Historical Dictionary of Prophets in Islam and Judaism Scott B. Noegel, Brannon M. Wheeler, 2002-09-26 Both traditions recognize and draw theological and historical lessons from some of the same narrative sources, but this is the first comparative resource to provide interdisciplinary coverage of the history and textual sources associated with prophets and prophecy. This thorough treatment of a difficult and increasingly controversial subject area will encourage and cultivate knowledge and understanding. Entries are drawn from five main fields: 1. Ancient Near Eastern Studies 2. Bible and Biblical Studies 3. Judaism and Jewish Studies 4. The Quran and Quranic Studies 5. Islam and Islamic Studies Noegel and Wheeler treat each entry as a compilation of relevant data culled from these different traditions in order to take the reader beyond the expected parameters of research. Originally envisioned as an initial resource for students of comparative religion, the extensive chronology, bibliography, list of acronyms, and the overall accessibility of the passages make the Dictionary suitable for a much wider audience.

The Brotherhood in Islam, Message to the Jews, Christians and Muslims Ahmed Shendy Yousef, 2011

From Islam to Christianity: Muhammad in the Bible Facts Or Fiction Abdullahi A, 2008-06-26 This book is designed to meet the daily challenges that most believers face when interacting with Muslims or Non-Christians in schools, offices, market places and other arenas of life. The purpose is not to ridicule any religious sect but to further tell the whole world that the Lord and Saviour Jesus Christ is more than just who some people think he is. (Matt 28:19-20) The book is structured in such a way that everyone can use it with ease. The Biblical verses are ordered so that anyone who desires to carry out the Great Commission can follow the verses step by step to lead a person to Christ. The Qur'anic verses are provided as tools for you to use when carrying out your evangelism to the Muslims. Many people have asked me questions on these areas knowing that I was once a Muslim so verses from both have been provided. I believe the details contained in this book will stir-up the hearts of many folks who lay their hands on it. God bless you richly

Islam compiled from Wikipedia entries and published by Dr Googelberg,

Islam Cenap Çakmak,2017-05-18 This expansive four-volume encyclopedia presents a broad introduction to Islam that enables learning about the fundamental role of Islam in world history and promotes greater respect for cultural diversity. One of the most popular and widespread religions in the world, Islam has attracted a great deal of attention in recent times, particularly in the Western world. With the ongoing tensions in the Middle East and a pervasive sense of hostility toward Arab Americans, there is ever increasing need to examine and understand Islam as a religion and historical force. Islam: A Worldwide Encyclopedia provides some 700 entries on Islam written by expert contributors that cover the religion from the birth of Islam to the present time. The set also includes 16 pages of color images per volume that serve to illustrate the diverse expressions of this important religious tradition. Each entry begins with a basic introduction, followed by a general discussion of the subject and a conclusion. Each entry also features a further readings list for readers. In addition to supplying a comprehensive, authoritative overview of Islam, this work also specifically addresses many controversial related issues, including jihad, violence in Islam, polygamy, and apostasy.

What Everyone Needs to Know about Islam John L. Esposito,2011-07-13 In the aftermath of September 11, there has been an overwhelming demand for information about Islam, the faith in the name of which the hijackings were perpetrated.

The Intertwined Conflict Najebah Marafi, 2012-09-29 This book looks into the different aspects of Islam and culture, and how culture rather than Islam is affecting Muslims, today. It will examine the conflict between Islamic values, and social and culture ones. How Islam has always been seen as a religion of oppression and terrorism through the Western eyes, this book will illustrate the factors which created those stereotypes and impression about it. The book, frankly explores the events and life in the Islamic world, Kuwaiti society and the wrongdoings of Muslims. It also finds out how Muslims are influenced by the surrounding circumstance and the folklore of their ancestors whether living amongst their compatriots or expatriates. The book refers to some practices of Muslims briefly by extracting religious texts: The Quran, The Sunnah, and the Sharia, and explaining the misconception of those referred texts by fanatics and very conservative Muslims. The book compiled information and references about different Islamic topics such as social relationships, jurisprudence, and Islam and the modern world. It also explores how Islam is compatible with the past, present and future. The Intertwined Conflict: The reason I chose this title for my book The Intertwined Conflict is because of the conflict most of Arab countries have when it comes to culture, tradition and religion. Everything is embedded with Islam when it has nothing to do with it. It's all about making Islam seem to be the problem when it's all about culture, tradition and the wrong doings of the real means of Islam. People take Islam as an excuse to cover up what they believe in and what they think is right so they relate it to Islam. Fanatics mostly misunderstand Islam, the Quran and the Sunnah and tend to decipher things according to their preference. Matrimony and divorce vs. Islam: Marriage is the most complicated issue which is affected by traditions of the country in where one lives. Different countries have different interpretations of Islam and marriage. Different tribes, ethnic groups and races in a country have different interpretations of marriage. In terms of marriage, In Islam, the conjugal right is as much a woman's right as it is a man's right because one of the purposes of marriage is to protect the chastity of both men and women. This right is also based on the fact that if a woman does not have the right to sexual intercourse, it would not have been mandatory in Islamic law for both spouses to insure the maximum possible self-fulfillment for each other. Racism and Islam: Racism in Islam is forbidden and in the sight of Allah no man is superior to another by color, race, class or ethnicity. Indeed, all human beings are equal to Allah and what distinguishes them from another is their good deeds, religious commitments, good manners and following and obeying the Quran and the Sunnah. Equality is one part of the targets of Islam and one of its fundamental bricks. Equality is embedded in most of the Islamic manners and rules. Women, their role and Property Owning: Women in Islam have the full right to own property and possessions, money in whatever manner they prefer. They do not

transfer their possessions to their husbands once they get married. They get to keep their money and belongings, and the husband still has to pay for her trivial expenses, such as the household, her children and whatever she needs as a woman, not extravagantly but fairly. Islam and Neighborhood: Neighborhood is one of the important things that Islam exhorted us to pay attention to. It is one of the things that we should not neglect. Taking care of your neighbor urges peace, love and tolerance. Not only Islam exhorts it, but also Prophet Mohammed (pbuh) he was a good example to all of us Muslims in all matters and this matter too

Unveiling the True Identity of Jesus Christ The Sincere Seeker Collection, 2022-02-23 While Islamic theology differs from Christianity's, Muslims and Christians hold Jesus Christ in high esteem. He is a central figure in both religions, loved, admired, respected, and revered. Both Muslims and Christians believe in Jesus' virgin birth, ability to perform miracles and return at the end of time. However, both religions differ in Christ's nature and life occurrences. While Christians accept Jesus Christ as the divine Son of God, Muslims take him as a human and one of God's mighty noble Messengers sent to relay God's Message to his people, just as many past Prophets did. This book encourages Christians and non-Muslims alike to cross-examine what the Bible and Jesus Christ state about God, His message to humanity, the nature of Jesus Christ, and related concepts. If done sincerely, one should conclude that neither Jesus Christ nor the Bible teaches what the Church teaches today. One concludes that Jesus Christ and the Bible never mention Jesus Christ as the Son of God, part of the Trinity, nor did they teach the concepts of crucifixion, redemption, or permission to abandon the law of the Prophet Moses PBUH. Many well-intentioned Christians follow modern Christianity, a corrupted version of the teachings of Jesus Christ - those he never preached nor taught. This book provides irrefutable proof from the Bible and common logic that Allah is our Creator, and Jesus Christ was a Muslim and human Prophet sent to the nation before us, the Children of Israel. It provides irrefutable evidence from the Bible that the Revelation of Jesus Christ was tampered with by humans after his departure and that the Bible we read today is not the inspired Word of God. One must use their God-given gift of intellect and logic to investigate, ponder, and reflect without allowing their emotions and cultural biases to cloud their judgment, blindly following their Church. To my dear Christian, you must research and know the reality of Jesus Christ and his message so you may be guided to God, enter Paradise eternally, and avoid the ultimate punishment. Topics in the book include: Understanding the Concept of God Sending Messengers to Relay His Message Basic Understanding of the Similarities and Differences Between Islam, Christianity, & Judaism Who is Allah? Whom Are Jesus Christ and Mary PBUT? Whom Was Jesus Christ Sent to Address? What Was His Mission? Did He Come with a New Law as Christians Claim? Is Jesus God, Son of God, or Prophet of God? What does the Bible Say? Trinity Crucial Differences Between God & Jesus Christ Who is the Author of the Bible? Does the Bible Contain Errors & Contradictions? Pornography, Incest, & Immorality in the Bible Is Jesus Christ God Because He was Born With no Father? Christians Claim Jesus Christ is Divine, and his Ability to Perform Miracles is Proof The Bible Labels

Why Ask Questions About Islam?: Answers Christians Need to Understand Gordon Kainer, 2016-07-11 Across the world, Islam appears in eye-catching headlines. We may be aware of what is happening but often we don't understand why. Most Christians have unanswered questions about Islam, don't we? Do Muslims and Christians worship the same God? Does it matter whether one is a Muslim or a Christian? How does Islam view love, sin, salvation, and forgiveness? Is a Muslim's view of Jesus different than a Christian's? What does Bible prophecy say about Islam? How best should a Christian witness to a Muslim? This book answers over 100 questions Christians ask about Islam, and in so doing, reveals Islam's greatest need: a saving faith in the gospel of Jesus Christ. It is the author's hope that this book provides you with a highly informative perspective as Islam is thoughtfully studied and evaluated within the framework of a biblical worldview.

The Evolution of Religions Lance Grande, 2024-02-13 Thousands of religions have adherents today, and countless more have existed throughout history. What accounts for this astonishing diversity? This extraordinarily ambitious and comprehensive book demonstrates how evolutionary systematics and philosophy can yield new insight into the development of organized religion. Lance Grande—a leading evolutionary systematist—examines the growth and diversification of hundreds of religions over time, highlighting their historical interrelationships. Combining evolutionary theory with a wealth of cultural records, he explores the formation, extinction, and diversification of different world religions, including the many branches of Asian cyclicism, polytheism, and monotheism. Grande deploys an illuminating graphic system of evolutionary trees to illustrate historical interrelationships among the world's major religious traditions, rejecting colonialist and hierarchical "ladder of progress" views of evolution. Extensive and informative illustrations clearly and vividly indicate complex historical developments and help readers grasp the breadth of interconnections across eras and cultures. The Evolution of Religions marshals compelling evidence, starting far back in time, that all major belief systems are related, despite the many conflicts that have taken place among them. By emphasizing these broad historical interconnections, this book promotes the need for greater tolerance and deeper, unbiased understanding of cultural diversity. Such traits may be necessary for the future survival of humanity.
