarios. La educación en todos sus ámbitos y contextos, y el sistema educativo tienen la responsabilidad y el “encargo social” de trabajar por el principio de igualdad, como un medio para realizar acciones de prevención sobre las violencias que se ejercen dentro y fuera del marco educativo. Pero la verdadera herramienta está en los futuros profesionales. No basta con vocación, sino que se hace imprescindible, formación científica basada en la igualdad de oportunidades y en la sexualidad integral, pero desde una perspectiva curricular e investigadora. Esta formación, asegura la detección de claves patriarcales, que hoy día aún siguen instaladas y arraigadas en los procesos de enseñanza y aprendizaje. La formación científica, podrá asegurar mejores condiciones de vida educativa y ciudadana. Esta obra, hace una contribución a dicha formación desde las aportaciones teórico-aplicadas mostradas en los capítulos compilados y en los que han contribuido profesionales desde distintos contextos, con experiencia acreditada en el desarrollo y aplicación del principio de igualdad en las aulas universitarias.

Antes de leer Judith Suro, 2019-11-18 Antes de leer está dirigido a docentes, responsables de escuelas, padres y madres de familia, psicólogos, pedagogos y logopedas, estudiantes de posgrado, así como a todos aquellos interesados en conocer los avances de investigaciones en torno a una etapa previa a la adquisición formal de la lectura, pero que sin lugar a duda es básica y fundamental para la adquisición de la lectura de comprensión de los niños. Este libro aspira a ser útil a distintos públicos. Aunque fue escrito como una unidad, los lectores podrían encontrar útil saber que se divide naturalmente en tres partes: la primera parte es teórica, la segunda empírica y la tercera práctica. De esa manera, distintos lectores podrán encontrar ciertas partes más relevantes que otras según sus varios intereses. La primera parte se dirige primordialmente a los estudiantes de posgrado, los profesores y los investigadores jóvenes, quienes encontrarán allí una introducción a los modelos y discusiones teóricas más relevantes en torno a la alfabetización temprana. La segunda parte contiene resultados de investigaciones empíricas y datos comparativos de América Latina, los cuales permitirán a las autoridades educativas, a los inspectores y en general a los profesionales de la educación tomar mejores decisiones, con base en las experiencias de otros países. La tercera parte fue escrita pensando en quienes trabajan directamente en las aulas y contiene los instrumentos de evaluación para el alumnado hispanohablante de entre 3 y 6 años; de gran utilidad para los logopedas, psicólogos y maestros de educación especial. Incluye actividades para favorecer el desarrollo de las habilidades que se necesitan antes de leer y algunos de los programas para padres y madres de familia que han resultado exitosos.

elaborados por profesores investigadores adscritos a instituciones de educación superior públicas en diferentes áreas del conocimiento, quienes comparten lo realizado en su labor docente. Es importante señalar que los textos que aquí aparecen muestran diversas formas de asumir la práctica docente, ya sea desde lo conceptual, lo teórico, lo metodológico, la evaluación o la sistematización de la propia experiencia educativa, teniendo todos ellos un denominador común: la actividad realizada dentro del aula. The Routledge International Handbook of Early Childhood Play Tina Bruce, Pentti Hakkarainen, Milda Bredikyte, 2017-06-14 Historical changes in play are taking place in childhood all over the world, with the digitalisation of children's lives. Researchers are worried about the disappearance of advanced forms of play and the prioritization of time spent with loving adults, supporting play with babies and toddlers. At the same time, our understanding about the crucial importance of individual development is becoming clearer. The Routledge International Handbook of Early Childhood Play explores these issues and more. It proposes the importance of adult participation in play, as adult guidance brings the possibility of moral, cultural and symbolic elements to children's play, and enhances the educational opportunities in adult-child joint play. The book also examines the aesthetic dimension of play and its role in the development of imagination and creativity. With contributors from many parts of the world, this unique handbook brings together the latest research and highlights practice which focuses on play. This is an essential and engaging read for all students, academics, teachers and practitioners with an interest in play.

Educación canina y formación específica del guía y del perro para búsqueda de personas desaparecidas Hidalgo Martínez, Juan,Pujazón Trisac, David,Gutiérrez San Martín, Tamara,Sánchez Sánchez, Antonio David,2017-01-01 La motivación principal para los autores de esta obra ha sido la creación de un manual específico para la formación de unidades caninas estables y con los conocimientos claros en cuanto a la labor de la búsqueda de personas desaparecidas. El conjunto de la unidad canina de rescate no solo se limita a la preparación del perro como máquina de búsqueda, sino a su correcta educación, socialización, o lo que es lo mismo, a la preparación de la estructura psicológica necesaria para nuestro binomio de trabajo, creando en la formación del mismo un vínculo afectivo, anexando la relación entre compañeros (guía y perro) de trabajo. Inevitablemente, la formación del guía en la zona de búsqueda necesita de unos conocimientos para su movilidad, y es en este preciso momento cuando entran en juego las bases en topografía, sanidad, transmisiones, etc. Este manual de educación canina y formación específica del guía es, en su totalidad, una respuesta inmediata ante la necesidad de una nueva relación entre el perro funcional y el guía en el ámbito de la búsqueda de desaparecidos.

100 Anos da Revolução Russa Anderson Deo,Francieli Martins Batista,2020-04-20 Mais de cem anos depois de seu estalido, e sob as condições atuais de um neoliberalismo predatório e de ofensiva conservadora na América Latina, a Revolução Russa continua viva como fonte de inspirações, para a ação e à reflexão orientadas na direção da conquista da emancipação humana. As análises sem concessões de suas conquistas, suas limitações e seus erros seguem sendo condições indispensáveis para todo projeto que busque pensar a transformação social em sentido revolucionário. Os capítulos que integram este livro indagam diversas dimensões do grande acontecimento e suas derivações históricas: o papel das mulheres

durante a insurreição, os avanços e retrocesos da causa feminista na primeira década da URSS; o apogeu e a crise dos soviets e os dilemas da democracia socialista; o desenvolvimento econômico durante os dez anos posteriores a tomada do poder, bem como, suas vinculações com as lutas políticas no seio do Partido Bolchevique; os experimentos estéticos e as tentativas de construção de uma nova subjetividade; as razões profundas da crise e derrocada da União Soviética. Com profundidade teórica e crítica e com compromisso ético e político sérios, as contribuições do presente livro são estímulos valiosos para repensar o passado e o presente das lutas emancipatórias.
