

I 3 Filosofi Giorgione

Simona Cohen

Giorgione's Tempest Salvatore Settis, 1994-06 The Tempest is Giorgione's most enigmatic painting. It is a depiction of Giorgione's own family, of the family of man tale from Boccaccio, or of the myth of Apollo's birth? In this remarkable study, Salvatore Settis uses the mystery of the painting to shed light on the relationship between artist, patron, work, and critic. The result is a brilliant piece of detective work in the history and sociology of culture that stresses the function of Giorgione's art for the emerging, classically educated connoisseur elite of sixteenth-century Venice.

Atti e memorie della Società istriana di archeologia e storia patria, 1913

Transformations of Time and Temporality in Medieval and Renaissance Art Simona Cohen, 2014-03-10 Although studies of specific time concepts, expressed in Renaissance philosophy and literature, have not been lacking, few art-historians have endeavored to meet the challenge in the visual arts. This book presents a multifaceted picture of the dynamic concepts of time and temporality in medieval and Renaissance art, adopted in speculative, ecclesiastical, socio-political, propagandist, moralistic, and poetic contexts. It has been assumed that time was conceived in a different way by those living in the Renaissance as compared to their medieval predecessors. Changing perceptions of time, an increasingly secular approach, the sense of self-determination rooted in the practical use and control of time, and the perception of time as a threat to human existence and achievements are demonstrated through artistic media. Chapters dealing with time in classical and medieval philosophy and art are followed by studies that focus on innovative aspects of Renaissance iconography.

Almorò Barbaro Arnaldo Ferriguto, 1919

Bellini, Giorgione, Titian, and the Renaissance of Venetian Painting David Alan Brown, Sylvia Ferino-Pagden, Jaynie Anderson, Deborah Howard, Kunsthistorisches Museum (Vienne), National Gallery of Art (U.S.), Kunsthistorisches Museum (Wenen), 2006-01-01 Presents a survey of sixty Venetian Renaissance paintings of the calibre of Bellini and Titian's Feast of the Gods in Washington and Giorgione's Laura and Three Philosophers in Vienna.

History and Art History Nicholas Chare, Mitchell B. Frank, 2020-11-29 Through a series of cross-disciplinary and interdisciplinary interventions, leading international scholars of history and art history explore ways in which the study of images enhances knowledge of the past and informs our understanding of the present. Spanning a diverse range of time periods and places, the contributions cumulatively showcase ways in which ongoing dialogue between history and art history

raises important aesthetic, ethical and political questions for the disciplines. The volume fosters a methodological awareness that enriches exchanges across these distinct fields of knowledge. This innovative book will be of interest to scholars in art history, cultural studies, history, visual culture and historiography.

Picturing Experience in the Early Printed Book Elizabeth Ross,2015-06-10 Bernhard von Breydenbach's *Peregrinatio in terram sanctam* (Journey to the Holy Land), first published in 1486, is one of the seminal books of early printing and is especially renowned for the originality of its woodcuts. In *Picturing Experience in the Early Printed Book*, Elizabeth Ross considers the *Peregrinatio* from a variety of perspectives to explain its value for the cultural history of the period. Breydenbach, a high-ranking cleric in Mainz, recruited the painter Erhard Reuwich of Utrecht for a religious and artistic adventure in a political hot spot—a pilgrimage to research the peoples, places, plants, and animals of the Levant. The book they published after their return ambitiously engaged with the potential of the new print medium to give an account of their experience. The *Peregrinatio* also aspired to rouse readers to a new crusade against Islam by depicting a contest in the Mediterranean between the Christian bastion of the city of Venice and the region's Muslim empires. This crusading rhetoric fit neatly with the state of the printing industry in Mainz, which largely subsisted as a tool for bishops' consolidation of authority, including selling the pope's plans to combat the Ottoman Empire. Taking an artist on such an enterprise was unprecedented. Reuwich set a new benchmark for technical achievement with his woodcuts, notably a panorama of Venice that folds out to 1.62 meters in length and a foldout map that stretches from Damascus to Sudan around the first topographically accurate view of Jerusalem. The conception and execution of the *Peregrinatio* show how and why early printed books constructed new means of visual representation from existing ones—and how the form of a printed book emerged out of the interaction of eyewitness experience and medieval scholarship, real travel and spiritual pilgrimage, curiosity and fixed belief, texts and images.

Intorno ai "Tre filosofi" di Giorgione André Pigler,1936

A History of Painting in North Italy, Venice, Padua, Vicenza, Verona, Ferrara, Milan, Friuli, Brescia Joseph Archer Crowe, Giovanni Battista Cavalcaselle, 1912

Venice: Lion City Garry Wills, 2013-05-28 Garry Wills's Venice: Lion City is a tour de force -- a rich, colorful, and provocative history of the world's most fascinating city in the fifteenth and sixteenth centuries, when it was at the peak of its glory. This was not the city of decadence, carnival, and nostalgia familiar to us from later centuries. It was a ruthless imperial city, with a shrewd commercial base, like ancient Athens, which it resembled in its combination of art and sea empire. Venice: Lion City presents a new way of relating the history of the city through its art and, in turn, illuminates the art through the city's history. It is illustrated with more than 130 works of art, 30 in full color. Garry Wills gives us a unique view of Venice's rulers, merchants, clerics, laborers, its Jews, and its women as they created a city that is the greatest art museum in the world, a city whose allure remains undiminished after centuries. Like Simon Schama's *The Embarrassment of Riches*, on the Dutch culture in the Golden Age, Venice: Lion City will take its place as a classic work of history and criticism.

La verità celata Sergio Alcamo, 2019-02-26T00:00:00+01:00 La Tempesta di Giorgione ha sempre rappresentato un mistero: pur essendo uno dei quadri più noti del Rinascimento, celebrato come esempio della maestria della scuola veneziana, vivisezionato in ogni dettaglio, questo dipinto mantiene intatto il suo segreto. Chi sono le figure in primo piano e a cosa alludono? Quale relazione intercorre con lo sfondo e il cielo in tempesta? Anche se in tanti hanno provato a rispondere a questi interrogativi, una delle letture più suggestive è quella di Salvatore Settis, il quale, grazie a una felice intuizione, suppose nel 1978 che i due giovani del quadro fossero Adamo ed Eva dopo la cacciata dal Paradiso terrestre. Quell'ipotesi ora si arricchisce, attraverso un'«indagine sottile e pazientissima», come la descrive lo stesso Settis nella Prefazione al volume, di «tasselli e nuove diramazioni interpretative». Prendendo le mosse dalla scoperta di un dettaglio inedito, abilmente mimetizzato nella tela, e grazie a un capillare confronto con opere affini - riprodotte in un ricco corredo iconografico -, il dipinto acquista un significato più ampio e si colloca in un preciso contesto, che si configura come una vera e propria fucina dell'arte moderna: la chiesa dei Servi di Maria a Venezia, frequentata da studiosi, filosofi, collezionisti e mecenati, tra cui Gabriele Vendramin, il committente dell'opera. Il risultato è una migliore definizione del contenuto dell'enigmatico quadro, riletto in chiave biblica e calato in un'età e in un ambiente gravido di fermenti culturali e inquietudini religiose e politiche, sospeso tra Umanesimo e Riforma cattolica.

The Meaning of the Mark David Rosand, 1988

Dialettiche del rinascimento Gianluca Cuzzo, Thomas Leinkauf, 2021-07-29T00:00:00+02:00 Che Cusano sia uno

snodo centrale nella tradizione umanistico-rinascimentale è uno dei temi portanti di questo volume, nato da un fecondo scambio intellettuale tra i due autori. Thomas Leinkauf, tra i massimi esperti al mondo della filosofia tra Cinque e Seicento, e Gianluca Cuzzo, autore di numerosi contributi su Cusano e l'arte del tempo, approfondiscono questo snodo teorico e storiografico puntando l'attenzione su alcuni concetti chiave del pensiero del Cardinale tedesco: quello della mente umana (sullo sfondo della Triunitas divina e delle congetture ternarie che ne conseguono dal punto di vista delle esplicazioni congetturali del nostro intelletto ad Dei imaginem), quello della natura (come esplicazione dinamica e variegata del divinum posse), quello della spontaneità e creatività dell'immaginazione (sul cui sfondo si colloca il rapporto di Cusano con la pittura dell'epoca), il rapporto a distanza tra lo stesso Cusano e autori come Ficino, Giovanni Pico e Leonardo da Vinci. Ne emerge un ritratto dell'autore tanto suggestivo quanto innovativo, che non deve essere tuttavia assunto come la conclusione di un percorso. Esso, semmai, risulta un innovativo punto di partenza per ulteriori approfondimenti critici, avendo esso a che fare con un tratto di storia del pensiero molto denso e caratterizzato da un intrico di rapporti pressoché inestricabile. Quest'approccio, sulla scorta di Ficino, potrebbe essere definito una "docta storiografia filosofica", che sfida gli autori sul piano del loro stesso pensiero: in bilico tra il metodo induttivo proprio delle detection stories e la più collaudata storia delle idee.

Delve into the emotional tapestry woven by Crafted by in Experience **I 3 Filosofi Giorgione** .
